WARRANT FOR SPECIAL TOWN MEETING

COMMONWEALTH OF MASSACHUSETTS
NORFOLK, ss.

To the Constables of the Town of Weymouth, in said County of Norfolk, GREETING:

In the name of the Commonwealth of Massachusetts you are hereby required to notify and warn the inhabitants of Weymouth aforesaid qualified to vote in town affairs to meet at the Hall of the Weymouth High School on Thursday, February 7, 1929 at seven o'clock and forty-five minutes in the evening then and there to act upon the following articles, namely:

Art. 1. To see what sum of money the Town will vote to raise and appropriate for the building and equipment of a Fire Station in Ward 3 and to determine by vote the manner in which the funds for said purpose shall be raised and the terms and conditions of any loans necessary to procure such funds and to authorize the issue of bonds or notes for the same and to fix the term and rate of interest on such bonds or notes, or take any other action in relation thereto.

Art. 2. To see if the Town will accept the report of the Selectmen on widening of Commercial street adjacent land of Harry Maltzman and Isaac Rovner and to acquire by purchase or take by right of eminent domain the necessary land therefor as shown on a plan made by Russell H. Whiting, Civil Engineer, and to see what sum of money the Town will vote to raise and appropriate for this purpose or to take any other action in relation thereto.

You are directed to serve this warrant by posting a copy thereof, attested by you in writing, in each of two public places in each voting precinct in said Town, seven days at least before the time for holding said meeting called for in this warrant.

Hereof fail not, make due return of this warrant with your doings thereon to the Town Clerk of said Town, on or before the 2nd day of February, 1929.

Given under our hands at Weymouth this twenty-eighth day of January, in the year of our Lord nineteen hundred and twenty-nine.

H. FRANKLIN PERRY
WINSLOW M. TIRRELL
FRED E. WAITE
EDWIN R. SAMPSON
WILLIAM B. CHALKE, Jr.
Selectmen of Weymouth.

A true copy. Attest:
EDWARD F. BUTLER,
Constable of Weymouth.

RETURN OF SERVICE

Commonwealth of Massachusetts,
Norfolk, ss. Weymouth, January 30, 1929

I have this day served the within warrant by posting a true copy thereof attested by me in writing in each of two public places in each voting precinct in said town of Weymouth seven days before the time of holding said meeting.

EDWARD F. BUTLER,
Constable of Weymouth.

CERTIFICATE

I hereby certify that a copy of the above warrant was mailed to each Town Meeting Member seven days before the time of holding said meeting, as provided in Section 3, Chapter 61, Acts of 1921, relating to the Town Meeting Act of the Town of Weymouth.

CLAYTON B. MERCHANT
Clerk

SPECIAL TOWN MEETING

Pursuant to the foregoing warrant a special meeting of the inhabitants of the Town of Weymouth, represented by its duly elected and qualified Town Meeting Members, was held at the hall of the Weymouth High School, East Weymouth, on Thursday, the 7th day of February, 1929.

The meeting was called to order at 8 o'clock p. m. by George L. Barnes, Annual Moderator, who deferred proceeding to the business until the arrival of more Town Meeting Members. 118

Town Meeting Members' names being checked by police stationed at the entrance of the hall.

The Moderator requested the Town Clerk to read the warrant for the meeting, after reading the call for the meeting, it was voted on motion of Frederic G. Bauer, that the reading of the articles be dispensed with, the Town Clerk then read the last three paragraphs of the warrant and the attestation of the constable who served the warrant.

Art. 1. John W. Heffernan, clerk of the Appropriation Committee moved as follows: That a committee consisting of the Board of Selectmen, Chief of the Fire Department, and two members of the Appropriation Committee (to be designated by the chairman of said committee) be authorized to procure plans, specifications and bids for the erection of a fire station in Ward 3 to replace the one burned and that the sum of \$3,000. be raised and appropriated for plans, specifications, preliminary work and other necessary expenses and that said committee be authorized and empowered to let a contract, after competitive bidding, for erection of said building, said contract to be contingent upon the town appropriating the necessary money at the Annual Town Meeting in March, 1929.

Newland H. Holmes moved as an amendment that said committee be enlarged to three members of the Appropriation Committee, instead of two.

This amendment was so voted.

Chief John Q. Hunt of the Fire Department moved as a substitute motion the following:

To raise and appropriate the sum of \$47,700. for the erection of a fire station in Ward 3 and that the Board of Selectmen and the Chief of the Fire Department be a committee to carry the same into effect.

Newland H. Holmes moved as an amendment that the Moderator appoint one extra member to this committee, to be from Ward 3.

This amendment was so voted.

The motion as amended was put to the meeting by a voice vote, the Moderator declaring the motion lost.

This being doubted by more than seven members the Moderator appointed Ralph H. Haskins, Alfred V. Coleman and Arthur A. Cicchese as tellers, who were sworn as such.

On retaking the vote the tellers reported 49 voting in the affirmative and 58 in the negative. Motion lost.

The question then came on the original motion as offered by the Appropriation Committee and amended.

Mr. Joseph Kelley then offered the following amendment: And that said Committee be directed to consider the lot owned by the town and recently occupied by the fire station, unless some other location would not result in an increase of fire insurance rates, by the Fire Underwriters.

This amendment was so voted.

The motion as amended was so voted.

The motion as amended is as follows:

That a committee consisting of the Board of Selectmen, Chief of the Fire Department and three members of the Appropriation Committee (to be designated by the chairman of said Committee) be authorized to procure plans, specifications, and bids for the erection of a fire station in Ward 3 to replace the one burned and that the sum of \$3,000. be raised and appropriated for plans, specifications, preliminary work and other necessary expenses, and that said committee be authorized to let a contract after competitive bidding, for erection of said building, said contract to be contingent upon the town appropriating the necessary money at the Annual Town Meeting in March, 1929, and that said committee be directed to consider the lot now owned by the town and recently occupied as a fire station, unless some other location would not result in an increase of fire insurance rates by the fire underwriters.

The chairman of the Appropriation Committee appointed Howard M. Dowd, Frank A. Pray and Arthur R. Lohnes as the members to serve on this committee.

Art. 2. Motion offered by John W. Heffernan, clerk of the Appropriation Committee as follows: That for the purpose of widening the sidewalk of Commercial Street, the Board of Selectmen are hereby authorized and directed to acquire by purchase or take by right of eminent domain the following described parcel of land supposed to belong to Harry Maltzman and Isaac Rovner:

Beginning at a point of compound curvature situate in the northeasterly side line of Commercial Street as shown on "Plan showing the relocation and widening of Commercial Street in the Towns of Braintree and Weymouth as made by the Norfolk County Commissioners" from surveys made by Russell H. Whiting, Civil Engineer; thence running N. 51°28'29"E. a distance of 3.84 feet to a point on the division line between land of Clarence M. Price and land of Harry Maltzman and Isaac Rovner, the last two courses being by side line of Commercial Street as relocated and widened by the Norfolk County Commissioners; thence turning and running in a general southeasterly direction by said land of Harry Maltzman and Isaac Rovner by a curve to the left with a radius of 129.81 feet a distance of 31.58 feet to the point of beginning, containing 40 square feet more or less.

For a further identification of this description and location reference is hereby made to a "Plan of a relocation of a part of Commercial Street, Weymouth, Mass." made by Russell H. Whiting, Civil Engineer, dated Jan. 25, 1929. And that for the acquisition of said land the sum of One Hundred Dollars (\$100.) be raised and appropriated.

Howard M. Clark offered the following amendment: That a strip of 2 feet in width be taken in addition to the above described parcel running parallel to said taking. This amendment was lost.

George E. Cunniff offered the following amendment: That the Superintendent of Streets, the Town Counsel and one other to be appointed by the Moderator be a committee to purchase said parcel, and report not later than the next Annual Town Meeting. This amendment was lost.

Howard M. Clark then offered the following amendment: That the Board of Selectmen be authorized to take covenants for a two foot strip set back of all buildings on the land northerly of the strip above authorized to be taken, and failing to do so, that they be authorized to take by right of eminent domain as easement for a way and light and air over a strip parallel and northerly of the northerly boundary of the strip above authorized to be taken. After quite a discussion, Mr. Clark, by unanimous consent of the meeting, withdrew this amendment.

The original motion offered by the Appropriation Committee was then put before the meeting and was carried unanimously.

The tellers reported 88 in favor and none against.

Voted: To adjourn at 9:45 p. m.

A true copy. Attest:

CLAYTON B. MERCHANT,
Town Clerk

WARRANT FOR THE ANNUAL TOWN MEETING

COMMONWEALTH OF MASSACHUSETTS
NORFOLK, ss.

To the Constables of the Town of Weymouth in said County, GREETING:

In the name of the Commonwealth of Massachusetts you are hereby required to notify and warn the inhabitants of Weymouth aforesaid qualified to vote in Town affairs to meet in the hall of the Weymouth High School on Monday, the fourth day of March, 1929 at seven o'clock and forty-five minutes in the evening, then and there to act upon the following articles, namely:

Art. 1. To see what sums of money the Town will vote to raise and appropriate for the salaries, operation and expenses during the current fiscal year of each of the following Town departments, to wit:

1. Appropriation Committee
2. Planning Board
3. Selectmen's Department
4. Accounting Department

29. State Aid, Military Aid and Burial of Indigent Soldiers and Sailors
30. Soldiers' Relief
31. Support of Schools
32. Libraries
33. Parks and Playgrounds
34. Pensions
35. Alewife Fishery
36. Damages
37. Memorial Day
38. Fourth of July
39. Incidentals
40. Water Department
41. Interest and Discount
42. Reserve Fund

and to determine in each case how and under whose direction the money shall be expended and to impose any conditions and restrictions thereon which the Town may think fit, or take any other action in regard to the same.

Art. 2. To take any action that the Town may think proper upon the reports of the several Town Boards and Committees and appoint or change any committee that the Town may think proper.

Art. 3. To see if the Town will vote to authorize its Treasurer, with the approval of its Selectmen, to borrow money in anticipation of the revenue of the current financial year.

Art. 4. To see if the Town will vote to authorize its Treasurer, with the approval of its Selectmen, on and after January 1st, 1930, to borrow money in anticipation of the revenue of the year 1930.

Art. 5. To see what sum of money the Town will vote to raise and appropriate for the payment of unpaid bills.

Art. 6. To see what sum of money the Town will vote from surplus for the use of the Assessors in determining the tax rate for the year 1929.

Art. 7. To determine in what manner taxes shall be collected during the current year, and fix the rate of interest on all taxes remaining unpaid after the time fixed for payment.

Art. 8. To see what sum of money the Town will vote to raise and appropriate for copying, indexing, preservation and binding of the Town Records, or take any other action in regard to the same.

Art. 9. To see if the Town will authorize the Selectmen to sell at public auction or private sale any real estate of which the Town may be possessed or seized and for which it has no further use, including all real estate of which the Town has possession or title for non-payment of taxes, or take any other action in regard to the same.

WATER DEPARTMENT

Art. 10. To see if the Town will authorize the issuance of not to exceed \$15,000.00 in bonds or notes, for the construction of water mains of six inches or more in diameter, said bonds or notes to be payable within fifteen years of the date of issue, and in accordance with Section 19 of Chapter 44 of the General Laws, or to take any other action in relation thereto.

Art. 11. To see if the Town will authorize the appropriation of not to exceed \$25,000.00 from the general fund of the Water Department for carrying on necessary work for private parties; payments for such work to revert to the general fund or to take any other action in relation thereto.

Art. 12. To see if the Town will authorize the Board of Water Commissioners to acquire by purchase or take by right of eminent domain, under the provisions of Chapter 79 and Section 41 of Chapter 40 of the General Laws, for the purpose of preserving the purity of the water supply, a certain parcel of land lying within the watershed of Great Pond and described as follows:

An island containing one acre more or less bounded on the North by New Mill River, on the East by Old Mill River, with three rocks for bounds, with holes drilled therein; on the South by Weymouth Great Pond; on the West by Weymouth Great Pond.

Together with a right of way, twelve feet in width and all benefits thereto belonging. Being the premises deeded to George F. Mitchell by Phillip J. Kane on August 10, 1926, and recorded on August 10, 1926, in Norfolk Deeds, Book 1708, Page 12, and to see what sum of money the Town will vote to raise by loan or otherwise and appropriate for the acquisition by purchase or right of eminent domain of the land referred to in this article and to determine by vote the manner in which the funds for said purpose shall be raised and the terms and conditions of any loan or loans necessary to procure such funds, and to authorize the issue of bonds or notes for same and fix the term and rate of interest on such bonds or notes, or to take any other action in reference thereto.

Art. 13. To see if the Town will vote to authorize the Selectmen to accept on behalf of the Town deeds of any lands adjoining parcels taken or purchased by the Town for the protection of the water supply in the vicinity of Great Pond, will ratify any such acquisitions already made, and will authorize the Board of Selectmen to sell said lands or to convey them in full or partial settlement of any claims for damages for land taken for the purpose of preserving the purity of the water supply, or take any other action in reference thereto.

SCHOOLS

Art. 14. To see what sum of money the Town will vote to appropriate, or to raise and appropriate, for the purpose of improving land connected with the High School, including Legion Memorial Field and land directly opposite the High School, or to take any other action in relation thereto.

Art. 15. To see what sum of money the Town will vote to raise and appropriate for the construction and equipment of an addition to the new Hunt School in Weymouth Landing, or of additional building or buildings at or near the Hunt School, and to determine by vote the manner in which the funds for said purpose shall be raised, and the terms and conditions of any loan or loans necessary to procure such funds, and to authorize the issue of bonds or notes for the same and fix the term and rate of interest on such bonds or notes, or to take any other action in relation thereto.

Art. 16. To see what sum of money the Town will vote to raise and appropriate for the construction and equipment of an addition to the Bicknell School in North Weymouth, or of additional building at or near the Bicknell School, and to determine by vote the manner in which the funds for said purpose shall be raised and the terms and conditions of any loan or loans necessary to procure said funds, and to authorize the issue of bonds or notes for the same and fix the term and rate of interest on such bonds or notes, or to take any other action in relation thereto.

Art. 17. To see what sum of money the Town will vote to raise and appropriate for the improvement of the grounds about the Town Hall, and the purchase of equipment and mural decorations, or take any other action in regard to the same.

Art. 18. To see what sum of money the Town will vote to raise and appropriate for the erection of a tower with a chime of bells on knoll Easterly of the South wing of the High School, for the purpose of commemorating the services and sacrifices of the Soldiers and Sailors of Weymouth who have given their lives for their country, or take any other action in regard thereto.

Art. 19. To see what sum of money the Town will vote to raise and appropriate for constructing an open air auditorium on the ground Southerly of the Town Hall and Easterly of the High School, including the landscaping of the grounds and the erection of tablets bearing the names of Weymouth's soldiers, or take any other action in regard thereto.

Art. 20. To see if the Town will vote to appropriate from the income of the J. B. Rhines Fund the sum of \$1,000 for the purchase of such clocks, pictures and decorations as may be necessary in the new Town Hall, to be designated as memorials to J. B. Rhines, the donor of the fund referred to, or take any other action in relation thereto.

FIRE DEPARTMENT

Art. 21. To see what sum of money the Town will vote to raise and appropriate for the construction of a new Fire Station in Ward 2 and to take any other action in relation thereto.

POLICE DEPARTMENT

Art. 22. To see if the Town will vote to install (4) four traffic lights; one at Central Square, one at Washington and Middle Streets, one at Lovell's Corner and one at Nash's Corner; the installations to be done by the General Electric Company. To raise and appropriate a sufficient sum of money for the same or take any other action in relation thereto.

Art. 23. To see if the Town will instruct the Selectmen to petition the General Court to appoint, subject to Chapter 31 of the General Laws, suitable persons to constitute a reserve police force of Weymouth, or take any other action in relation thereto.

Art. 24. To see what sum of money the Town will vote to raise by loan or otherwise and appropriate for the purchase and installation of police signalling system in the town, and to determine by vote the manner in which the funds for such purposes shall be raised and the terms and conditions of any loans necessary to procure such funds, and to authorize the issue of bonds or notes for the same, and fix the term and rate of interest on such bonds or notes or take any other action in relation thereto.

PARKS AND CEMETERIES

Art. 25. On petition of the Planning Board: To see if the Town will turn over to Park Commissioners a parcel of land on Church Street known as Weymouth Heights Mall.

Art. 26. To see what sum of money the Town will vote to raise and appropriate to build and maintain a bath house on the beach of Great Hill Park, or take any other action in relation thereto.

Art. 27. To see if the Town will purchase or take by right of eminent domain, for park purposes, certain lots of land off Lake Street bordering on Whitman's Pond now owned by Wingate & Brown, or take any other action in relation thereto.

Art. 28. To see what sum of money the Town will vote to raise and appropriate to care and keep in good order and to protect by proper fences any or all burying grounds within the Town in which ten or more bodies are interred and which are not properly cared for by the owners, or take any other action in reference thereto.

STREETS AND DRAINAGE

Art. 29. To see if the Town will accept a deed of property from the Stetson Shoe Corporation for a strip of land between Front and Main Streets to be used for street purposes, and will accept the report of the Selectmen laying the same out as a Town way, or take any other action in reference thereto.

Art. 30. To see if the Town will accept the several reports of the Selectmen, laying out as Town ways the following designated private ways, or any of them, to wit:

Beals Street
Lochmere Avenue
Hibiscus Avenue
Manatee Road
Oakcrest Road
Puritan Road
Randall Avenue
Seminole Avenue

and will authorize the Board of Selectmen to acquire by gift or take by right of eminent domain an easement of all purposes of a public street and highway in and over each of said streets as so laid out, or take any other action in relation thereto, and to see what sum of money the Town will vote to raise and appropriate for the working of each of the above named streets

including the acquisition of the easements referred to in the previous article, or take any other action in relation thereto.

Art. 31. ON PETITION: To see what sum of money the Town will vote to raise and appropriate for the repairs of the southerly end of Rosemont Road, from Evans Street to the Weymouth Fore River line.

Art. 32. To see if the Town will accept the report of the Selectmen on the relocation of Middle Street from Washington Street to Nash's Corner; and to see what sum of money the Town will vote to raise and appropriate for the cost of construction and for the acquisition of any land that may be necessary to take, or take any other action in relation thereto.

Art. 33. ON PETITION: To see what sum of money the Town will vote to raise and appropriate for the widening and straightening of Summer Street, the southerly end, or take any other action in relation thereto.

Art. 34. To see if the Town will accept the report of the Selectmen on the relocation of Middle and Commercial Streets at their intersection as shown on plan of Russell Whiting, C. E., and to see what sum of money the Town will vote to raise and appropriate for said work or take any other action in relation thereto.

Art. 35. To see what sum of money the Town will vote to raise and appropriate to remove the ledge at the junction of Winter, Main and Front Streets or take any other action in regard to the same

Art. 36. To see what sum of money the Town will vote to raise and appropriate for the purpose of purchasing or taking by right of eminent domain land and property on Pleasant Street from Lovell's Corner southerly to the property of Roland M. Smith, the above taking being for the purpose of widening Pleasant Street, or take any other action in relation thereto.

Art. 37. To see what sum of money the Town will vote to raise and appropriate for the purpose of constructing a permanent sidewalk on Washington Street from or near the residence of Silas W. Newcomb northerly to or near the residence of William R. Martin, or take any other action in relation thereto.

Art. 38. ON PETITION: To see what sum of money the Town will vote to raise and appropriate to build a sidewalk on the Northerly side of Hollis Street from Randolph Street to Pond Street or take any other action in relation thereto.

Art. 39. To see what sum of money the Town will vote to raise and appropriate for the rebuilding and relocation of the drain from Vine Street to Washington Square, or take any other action in relation thereto.

Art. 40. ON PETITION: To see what sum of money the Town will vote to raise and appropriate for the purpose of providing a system of surface drainage for that portion of Shawmut and Broad Streets near Jackson Square, or take any other action in relation thereto.

Art. 41. ON PETITION: To see if the Town will vote to authorize the Selectmen to acquire by purchase or take by right of eminent domain from the owners, the so-called Bicknell meadow as per plan drawn by Russell Whiting, C. E., and to see what sum of money the Town will vote to raise and appropriate for the same, or take any other action in relation thereto.

Art. 42. ON PETITION: To see if the Town will grant to the employees of the Street Department of the Town a full week's pay of eight hours per day with Saturday afternoon off, also holidays, this to be effective from March 15th to November 15th inclusive and to take any other action in regards to making this effective

PAYMENT OF DAMAGES

Art. 43. To see what sum of money the Town will vote to raise and appropriate for the payments of awards made by the Selectmen under provisions of Chapter 299 of the Acts of 1928, or take any other action in reference thereto.

Art. 44. ON PETITION: To see what sum of money the Town will vote to raise and appropriate to reimburse Lucy J. Hackett for land taken from her property at the corner of Union Street and May Terrace, in the widening of May Terrace, South Weymouth, or take any other action in relation thereto.

LIGHTING

Art. 45. To see if the Town will authorize the Electric Light Committee to contract with the Weymouth Light & Power Company for the furnishing of lights for the Town, or take any other action in relation thereto.

Art. 46. ON PETITION: To see what sum of money the Town will vote to raise and appropriate for an increase in the lighting of Commercial and Jackson Squares, also Broad Street to and inclusive of Central Square.

SEWERAGE AND GARBAGE

Art. 47. To see what sum of money the Town will vote to raise and appropriate for the purpose of completing the work of the Committee on Sewerage, or take any other action in relation thereto.

Art. 48. To see what action the Town will take with respect to the collection and removal of garbage, rubbish and ashes in the Town, or take any other action in relation thereto.

Art. 49. To see what sum of money the Town will vote to raise and appropriate for the purpose of collection and removal of garbage, rubbish and ashes, or take any other action in relation thereto.

Art. 50. ON PETITION: To see if the Town will authorize the Board of Selectmen to advertise for Bids for the Collection and Disposal of Garbage for a period of three (3) years, said bids not to exceed \$45,000. per year, and to raise and appropriate said amount. Bids to be advertised for within sixty (60) days after Annual Town Meeting, or take any other action in relation thereto.

Art. 51. ON PETITION: To see if the Town will authorize the Board of Selectmen to advertise for Bids for the Collection and Removal of Ashes and Rubbish for a period of three (3) years, Bids not to exceed \$25,000. per year and to raise and appropriate said amount. Bids to be advertised for within sixty (60) days after annual Town Meeting, or take any other action in relation thereto.

Given under our hands at Weymouth this 28th day of January, in the year of our Lord Nineteen Hundred and Twenty-Nine.

H. FRANKLIN PERRY,
WINSLOW M. TIRRELL,
FRED E. WAITE,
EDWIN R. SAMPSON,
WILLIAM B. CHALKE, Jr.
Selectmen of Weymouth..

A True Copy, Attest:

EDWARD F. BUTLER,
Constable of Weymouth.

RETURN OF SERVICE

COMMONWEALTH OF MASSACHUSETTS

NORFOLK, ss.

Weymouth, February 13, 1929

Pursuant to the within warrant I have this day notified and warned the inhabitants of Weymouth aforesaid to meet at the respective places and times set forth in said warrant, by posting true and attested copies of the same in two public places in each voting precinct in said town as therein directed seven days before the time of holding said meeting.

EDWARD F. BUTLER
Constable of Weymouth

CERTIFICATE

I hereby certify that a copy of the above warrant was mailed to each Town Meeting Member seven days before the time of holding the first meeting called for in said warrant, as provided by Section 3, Chapter 61, Acts of 1921, relating to the Town Meeting Act of the Town of Weymouth.

CLAYTON B. MERCHANT, Town Clerk.

ANNUAL TOWN MEETING

East Weymouth, March 4, 1929

Pursuant to the within warrant the Annual Meeting of the Town of Weymouth, represented by its duly elected and qualified Town Meeting Members, was held at the hall of the Weymouth High School, on Middle Street, East Weymouth, on Monday, the fourth day of March, A. D. 1929.

The meeting was called to order at 7:45 o'clock in the evening. George L. Barnes, Annual Moderator, presiding, the Moderator requested the Town Clerk to read the warrant for said meeting, after reading the call for the meeting, it was voted: that the further reading of the articles in the warrant be omitted, as each Town Meeting Member had a copy of the warrant, the clerk then read the last three paragraphs of the warrant and the attestation of the Constable who served the warrant. 179 Town Meeting Members being present, more than a legal quorum.

Before proceeding to the business of the warrant, Thomas V. Nash was sworn as a Town Meeting Member.

Francis W. Rea moved and it was so voted: That Rev. Stanley Marple, pastor of the First Church in Weymouth be invited to the platform and invoke divine blessings upon the deliberations of this meeting, he came to the platform and performed that duty.

Article 1. Voted that the reading of the motions be dispensed with as each Town Meeting Member had a copy thereof.

William B. Dasha moved that each item under this article be taken up separately and discussed.

This question was put to the meeting and the motion was declared lost. More than seven members doubting the vote, the Moderator appointed Charles S. Bicknell, Alfred Sheehy and J. Edward Mulligan as tellers who were sworn as such. On retaking the vote 57 voted in the affirmative and 77 in the negative, the motion was then declared lost.

Voted to raise and appropriate the following amounts for the purposes hereinafter specified.

Item 1.	Appropriation Committee, of which \$200. shall be for the services of the Secretary	\$300.00
Item 2.	Planning Board	100.00

----------	--	------------

Voted unanimously: To appropriate from the revenue of the Water Department for the current year, the sum of \$13,000. for the purpose of continuing the acquisition by purchase or right of eminent domain of the land authorized to be acquired by vote of the Town under Article 35 of the warrant for the Annual Town Meeting in March 1928, and any other takings which may be authorized under Article 12 of the warrant of this meeting

	13,500.00.
--	------------

Item 41.	Interest and Discount	40,000.00.
----------	-----------------------	------------

Item 42.	Reserve Fund	15,000.00.
----------	--------------	------------

Voted: That there be further appropriated from insurance money received on the contents of the Ward 3 Fire Engine-House (lately destroyed by fire) the sum of \$57. for the Police Department and \$982.50 for the Fire Department. (These are to be credited to the Departments under 13 and 14.

Voted: That except as hereinbefore provided the salaries of all officers elected by popular vote be the same as in 1928, and the salaries of all other officers be as fixed by the Selectmen within the limits of the appropriation available therefor.

Article 2. Voted: To take up Articles 23-53 and 55 in conjunction with this article.

No objection being raised the several reports of the Town Board and Committees were accepted as printed in the Town Report, according to Section 201 of Article 2 of the Town By-Laws.

Under this article it was voted. That a committee of five be appointed by the Moderator to study and report at the next Town Meeting what additional safeguards should be adopted to protect the Town against unworthy applications for poor relief.

The Moderator appointed Stanley T. Torrey, Frederick L. Alden, Melville F. Cate, Thomas Fitzgerald and Gertrude C. Andrews as members of the above committee.

Under Article 23 which was voted to be taken up under Article 2. The Appropriation Committee moved: That a committee of three be appointed to prepare and submit (to the next Town Meeting) a bill for presentation to the General Court providing for the establishment of a Reserve Police Force. Arthur H. Pratt moved as an amendment that the words "to the next Town Meeting" be stricken out. The amendment was so voted. The motion as amended was so voted.

Under Article 53 which was voted to be taken up under Article 2. The Appropriation Committee moved: That a committee of nine which shall include representatives of the Sons of American Revolution, Susanna Tufts Chapter of the Daughters of American Revolution, The Society of the War of 1812, The Weymouth Historical Society and the Appropriation Committee, be appointed by the Moderator to arrange and conduct the Town's participation in the Massachusetts Bay Tercentenary Celebration by means of an old home week and that the sum of \$300 be raised and appropriated for the expenses of said committee. This motion was so voted.

The Moderator appointed on this committee James M. Hooper, chairman, Frederic Gilbert Bauer, Mrs. Parker T. Pearson, Walter L. Bates, C. Edgar Stiles, John W. Heffernan, H. Franklin Perry, Newland H. Holmes and Olindo Garofalo.

Under Article 55 which was voted to be taken up under Article 2. The Appropriation Committee moved: That the committee of Town Forest be instructed to report at the next Town Meeting the needs of the Town with reference to the conservation and planting of public shade trees and their recommendations regarding same. After debate on this question by Charles L. Merritt, Tree Warden, the motion was lost.

Under Article 2, it was voted: That all Town Committees which have not rendered a final report, be continued in office until such time as the work assigned to them shall be completed and a final report made, or until the Town shall vote otherwise.

Article 3. Voted unanimously: That the Town Treasurer with the approval of the Selectmen be and hereby is authorized to borrow money from time to time in anticipation of the revenue of the financial year beginning January 1, 1929 and to issue note or notes therefor, payable within one year; any debt or debts incurred under this vote to be paid from the revenue of said financial year.

Article 4. Voted unanimously: That the Town Treasurer with the approval of the Selectmen be and hereby is authorized to borrow money from time to time in anticipation of the revenue of the financial year beginning January 1, 1930 and to issue note or notes therefor, payable within one year; any debt or debts incurred under this vote to be paid from the revenue of said financial year.

Article 5. The Appropriation Committee moved: To raise and appropriate the sum of \$4,823.45 for the payment of unpaid bills as follows:

Charities	\$3,316.19	
Soldiers' Relief	124.53	
Highways	922.41	
Health Department	229.04	
Insurance	231.28	\$4,823.45

Frederick L. Doucett moved as an amendment that the sum of \$2,006.47 be added to the above total sum for unpaid bills of the Health Department.

The question came upon the amendment, the tellers reported 117 voting in the affirmative and 9 in the negative, the amendment was so voted. The motion offered by the Appropriation Committee as amended was so voted. The total amount so voted was \$6,829.92.

Article 6. Voted: To appropriate the sum of \$40,000. from the surplus for the use of the Assessors in determining the tax rate for the year 1929.

Article 7. Voted: That the salary of the Tax Collector be six mills of the dollar of taxes collected, and that the Selectmen be authorized to insure the Tax Collector in the sum of \$15,000. hold-up insurance. The time of payment and rate of interest on unpaid taxes to be fixed in accordance with the provisions of Chapter 59, Section 57 of the General Laws.

Article 8. Voted: To raise and appropriate the sum of \$1,000. for copying, indexing, preserving and binding the Town Records.

Article 9. Voted: That the Selectmen be authorized to sell all real estate of which the Town may be possessed or seized and for which it has no further use, including all real estate of which the Town has possession or title for non-payment of taxes, and to execute and acknowledge sufficient deeds therefor, all sales to be by public auction unless in the opinion of the Selectmen the fair value of the property does not exceed \$100. in which case the sale may be made by public auction or private sale as the Selectmen deem for the best interests of the Town.

Article 10. Voted unanimously: That the sum of \$15,000. be raised by loan and appropriated for the construction of water mains of six inches or more in diameter, and that the Treasurer of the Town be and hereby is authorized with the approval of the Selectmen, to borrow said sum of \$15,000. for said purpose, and

to issue bonds or notes of the Town therefor, said bonds or notes to be payable in accordance with the provisions of Section 19 of Chapter 44 of the General Laws, so that the whole shall be paid in not more than fifteen years.

The tellers reported 131 voting in the affirmative and none in the negative.

Article 11. Voted unanimously: That the Board of Water Commissioners be authorized to acquire by purchase or take by right of eminent domain under the provisions of Chapter 79 and Section 41 of Chapter 40 of the General Laws for the purpose of preserving the purity of the water supply, a certain parcel of land lying within the watershed of Great Pond and described as follows:

An island containing one acre more or less, bounded on the north by New Mill River, on the east by Old Mill River, with three rocks for bounds, with holes drilled therein, on the south by Weymouth Great Pond, on the west by Weymouth Great Pond. Together with a right of way, twelve feet in width and all benefits thereto belonging. Being the premises deeded to George F. Mitchell by Phillip J. Kane on August 10, 1926 and recorded on August 10, 1926 in Norfolk Deeds, Book 1708, Page 12, and that the sum of \$3,000. be appropriated from the revenue of the Water Department of the current year for the purpose of acquiring said land. The tellers reported 130 voting in the affirmative and none in the negative.

Article 13. Voted unanimously: That the Board of Selectmen be authorized to accept on behalf of the Town deeds of any land adjoining parcels taken by the Town in the vicinity of Great Pond for the protection of the water supply and that any such acquisitions already made are hereby ratified and accepted, and the Board of Selectmen are hereby authorized to convey said lands or any of them in full or partial settlement of any claims for damages for land taken for the purpose of preserving the purity of the water supply or in case they cannot be so disposed of to sell the same in the manner provided in the vote under Article 9 of the warrant for this meeting.

Article 14. The Appropriation Committee moved: To raise and appropriate the sum of \$10,000 to complete the drainage system of Legion Memorial Field, the work to be done under the direction of the Superintendent of the Water Works subject to the supervision of the Committee in charge of Legion Memorial Field, any surplus remaining to be available for surfacing said field or for other improvements therein as the Committee may direct.

Prince H. Tirrell offered the following substitute motion and it was so voted: To raise and appropriate the sum of \$10,000. for the further improvement of Legion Memorial Field the same to be expended under the joint direction of the School Committee and the Superintendent of the Water Department, and that the unexpended balance from the appropriation previously made for like purpose be made available under the same joint direction.

Article 15. The Appropriation Committee moved: To appropriate the sum of \$200,000 for the construction of a school building to replace the old Hunt School, of which sum \$30,000. shall be paid in the levy of the present year and to meet the balance of said appropriation the Treasurer with the approval of the Selectmen be and hereby is authorized to borrow a sum not to exceed \$170,000., and to issue bonds or notes of the Town therefor, said bonds or notes to be payable in accordance with Section 19 Chapter 44 of the General Laws so that the whole of said sum shall be due and payable in not more than twenty years from the date of issue of the first bond or note, or at such earlier date as the Treasurer and Selectmen may designate, and further the Committee in charge of the erection of the Pratt School addition and the Pond Plain School together with the members of the School Committee be a committee to carry out the provisions of this vote.

Newland H. Holmes offered the following amendment: By striking out all the words after the words "designate" and adding thereto the following "that the building committee be composed of the School Committee as organized after March 11, 1929, the Superintendent of Schools, and the following citizens: John H. Cramer, William J. Fitzsimmons, Louise R. Crawford, Joseph Wiley, Theron L. Tirrell and C. Lincoln Abbott".

The question on the amendment was put before the meeting, and it was so voted. The question on the motion of the Appropriation Committee as amended was put before the meeting and was unanimously voted.

The tellers reported 147 voting in the affirmative and none in the negative.

George E. Cunniff moved to reconsider Article 14. Not a vote.

Article 16. Voted: That the committee designated in the preceding article be instructed to procure plans, specifications and bids for the erection of an addition to the Knell School and that the sum of \$3,500 be raised and appropriated for the use of said committee and that said committee be further authorized to let a contract for the erection of said building conditioned upon the Town appropriating the money therefor at a future Town Meeting.

Article 17. Voted: That Article 20 be taken up with this article. The Appropriation Committee moved: To raise and appropriate the sum of \$4,000 for completing the grading and landscaping around the Town Hall, constructing a parking space and procuring additional furniture and equipment, and that the sum of \$1,000 be appropriated from the accumulated income of the John B. Rhines Fund for the purchase of clocks, fixtures and decorations for the walls of the Town Hall, such articles to be suitably marked as memorials to the late John B. Rhines.

George E. Cunniff moved to amend by adding to the first part of this motion "that the work on grading and landscaping be done by Weymouth help". Not a vote. The original motion as offered by the Appropriation Committee was then put before the meeting and it was so voted.

Voted: That Article 19 be taken up in conjunction with Article 18.

William B. Dasha moved to reconsider the vote whereby it was voted to take up Article 19 with Article 18. The tellers reported 60 voting in the affirmative and 46 in the negative.

Voted to take up Article 19.

Article 19. Voted unanimously: For properly commemorating the services and sacrifices of the soldiers, sailors and marines who have gone from Weymouth in the 300 years of her history, there shall be raised and appropriated the sum of \$10,000 for the construction under the direction of the committee heretofore charged with that project a wall on the grounds in front of the Weymouth High School and forming a part of the open air auditorium which the committee in charge of the High School addition are planning to construct, which wall shall bear tablets with all ascertainable names of said soldiers, sailors and marines who have served from Weymouth in all wars during the period aforesaid.

Article 18. Voted: For the purpose of properly commemorating the services of those men of Weymouth who have offered their lives for their Country in the several wars since the first settlement of the Town, the sum of \$5,000 shall be raised and appropriated for the purpose of preparing and landscaping the knoll adjoining the southerly wing of the Weymouth High School including approaches thereto for the erection thereon of a suitable memorial structure, said sum to be expended under the direction of the committee heretofore charged with that project.

Article 21. The Appropriation Committee offered the following motion: That a committee of seven, one of whom shall be the Chief of the Fire Department, be appointed by the Moderator to procure plans, specifications and bids for the construction of a new fire station including provisions for the new fire-alarm system in Ward 2 and that the sum of \$3,000 be raised and appropriated for the aforesaid purpose.

Alfred C. Sheehy moved as a substitute motion as follows: That a committee be appointed to obtain plans, specifications and bids for the construction of a new fire station in Ward 2 and that the sum of \$3,000 be raised and appropriated for procuring plans, specifications and for preliminary work on said fire station, that said committee be authorized to let a contract for the construction of said fire station, suitable for housing the Fire-Alarm System, after competitive bidding, said contract being contingent upon the Town making a sufficient appropriation to

cover the cost of construction therefor, and that the committee be appointed as follows:

Chief of the Fire Department, Secretary of the Appropriation Committee, Ralph H. Haskins, Edward I. Loud, Selectman-elect from Ward 2 (Winslow M. Tirrell) said committee to report to the next Town Meeting.

George E. Cunniff moved as an amendment: That the Fire Station be located on the Franklin School lot". This amendment was so voted.

The motion as offered by Alfred Sheehy as amended was so voted.

Voted: To take up Article 56.

Article 56: Voted: To appropriate the sum of \$37,000 for building and equipping a fire engine house in Ward 3 of which sum \$10,221.89 shall be raised in the levy of the current year, \$8,778.11 is hereby appropriated from insurance money received and to meet the balance of said appropriation the Treasurer, with the approval of the Selectmen be and hereby is authorized to borrow a sum not to exceed \$18,000 and to issue bonds or notes of the Town therefor, said bonds or notes to be payable in accordance with Section 19 of Chapter 44 of the General Laws so that the whole of said loan shall be due and payable in not more than twenty years from the date of the first bond or note, or at such earlier date as the Treasurer and Selectmen may designate, and further that this appropriation be disbursed by the present committee, and that the sum herein appropriated be available for the hire of temporary quarters of the Ward 3 fire company until such time as said building is ready for occupancy. The tellers reported 97 voting in the affirmative and 17 in the negative.

Howard M. Clark moved: To adjourn to Thursday evening, March 7, 1929, not a vote.

Frederick G. Bauer moved that Articles 29, 30 and 34 be taken up together and it was so voted.

Article 29. Voted: To accept from the Stetson Shoe Company, Inc. a deed of a strip of land between Front and Main Streets, and to accept the report of the Selectmen laying out same as a town way.

Article 30. Voted unanimously: To accept the report of the Board of Selectmen laying out as Town Ways the following private ways, to wit: Beals Street, Manatee Road, Oakcrest Road.

To accept so much of the report of the Selectmen laying out as a town way Hibiscus Avenue as lays out such town way

that portion of Hibiscus Avenue lying between Pleasantview Avenue and the easterly side line of a certain private way known as Idlewell Boulevard and situate easterly of said Pleasantview Avenue.

To accept so much of the report of the Selectmen laying out as a town way Lochmere Avenue as lays out as such town way that portion of Lochmere Avenue lying between Delorey Avenue and a line connecting the easterly bounds of property of Andrew Morton with the line dividing property of Rehada X. Hanna from property of Henry I. Durant and Robert C. Morrow

To accept so much of the report of the Selectmen laying out as a town way Randall Avenue as lays out as such town way that portion of said Randall avenue lying between the present southerly end of the accepted portion of Randall Avenue and a line connecting a point on the easterly side of said Randall Avenue 498.98 feet from said southerly bound of the accepted portion of Randall Avenue measured on the easterly line of the said lay-out and a point 451.3 feet from said southerly end measured on the westerly line of said proposed lay-out.

To accept so much of the report of the Selectmen laying out as a town way Seminole Avenue as lays out as such town way that portion of said Seminole Avenue lying between Pleasantview Avenue and the westerly side line of a private way known as Idlewell Boulevard. And that the Board of Selectmen be authorized to acquire by gift or take by right of eminent domain an easement for all purposes of a public street and highway in and over each of said streets and portions of streets as so laid out and accepted and that the following sums of money be raised and appropriated for the working of said streets including the acquisition of the foregoing easements, to wit:

For Beals Street	\$5,000.00	
For Hibiscus Avenue	1,400.00	
For Seminole Avenue	1,400.00	
For Lochmere Avenue	2,200.00	
For Manatee Road	1,690.00	
For Oakcrest Road	3,300.00	
For Randall Avenue	1,580.00	\$16,570.00

which sums shall be expended under the direction of the Superintendent of Streets, except in so far as the Selectmen may expend a portion of same for the acquisition of easements, provided that no work shall be done on any of said streets until a release in form satisfactory to the Town Counsel shall be delivered to the Town by the persons owning the fee therein and further provided that any unexpended balances from the appropriations made for any of the foregoing streets shall be available for the construction of any other of said streets or for general highway purposes.

Article 34. Voted unanimously: To accept the report of the Selectmen relocating the intersection of Middle and Commercial Streets, that the Board of Selectmen are hereby authorized to take by gift or by right of eminent domain for all purposes of a public street and highway in and over said street as so relocated and that the sum of \$3,930 be raised and appropriated for the working of said street including the acquisition of the foregoing easements.

Voted on motion of Frederic Gilbert Bauer: That the consideration of the remaining articles in the warrant be postponed until such time as the Selectmen may decide to call a Special Town Meeting.

Voted: To adjourn at 12 P. M.

CLAYTON B. MERCHANT, Town Clerk.

PETITION FOR RECOUNT

To the Board of Registrars of Voters of the Town of Weymouth:

We, the undersigned voters of Weymouth, represent that we have reason to believe and do believe that the returns of the Election Officers of the said Weymouth, Mass. of the votes cast at the Election on Monday, March 11, 1929 for the office of Assessor for one year are erroneous in this respect; that Harry E. Bearce was credited with more and Charles P. Reidy with less votes than were actually cast for them; and we believe a recount of the votes in all the Wards of said Town will effect the election of Charles P. Reidy as Assessor for one year. We therefore ask that the votes cast for said office of Assessor for one year as aforesaid be recounted.

Edwin Mulready, 40 Shawmut St.
 Melzar S. Burrell, 1253 Commercial St.
 Thomas J. Kelly, 62 Shawmut St.
 Samuel F. Upton, 80 Shawmut St.
 Michael J. Egan, 681 Bridge St.
 Daniel F. Cummings, 430 Bridge St.
 Fred W. Webb, 68 Wilson Ave.
 Charles H. Holbrook, 23 Curtis Ave.
 Simon R. Gallant, 100 Union St.
 Donald F. DuVal, 99 Pleasant St.

CLAYTON B. MERCHANT

CERTIFICATE

I hereby certify that a registered letter, with return request, was sent to Harry E. Bearce, Charles P. Reidy and Edwin Mulready, stating that the Board of Registrars of Voters of the Town of Weymouth, would recount the votes cast for said Harry E. Bearce and Charles P. Reidy for the office of Assessor for one year, at the office of the Town Clerk, Town Hall, East Weymouth, on Tuesday, March 19, 1929 commencing at 9 A. M.

CLAYTON B. MERCHANT

Town Clerk

East Weymouth, Mass, March 19, 1929

The Board of Registrars of Voters of said town met at the office of the Town Clerk this date and proceeded to recount the votes cast at the election held on March 11, 1929, for the office of Assessor for one year, for Harry E. Bearce and Charles P. Reidy.

Patrick E. Corridan, Edward P. Murphy, John F. Reardon and Clayton B. Merchant, Registrars of Voters present.

Harry E. Bearce represented himself and Charles P. Reidy and William A. Hannaford represented Charles P. Reidy.

RESULT OF THE RECOUNT

Harry E. Bearce	162	190	166	86	219	131	93	63	1110
Charles P. Reidy	113	165	231	53	253	162	74	37	1088

WARRANT FOR SPECIAL TOWN MEETING

COMMONWEALTH OF MASSACHUSETTS

NORFOLK, ss:

To the Constables of the Town of Weymouth in said County, GREETING:

In the name of the Commonwealth of Massachusetts you are hereby required to notify and warn the inhabitants of Weymouth aforesaid qualified to vote in Town affairs to meet in the Hall of the Weymouth High School on

Thursday, the Fourth Day of April 1929

at seven o'clock and forty-five minutes in the evening, then and there to act upon the following articles, namely:

Article 1. To see if the Town will vote to install (4) four traffic lights; one at Central Square, one at Washington and Middle Streets, one at Lovell's Corner and one at Nash's Corner; the installations to be done by the General Electric Company. To raise and appropriate a sufficient sum of money for the same or take any other action in relation thereto.

Article 2. To see what sum of money the Town will vote to raise by loan or otherwise and appropriate for the purchase and installation of police signalling system in the town, and to determine by vote the manner in which the funds for such purposes shall be raised and the terms and conditions of any loans necessary to procure such funds, and to authorize the issue of bonds or notes for the same, and fix the term and rate of interest on such bonds or notes or take any other action in relation thereto.

Article 3. To see what sum of money the Town will vote to raise and appropriate to build and maintain a bath house on the beach of Great Hill Park, or take any other action in relation thereto.

Article 4. To see if the Town will purchase or take by right of eminent domain, for park purposes, certain lots of land off Lake Street bordering on Whitman's Pond now owned by Wingate & Brown, or take any other action in relation thereto.

Article 5. To see what sum of money the Town will vote to raise and appropriate to care and keep in good order and to protect by proper fences any or all burying grounds within the Town in which ten or more bodies are interred and which are not properly cared for by the owners, or take any other action in relation thereto.

Article 6. ON PETITION: To see what sum of money the Town will vote to raise and appropriate for the repair of the southerly end of Rosemont Road, from Evans Street to the Weymouth-Fore River line.

Article 7. To see if the Town will accept the report of the Selectmen on the relocation of Middle Street from Washington Street to Nash's Corner; and to see what sum of money the Town will vote to raise and appropriate for the cost of construction and for the acquisition of any land that may be necessary to take, or take any other action in relation thereto.

Article 8. ON PETITION: To see what sum of money the Town will vote to raise and appropriate for the widening and straightening of Summer Street, the southerly end, or take any other action in relation thereto.

Article 9. To see what sum of money the Town will vote to raise and appropriate to remove the ledge at the junction of Winter, Main and Front Streets, or take any other action in regard to the same.

Article 10. To see what sum of money the Town will vote to raise and appropriate for the purpose of purchasing or taking

by right of eminent domain land and property on Pleasant Street from Lovell's Corner southerly to the property of Roland M. Smith, the above taking being for the purpose of widening Pleasant Street, or take any other action in relation thereto.

Article 11. To see what sum of money the Town will vote to raise and appropriate for the purpose of constructing a permanent sidewalk on Washington Street from or near the residence of Silas W. Newcomb northerly to or near the residence of William R. Martin, or take any other action in relation thereto.

Article 12. ON PETITION: To see what sum of money the Town will vote to raise and appropriate to build a sidewalk on the northerly side of Hollis Street from Randolph Street to Pond Street, or take any other action in relation thereto.

Article 13. To see what sum of money the Town will vote to raise and appropriate for the rebuilding and relocation of the drain from Vine Street to Lincoln Square, or take any other action in relation thereto.

Article 14. ON PETITION: To see what sum of money the Town will vote to raise and appropriate for the purpose of providing a system of surface drainage for that portion of Shawmut and Broad Streets near Jackson Square, or take any other action in relation thereto.

Article 15. ON PETITION: To see if the Town will vote to authorize the Selectmen to acquire by purchase or take by right of eminent domain from the owners, the so-called Bicknell Meadows as per plan drawn by Russell Whiting, C. E., and to see what sum of money the Town will vote to raise and appropriate for the same, or take any other action in relation thereto.

Article 16. To see what sum of money the Town will vote to raise and appropriate for the payments of awards made by the Selectmen under provisions of Chapter 299 of the Acts of 1928, or take any other action in reference thereto.

Article 17. ON PETITION: To see what sum of money the Town will vote to raise and appropriate to reimburse Lucy J. Hackett for land taken from her property at the corner of Union Street and May Terrace, in the widening of May Terrace, South Weymouth, or take any other action in relation thereto.

Article 18. To see if the Town will authorize the Electric Light Company to contract with the Weymouth Light & Power Company for the furnishing of lights for the Town, or take any other action in relation thereto.

Article 19. ON PETITION: To see what sum of money the Town will vote to raise and appropriate for an increase in the lighting of Commercial and Jackson Squares, also Broad Street to and inclusive of Central Square.

Article 20. To see what sum of money the Town will vote to raise and appropriate for the purpose of completing the work of the Committee on Sewerage, or take any other action in relation thereto.

Article 21. To see what action the Town will take with respect to the Collection and removal of garbage, rubbish and ashes in the Town, or take any other action in relation thereto.

Article 22. To see what sum of money the Town will vote to raise and appropriate for the purpose of collection and removal of garbage, rubbish and ashes, or take any other action in relation thereto.

Article 23. ON PETITION: To see if the Town will authorize the Board of Selectmen to advertise for Bids for the Collection and Disposal of Garbage for a period of three (3) years, said bids not to exceed \$45,000 per year, and to raise and appropriate said amount. Bids to be advertised for within sixty (60) days after this Meeting, or take any other action in relation thereto.

Article 24. ON PETITION: To see if the Town will authorize the Board of Selectmen to advertise for Bids for the Collection and Removal of Ashes and Rubbish for a period of three (3) years. Bids not to exceed \$25,000 per year and to raise and appropriate said amount. Bids to be advertised for within sixty (60) days after this Town Meeting, or take any other action in relation thereto.

Article 25. ON PETITION: To see if the Town will vote to raise and appropriate a sum of money to provide permanent quarters for Wessagussett Post No. 1399, of the veterans of Foreign Wars of the United States, this is in accordance with Chapter 40, General Laws.

Article 26. To see what sum of money the Town will vote to raise and appropriate for the revision to date of the town map published in 1915 and to have lithograph copies made of same or take any other action in relation thereto.

Article 27. ON PETITION: To see if the Town will vote to raise and appropriate the sum of \$3510.00 to be used to increase the salaries of the Permanent members of the Fire Department or take any other action in relation thereto.

Article 28. On Petition of the Planning Board: To see if the Town will turn over to Park Commissioners a parcel of land on Church Street known as Weymouth Heights Mall.

Article 29. To see if the Town will vote to accept the report of the Selectmen laying out as a Town way a certain strip of land between Front and Main Streets over which the Stetson Shoe Company have conveyed to the Town an easement for all purposes of a public street and highway by deed dated March 8, 1929.

Article 30. To see if the Town will vote to accept the report of the Selectmen laying out as a Town way a certain parcel of land on the northerly side of Commercial Street in Washington Square whose taking was authorized by vote of the Town at the Special Town Meeting held February 7, A. D. 1929, and will vote to authorize the vote of the Selectmen to take any further easements in or over said property, and to see what sum of money

the Town will vote to raise and appropriate for the acquisition of said easements or take any other action in reference thereto.

Article 31. To see if the Town will vote to authorize the Board of Water Commissioners to continue to acquire by purchase or take by right of eminent domain land within the water shed of Great Pond as authorized by vote of the Town under Article 57, of the warrant for the Annual Town Meeting held March 7, 1927, and to see what sum of money the Town will vote to raise and appropriate for the continuation of such acquisition, or take any other action in reference thereto.

Article 32. To see if the Town will vote to change Section 804 of its by-laws by striking out the words "above a light blue panel outlined in gold letters the words 'Weymouth, Massachusetts,'" or take any other action in reference thereto.

Article 33. To see if the Town will amend Section 711 of its By-Laws by adding at the end thereof the words "asphalt shingles, tar and gravel or metal", or take any other action in reference thereto.

Article 34. On Petition of William B. Dasha, et al: To see what sum of money the Town will vote to raise and appropriate for the employment of a Town Manager or take any other action in relation thereto.

Article 35. To see what additional sum of money the Town will vote to raise and appropriate for the employment of District or other Nurses under the provisions of Section 5 of Chapter 40 of the General Laws to be expended under the direction of the Selectmen or so authorized by the Selectmen, under the direction of the Board of Health.

You are directed to serve this warrant by posting a copy thereof, attested by you in writing in each of two public places in each voting precinct in said town, seven days at least before the time for holding the first meeting called for in this warrant.

Hereof fail not, make due return of this warrant with your doings thereon to the Town Clerk of said Town on or before the Thirtieth day of March, 1929.

Given under our hands at Weymouth this 12th day of March in the year of our Lord Nineteen Hundred and Twenty-Nine.

H. FRANKLIN PERRY,
WINSLOW M. TIRRELL,
FRED E. WAITE,
EDWIN R. SAMPSON,
WILLIAM A. CONNELL,

Selectmen of Weymouth.

A True Copy, Attest:
EDWARD F. BUTLER
Constable of Weymouth

RETURN OF SERVICE

COMMONWEALTH OF MASSACHUSETTS

NORFOLK, ss.

Weymouth, March 28, 1929

I have this day served the within warrant by posting a true copy thereof attested by me in writing in each of two public places in each voting precinct in said Town of Weymouth seven days before the time of holding said meeting.

EDWARD F. BUTLER

Constable of Weymouth

CERTIFICATE

I hereby certify that a copy of the above warrant was mailed to each Town Meeting Member seven days before the time of holding said meeting, as provided in Section 3, Chapter 61, Acts of 1921, relating to the Town Meeting Act of the Town of Weymouth.

CLAYTON B. MERCHANT

Town Clerk

SPECIAL TOWN MEETING

Pursuant to the foregoing warrant a special meeting of the inhabitants of the Town of Weymouth, represented by its duly elected and qualified Town Meeting Members, was held at the hall of the Weymouth High School, East Weymouth, on Thursday, the 4th day of April, 1929.

The meeting was called to order at 7:45 p. m. by George L. Barnes, annual Moderator, who requested the Town Clerk to read the warrant for said meeting, after reading the call for the meeting, it was voted that the further reading of the articles in the warrant be omitted, as each Town Meeting Member had a copy of the warrant, The Town Clerk then read the last three paragraphs of the warrant and the attestation of the Constable who served the warrant.

172 Town Meeting Member's names being checked by police stationed at each door of the hall, out of 239 Members eligible.

Before proceeding to the business of the evening the following were sworn as Town Meeting Members.

Charles T. Bailey, Joseph Buckley, Carlton C. Chambers, John Griffin, Alton W. Jones, Archibald McCullagh, James H. Pitts, Raymond E. Stein, John Thomson, Stanley T. Torrey, Alfred F. Turner, Russell H. Whiting, Edwin R. Sampson, Peter A. Gallant, Ralph H. Haskins, Timothy F. Hanifan, John Q. Hunt, Joseph Nosiglia, Carl F. Prescott, David J. Toomey, George W. Ventre, J. Ralph Bacon, Charles Y. Berry, Grant B. Chase, Frank M. Chubbuck, Howard M. Clark, Charles A. Coyle, Russell E. Dexheimer, Walter E. Gutterson, Edward A. Hunt, Dennis McCarthy, Timothy McCarthy, Everett J. McIntosh, Charles W. O'Connor,

Frank A. Pray, H. Franklin Perry, Lester W. Tisdale, John B. Whelan, Gertrude C. Andrews, Harold A. Condrick, William A. Connell, Carl F. Elsner John W. Knox, Matthew R. Loud, E. Leo Madden, Frederick G. Bauer, Alton S. Blanchard, Melville F. Cate, Harrison I. Cole, Alfred V. Coleman, Otis F. Corthell, James C. Fairweather, Minot E. Hollis, Joseph W. Kohler, Arthur I. Negus, Alonzo, M. Newbert, Matthew O'Dowd, Josiah B. Reed, Prince H. Tirrell, Fred E. Waite, Bartholomew Coughlan, Nicholas Garofalo, Frederick Humphrey, Cornelius J. Lynch, Robert Mitchell, J. Edward Mulligan, George W. Perry, Daniel Reidy, Winslow M. Tirrell, Samuel F. Upton, Willard F. Hall, Irving E. Johnson, Alston A. Shaw, Bessie L. Sherman, Rufus Bates, Benjamin M. Cowan, Allan C. Emery, Parker T. Pearson, Fred H. Smith, John W. Field, Francis A. Gunn, Frank G. Hale Jr, Frank W. Holbrook.

Frederic G. Bauer asked unanimous consent of the meeting to offer the following resolution, and the same was unanimously adopted.

That the thanks of the Town be extended to the Quartermaster, United States Army and the Superintendent of the Gettysburg National Military Park for the gift of a stone from the battlefield of Gettysburg; to the Chief of Ordnance, United States Army, for the gift of certain ordnance and ordnance stores; to Major Harry Coope, Adjutant General's Department, for furnishing photographic copies of the Muster Rolls of Weymouth Companies in the Civil War, and War of 1812, and for his co-operation and assistance in identifying and verifying the military records of Weymouth soldiers, and the Town further extends its thanks to Comrades Bradford Hawes and Waldo Turner, a committee of Reynolds Post, No. 58, Grand Army of the Republic, for their work in collecting and verifying the names of Weymouth soldiers in the Civil War, and the Town Clerk is hereby instructed to notify under seal of the Town each of the persons herein named of the passage of this vote.

Article 1. The Appropriation Committee moved as follows: To raise and appropriate the sum of \$2,500 for four traffic lights, of which one shall be installed at Central Square, one at Lovell's Corner, one at the corner of Washington and Middle Streets and one at the corner of Main and Columbian Streets, the installation to be made under the direction of the Chief of Police.

Mr. Wallace H. Bicknell moved to amend by striking out "at the corner of Washington and Middle Streets." not a vote.

Charles A. Tobin moved as an amendment "that \$1,500 be raised and appropriated in addition to install lights on Bridge Street, at such place as the Chief of Police may designate." Not a vote.

The motion as offered by the appropriation Committee was then put to the meeting and was declared voted.

This vote was doubted, but 7 members not having raised their hands the Moderator declared the vote carried.

Article 2 Voted: To appropriate the sum of \$25,000 for additional equipment in the form of an electric system for police department. Of this sum \$11,000 shall be raised in the levy of the current year and to meet the balance of said appropriation the Treasurer with the approval of the Selectmen be and hereby is authorized to borrow a sum not to exceed \$14,000 and to issue

bonds or notes of the Town therefor, said bonds or notes to be payable in accordance with Section 19, Chapter 44 of the General Laws, so that the whole of said loan shall be due and payable in not more than two years from the date of issue of the first bond or note. Said money to be disbursed under the direction of the Committee appointed under article 15 of the warrant for the Annual Town Meeting in March, 1928.

The Moderator appointed Charles S. Bicknell, Alfred Sheehy and Alfred P. Pillsbury, they were sworn as such by the Moderator.

The tellers reported 106 voting in the affirmative and 28 in the negative.

Article 3. Voted: To raise and appropriate the sum of \$5,000 for the construction of a bath house on the beach of Great Hill Park the same to be erected under the supervision of the Board of Park Commissioners and to be so constructed as to permit enlargement without material change in the portion already erected.

Article 4. The Appropriation Committee recommended that no action be taken under this article.

Voted: That the subject matter of this article be laid on the table until later in the evening.

Article 5. Voted: To raise and appropriate the sum of \$1,000 to be expended under the direction of the Selectmen in caring for, keeping in good repair and protecting by proper fences any burying grounds within the Town in which ten or more bodies are interred and which are not properly cared for by the owners.

Article 6. Voted: To raise and appropriate the sum of \$700 for the repair of the southerly end of Rosemont Road from Evans Street to the Weymouth Fore River line, the same to be expended under the direction of the Superintendent of Streets.

Article 7 Voted: To accept the report of the Selectmen relocating Middle Street from Washington Street to Nash's Corner and that the Board of Selectmen be authorized to acquire by gift or purchase or take by right of eminent domain for all purposes of a public street and highway in and over said street as so relocated and that the sum of \$2,000 be raised and appropriated for the working of said street including the acquisition of the foregoing easements.

The tellers reported 135 voting in the affirmative and none in the negative, a unanimous vote.

8. Voted: To accept the report of the Selectmen relocating widening and straightening Summer Street from West to southerly end of the lay-out of 1881 and that the Board of Selectmen be authorized to acquire by gift or purchase or take by right of

eminent domain an easement for all purposes of a public street and highway in and over said street as so relocated and that the Selectmen be further authorized to acquire by gift or purchase any parcels of land lying between Summer Street as heretofore existing and Summer Street as so relocated and to deed the same to any adjoining abutter in complete or partial settlement of his claim for damages, and that the sum of \$5,000 be raised and appropriated for the working of said street including the acquisition of the foregoing easements and land.

The tellers reported 217 voting in the affirmative and none in the negative. A unanimous vote.

Article 9. Voted: That no action be taken under this article.

Article 10. Voted: That no action be taken under this article.

Article 11. Voted: To raise and appropriate the sum of \$2,600 for the construction of a permanent sidewalk on the northerly side of Washington Street from a point opposite the residence of Silas W. Newcomb to a point opposite the residence of William R. Martin, the same to be expended under the direction of the Superintendent of Streets.

Article 12. Voted: That no action be taken under this article.

Article 13. Voted: To raise and appropriate the sum of \$200 for the rebuilding and relocation of the drain from Vine Street to Lincoln Square.

Article 14. Voted to take up article 15 in conjunction with article 14. The appropriation Committee recommended no action be taken under articles 14 and 15.

Alfred C. Sheehy moved as a substitute motion: That a committee of five be appointed by the Moderator to study the subject matter of these articles and report at the next meeting.

Frederick Humphrey moved as an amendment that Irving E. Johnson be one of this committee. The amendment was so voted.

The substitute motion as offered by Mr. Sheehy as amended was so voted.

The Moderator appointed the following committee, Irving E. Johnson, chairman, Marion F. French, Frederick Humphrey, Robert W. Sheehan and F. Wayland Preston.

Article 16. The appropriation Committee moved as follows: To raise and appropriate the sum of \$1,000 for payment of the claim of Mary Egan under the provisions of Chapter 299 of the Acts of 1928, provided, however, that no part of this sum shall be paid unless the said Mary Egan shall execute a release in such form as the Town Counsel may approve releasing both the Town and the Commonwealth from all claim under Chapter 299 or otherwise by reason of the widening of Bridge Street.

Samuel F. Upton moved to amend Article 16 by striking out \$1,000 and inserting in place thereof the sum \$2,500.

Frederick G. Bauer asked unanimous consent of the meeting that the privilege of the floor be granted to Judge Joseph A.

Sheehan, Counsel of Mrs. Egan, who spoke of the great damage the widening of Bridge Street had done to the property of Mrs. Egan.

The question on the amendment of Mr. Upton was put before the meeting and it was declared not a vote.

Cornelius J. Lynch moved as an amendment that the sum be \$2,500.

This amendment was declared not a vote.

David J. Toomey moved as an amendment that the sum be \$1,750.

This amendment was declared not a vote.

The motion as offered by the Appropriation Committee was put before the meeting and it was so voted.

Voted: To take up article 4.

George E. Cunniff moved as an amendment to the motion as offered by the Appropriation Committee: That the Board of Park Commissioners be and hereby are authorized to acquire by purchase or take by right of eminent domain a certain tract of land between Lake Street and Whitman's Pond bounded and described as follows:

Northerly by Lake Street 150 feet; easterly by lot 31 on the plan hereinafter described 121 feet; Southerly by Whitman's Pond 157.92 feet; Westerly by lot 24 on the plan hereinafter described 78 feet containing 14,261 square feet of land, more or less, and being lots 25 to 30 inclusive on a plan entitled "Lakeside, Plan of subdivision of land in (East) Weymouth, Mass. Alan Wingate, Trustee, Russell H. Whiting, Civil Engineer, dated May 15, 1928 and that the sum of \$1,500 be raised and appropriated for the acquisition of the above mentioned land.

Prince H. Tirrell moved to amend by striking out all reference to taking by right of eminent domain.

By unanimous consent of the meeting he withdrew his amendment.

John F. Dwyer moved that the subject matter of the article be laid on the table. Not a vote.

J. Edward Mulligan moved the previous question. So voted.

Prince H. Tirrell moved: That any taking of this land by right of eminent domain shall be for an agreed price not exceeding \$1,500.

The amendment offered by George E. Cunniff was then put before the meeting and the tellers reported 131 voting in the affirmative and none in the negative, a unanimous vote.

Voted to adjourn until Wednesday evening April 10, 1929, at 7.30 o'clock.

CERTIFICATE

I hereby certify that a notice of the adjournment of the special town meeting was posted in ten public places in said town, also a notice of said adjournment was mailed to each Town Meeting Member at least twenty-four hours before the time of holding said meeting as provided in Section 3 of Chapter 61 of the acts of 1921.

CLAYTON B. MERCHANT, Town Clerk.

ADJOURNED SPECIAL TOWN MEETING

Weymouth, April 10, 1929.

The adjourned special town meeting was held at the hall of the Weymouth High School, this evening, the meeting was called to order at 7.45 o'clock by George L. Barnes, Annual Moderator 144 Town Meeting Members names being checked by police stationed at the entrance of the hall.

Article 17. Voted: That no action be taken under this article.

Article 18. Voted: That the town authorize its Electric Light Committee to contract with the Weymouth Light and Power Company for furnishing lights to the Town for a period not to exceed one year, contract to be subject to the approval of the Town Counsel before its execution.

Article 19. Voted: That the subject matter of this article be referred to the Electric Light Committee.

Article 20. Voted: To raise and appropriate the sum of \$10,000 for the purpose of completing the work of the Committee on Sewerage, the same to be expended under the direction of the present Committee.

Article 21. Voted: That articles 22 and 23 be taken up with this article.

Articles 21-22-23. Voted: That the Board of Selectmen be authorized to advertise for bids and to award a contract for the removal of Garbage in the Town. One of the conditions of said contract to be that all such garbage shall be disposed of outside the limits of said Town, and that the sum of \$15,000 be raised and appropriated for the foregoing purpose.

Article 24. Voted: That no action be taken under this article.

Article 25. The Appropriation Committee moved as follows: That the Board of Selectmen be authorized to lease under the conditions and in the manner provided in Section 9 of Chapter 40 of the General Laws as amended a suitable part of a building for the purpose of providing headquarters for Weymouth Post 1399, Veterans of Foreign Wars of the United States; and that the sum of \$300 be raised and appropriated for the foregoing purpose.

William A. Connell moved as a substitute motion: That the Town raise and appropriate the sum of \$600 to provide suitable quarters for Wessagussett Post No. 1399, Veterans of Foreign Wars of the United States, this is in compliance with Chapter 30, General Laws, Section 9.

The question of the substitute motion was put before the meeting and it was so voted.

Article 26. Voted: To raise and appropriate the sum of \$2,000 for the expense of revising the Town Map of 1915 and preparing lithograph or other copies thereof, the same to be disbursed under the direction of the Board of Selectmen.

Article 27. The Appropriation Committee recommended no action be taken under this article.

Alfred Sheehy moved as a substitute motion: That the sum of \$3,510 be raised and appropriated to be used to increase the salaries of the permanent members of the Fire Department.

The question of the substitute motion was put before the meeting and it was so voted.

Article 28. Voted: That the parcel of land on Church Street known as "Weymouth Heights Mall" be placed under the jurisdiction of the Park Commissioners.

Article 29. Voted: To accept the report of the Selectmen laying out as a Town Way a certain strip of land lying between Front and Main Streets recently conveyed to the Town by the Stetson Shoe Company, Inc.

Proposed Street from Front Street to Main Street

Description

Beginning at a point on the easterly side line of Front Street distant 68.66 feet southerly from a stone bound marking an angle point in said side line of Front Street; thence running in a general southeasterly direction by a tangent curve to the left with a radius of 15 feet a distance of 22.88 feet to a point of curvature; thence running in a general northeasterly direction by a tangent curve to the left with a radius of 15 feet a distance of 23.89 feet to a point on the westerly side of Main Street distant 259.53 feet southerly from a Massachusetts highway bound in said side line of Main Street, all by land of Stetson Shoe Company, Incorporated; thence turning and running in a general northwesterly direction by a tangent curve to the left with a radius of 15 feet a distance of 23.23 feet; thence running westerly by a tangent line a distance of 120.12 feet to the point of curvature; thence running in a general southwesterly direction by a tangent curve to the left with a radius of 15 feet a distance of 24.25 feet to said side line of Front Street, the last three courses being by said other land of Stetson Shoe Company, Incorporated; thence turning and running northerly by said side line of Front Street

a distance of 80.08 feet to the point of beginning. All of the land enclosed by the above described lines is hereby laid out as a Town Way and recommended to the Town for acceptance. For a further identification of this description and location, reference is hereby made to a "Plan of a proposed street, South Weymouth, Mass." made by Russell H. Whiting, Civil Engineer, dated Sept. 20, 1929, approved by us, verified by our signatures and adopted as a part of this record.

The aforesaid plan together with the certificate of the action of the Selectmen in laying out this proposed street have been duly filed with the Town Clerk.

No land, grade or other damage is awarded.

The proprietors of land hereby taken are given until the first day of September, 1929, in which to remove their trees, fences or other property.

Which laying out is hereby reported to the Town under the law provided for the assessments of Betterments, and when recorded and constructed is forever to be known as a Town Way and we recommend that the street be called: Charmada Street.

Done under our hands at Weymouth this 25th day of March, nineteen hundred and twenty-nine.

H. FRANKLIN PERRY,
WINSLOW M. TIRRELL,
FRED E. WAITE,
EDWIN R. SAMPSON,
WILLIAM A. CONNELL,
Selectmen of Weymouth.

Article 30. Voted: That the Town accept the report of the Selectmen laying out as a Town Way a certain parcel of land on the northerly side of Commercial Street in Washington Square, which taking was authorized by vote of the special Town Meeting held February 7, 1929, and that so far as any easements may exist the Selectmen be authorized to acquire by gift or purchase or take by right or eminent domain as easement for all purposes of a public street or highway in and over said parcel and that the sum of \$1.00 be raised and appropriated for the acquisition of said easements.

The tellers reported 113 voting in the affirmative and none in the negative, a unanimous vote.

Widening of Commercial Street at Land of Harry Matzman and Isaac Rovner

Description

Beginning at a point of compound curvature situate in the northeasterly side line of Commercial Street as shown on "Plan showing the relocation and widening of Commercial Street in the

towns of Braintree and Weymouth between Quincy Avenue, Braintree and Washington Square, Weymouth as made by the Norfolk County Commissioners" from surveys made by Russell H. Whiting, Civil Engineer, dated April, 1926, Hartley L. White, County Engineer; thence running north $51^{\circ} 28' 39''$ W, a distance of 31.53 feet; thence turning and running north $42^{\circ} 31' 29''$ E, a distance of 3.84 feet to a point on the division line between land of Clarence M. Price and land of Harry Maltzman and Isaac Rovner the last two courses being by said side line of Commercial Street as relocated and widened by the Norfolk County Commissioners; thence turning and running in a general southeasterly direction by said land of Harry Maltzman and Isaac Rovner by a curve to the left with a radius of 129.81 feet a distance of 31.58 feet to the point of beginning, containing 40 square feet more or less.

All of the land enclosed by the above described lines is hereby laid out as a Town Way and recommended to the Town for acceptance.

For a further identification and location reference is hereby made to a "Plan of a relocation of a part of Commercial Street, Weymouth, Mass." made by Russell H. Whiting, Civil Engineer, dated Jan. 25, 1929, and adopted as a part of this record.

The aforesaid plan together with the certificate of the action of the Selectmen in laying out this proposed way have been duly filed with the Town Clerk.

The proprietors of land hereby taken are given until the first day of September, 1929, in which to remove their trees, fences or other property.

Which laying out is hereby reported to the Town under the provisions of law provided for the assessments of Betterments, and when accepted, recorded and constructed is forever to be known as a Town Way and we recommend that the street be called: Commercial Street.

Done under our hands at Weymouth this 25th day of March, nineteen hundred and twenty-nine.

H. FRANKLIN PERRY,
WINSLOW M. TIRRELL,
FRED E. WAITE,
EDWIN R. SAMPSON,
WILLIAM A. CONNELL,
Selectmen of Weymouth .

Article 31. Voted: That the Board of Water Commissioners be authorized to continue to acquire by gift, purchase or taking by eminent domain for the purpose of preserving the purity of the Town's water supply, under provisions of Chapter 79 and of Section of Chapter 40 of the General Laws of the Commonwealth, all the land lying within the watershed of Great Pond

and referred to by the vote passed by the Town under Article 57 of the warrant for the Annual Town Meeting held March 7, 1927, and that the sum of \$13,500 appropriated for said purpose under item 40 of Article 1 of the warrant for the Annual Town Meeting held March 4, 1929, is hereby appropriated and made available for the takings referred to herein.

Article 32. The Appropriation Committee moved: That section 804 of the by-laws is hereby amended by striking out the words "above a light blue panel outlined in gold and bearing the words Weymouth, Massachusetts", so that said section shall read as follows:

Section 804. The Flag of the Town shall be of navy blue having in its center the Seal of the Town, and in the four corners in gold the dates, "1623"- "1675"- "1676"- "1775".

The question was put before the meeting and was declared not a vote.

Article 34. Voted: That a committee of five be appointed by the Moderator to investigate and report at or before the next Annual Town Meeting on the expediency of petitioning the Legislature for legislation providing for a Town Manager, together with a draft of any proposed legislation recommended by the committee, and that the sum of \$50 be raised and appropriated for the expenses of the committee.

The Moderator appointed Fred L. Alden, chairman, Albert E. Gladwin, Joseph Kelley, John W. Heffernan and Josiah B. Reed.

Fred L. Alden resigned as chairman of this committee and the Moderator appointed Joseph Kelley in his place thereof.

Article 35. Voted: That the additional sum of \$200 be raised and appropriated for the employment of district and other nurses under the provisions of Clause 21 of Section 5 of Chapter 40 of the General Laws, the money to be expended under the direction of the Board of Selectmen or by the Board of Health if so authorized by the Selectmen.

Voted: To adjourn at 9:06 P. M.

CLAYTON B. MERCHANT, Town Clerk

SPECIAL PRIMARY

COMMONWEALTH OF MASSACHUSETTS

NORFOLK, ss.

To either of the Constables of the Town of Weymouth.
GREETING:

In the name of the Commonwealth of Massachusetts you are hereby required to notify and warn said inhabitants of Weymouth qualified to vote in primaries, to meet at the polling

places in their respective precincts, to wit: In precincts 1-3-5 and 6 in the halls of the Fire Engine houses located in those precincts respectively; in precinct 2 at G. A. R. Hall; in precinct 4 at the building of the Citizens' Improvement Association, Inc. on Front Street; in precinct 8 at the Weymouth Heights Club Building on North Street.

Tuesday, the Tenth day of September, 1929

at Two o'clock p. m. for the following purpose:

To bring in their votes to the Primary Officers for the nomination of a Candidate of Political Parties for the following office:

Senator (to fill vacancy) for the Norfolk-Plymouth District.

The polls will be open from 2 to 8 p. m.

And you are directed to serve this warrant by posting attested copies thereof seven days at least before the time of holding said meeting as directed by vote of the town.

Hereof fail not and make due return of this warrant to the Town Clerk of said town on or before the seventh day of September A. D. 1929.

Given under our hands this 26th day of August A. D. 1929.

H. FRANKLIN PERRY,
WINSLOW M. TIRRELL,
FRED E. WAITE,
EDWIN R. SAMPSON,
WILLIAM A. CONNELL,
Selectmen of Weymouth.

A true copy, Attest:

EDWARD F. BUTLER

Constable of Weymouth

WARRANT FOR SPECIAL TOWN MEETING

COMMONWEALTH OF MASSACHUSETTS

NORFOLK, ss.

To the Constables of the Town of Weymouth in said County, GREETING:

In the name of the Commonwealth of Massachusetts you are hereby required to notify and warn the inhabitants of Weymouth aforesaid qualified to vote in Town affairs to meet in the Hall of the Weymouth High School Monday, September 16th, 1929 at seven o'clock and forty-five minutes in the evening, then and there to act upon the following articles, namely:

Article 1. To receive and act upon the report of any Committee heretofore appointed, and to appoint any Committee the Town may think proper.

Article 2. To see if the Town will vote to accept Chapter 132 of the Acts of 1929, relating to the refining of oil in the Town, or take any other action in reference thereto.

Article 3. To see if the Town will vote to accept Section 6 of Chapter 148 of the General Laws relating to the removal of combustible materials in the Town, or take any other action in reference thereto.

Article 4. To see if the Town will vote to accept from Reynolds Post No. 58, Grand Army of the Republic, a deed of a certain lot in Fairmount Cemetery, to be held by the Town upon certain trusts specified in said deed, or take any other action in reference thereto.

Article 5. To see if the Town will vote to sell to the Merchants Co-operative Bank of Boston a certain triangular piece of land shown as lot A on a "Plan of Land in (South) Weymouth, Mass." dated August 20, 1929, Russell H. Whiting, Civil Engineer, and bounded and described as follows:

Commencing at the Easterly corner of the said premises, thence running in a Westerly direction by Lot 10 shown on said plan, One Hundred Eighty-One and 31-100 (181.31) feet to a stone bound; thence running in a Southeasterly direction by land of the Town of Weymouth occupied by the Water Department of said Town, Twenty-one and 79-100 (21.79) feet; thence running in a Northeasterly direction by land of the Town of Weymouth occupied by the School Department of said Town, One Hundred Eighty (180) feet to a point of beginning. Containing 1961 square feet of land, more or less.

Article 6. To see if the Town will vote that all money appropriated for the construction of the new fire station in Ward Three and for plans, estimates and preliminary work in connection with the same shall be accounted for and disbursed as one fund for the purposes expressed in the votes appropriating said moneys, or take any other action in reference thereto.

Article 7. To see what sum of money the Town will vote to raise and appropriate for the purpose of having a plan made of the several cemeteries in the Town with the location of the graves of all veterans marked thereon, or take any other action in reference thereto.

Article 8. To see if the Town will instruct its Selectmen to petition the Legislature for an act authorizing the Town to raise and appropriate money for participation in the Massachusetts Bay Tercentenary Celebration, or take any other action in reference thereto.

Article 9. To see what sum of money the Town will vote to raise and appropriate or appropriate from the income of the John B. Rhines Fund for the adornment of the walls of the Town Hall, or take any other action in reference thereto.

Article 10. To see if the Town will vote to ratify the action of the Board of Selectmen in taking from John F. Dwyer and Joseph Kelley leases of certain land adjoining their estates on Washington Street and now forming part of the sidewalk, or take any other action in reference thereto.

SCHOOL DEPARTMENT

Article 11. To see if the Town will vote to authorize the Board of Selectmen to acquire by purchase or take by right of eminent domain for School purposes the so-called Stetson-Hunt property at the corner of Front and Stetson Streets, and bounded Westerly by land now or late of Cora A. Sanborn, Northwesterly by the Hunt School lot belonging to the Town of Weymouth, Easterly by Stetson Street, and Southerly by Front Street and by a certain lot of land now or late owned by Elizabeth Peyton, containing about 96,200 square feet of land, and to see what sum of money the Town will vote to raise and appropriate for the acquisition of said land, or take any other action in reference to the same.

Article 12. To see if the Town will vote to authorize the Board of Selectmen to acquire by purchase or take by right of eminent domain for school purposes the parcel of land adjoining the High School bounded and described as follows:

“Beginning at the Northeasterly corner of the premises at the junction of said land with land of the Town of Weymouth on the Westerly side of Middle Street:

Thence Southerly, bounded Easterly by said Middle Street 83.16 feet;

Thence Westerly by a line parallel with and distant 100 feet Northerly from the Southerly boundary of property now or formerly of the New England Telephone and Telegraph Company;

Thence Westerly approximately 205 feet to a stake at land now or formerly of Owen Mitchell;

Thence Northerly on land of said Mitchell 144.24 feet to land of said Town of Weymouth;

Thence Easterly on said land of the Town of Weymouth 336.78 feet to the point of beginning on said Middle Street.

Being the same premises described in a deed of Rose A. Homa or Holna to Belle S. Whitmarsh dated October 19, 1923 and recorded with Norfolk Deeds, Book 1579, Page 630, “and to see what sum of money the Town will vote to raise and appropriate for the acquisition of the above described land, or take any other action in reference thereto.”

Article 13. To see what sum of money the Town will vote to raise and appropriate for the permanent construction of roadways and parking spaces on the grounds adjoining the High School, including the installation of lights and the planting of trees and shrubs adjacent thereto, or take any other action in reference thereto.

Article 14. To see what additional sum of money the Town will vote to raise and appropriate for the further drainage, surfacing and laying out of Legion Memorial Field or take any other action in reference thereto.

Article 15. To see what action the Town will take in reference to the form of memorial to be erected to the memory of its soldiers, sailors and marines who have sacrificed their lives in the service, and to see what sum or sums of money the Town will vote to raise and appropriate for the completion of such plans as have been or may be approved by the Town in reference to War Memorials, or take any other action in reference thereto.

Article 16. To see what sum of money the Town will vote to raise and appropriate for the Dedication on Armistice Day of the Commemorative Tablets bearing the names of its soldiers, sailors and marines, or take any other action in reference thereto.

Article 17. To see what additional sum of money the Town will raise and appropriate for the operation and expenses during the current fiscal year of each of the following Town Departments and activities, to wit:

- | | |
|--------------------------------|---------------------------|
| 1. Appropriation Committee | 8. Charities |
| 2. Selectmen's Department | 9. Soldiers' Relief |
| 3. Elections and Registrations | 10. Insurance |
| 4. Town Hall | 11. Interest and Discount |
| 5. Police Department | 12. Unpaid Bills |
| 6. Fire Department | 13. Water Department |
| 7. Highways | |

Article 18. To see what sum of money the Town will vote to raise and appropriate for the drainage of Front Street between Stetson Street and the Ashwood Cemetery, or take any other action in reference thereto.

Article 19. To see what sum of money the Town will vote to raise and appropriate for the erection and equipping of a new Fire Station, Ward 2, in accordance with the plans of the Committee in charge of the matter, and to determine the manner in which the money so appropriated shall be raised, whether by loan or otherwise, and to fix the terms and conditions of any loan or loans necessary to procure said money, and to authorize the issue of bonds or notes therefor, or take any other action in reference thereto.

Article 20. ON PETITION: To see what sum of money the Town will vote to raise and appropriate for the purchase of a new Fire Pumping Engine for Ward 5, or take any other action in reference thereto.

Article 21. To see if the Town will vote to raise and appropriate \$4000 to complete the working of Summer Street as relocated at the last Town Meeting, or take any other action in reference thereto.

Article 22. To see what sum of money the Town will vote to raise and appropriate for the installation of traffic signal lights at the intersection of Bridge and Neck Streets, or take any other action in relation thereto.

Article 23.° ON PETITION: That a committee be appointed to investigate the taking of land on Commercial Street near Tufts Crossing, for bathing purposes, or take any other action relative thereto.

Article 24. On Petition of the Planning Board: To see if the Town will authorize the Board of Selectmen to acquire by purchase or take by right of eminent domain a single story frame building located at the junction of Pond and Derby Streets, South Weymouth, and the land on which the same stands, belonging to Thomas H. Hannaford, and to see what sum of money the Town will vote to raise and appropriate for the acquisition of the said land and building, or take any other action in reference thereto.

Article 25. To see if the Town will vote to instruct the Selectmen to petition the Legislature for the following amendments to the Town Meeting Act (Chapter 61 of the Acts of 1921) or take any other action in reference thereto:

(a) Amend the fourth sentence of Section 3 so that the same shall read:

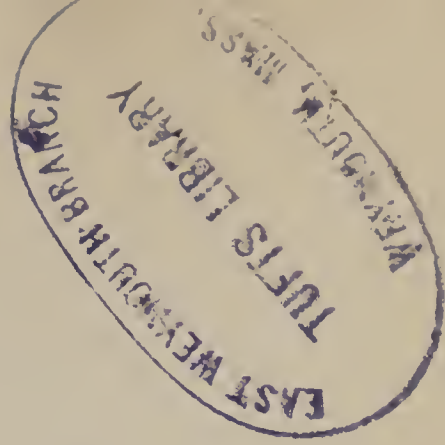

"A majority of the town meeting members shall constitute a quorum for doing business; but a less number may organize temporarily and may (take a recess or) adjourn from time to time."

(b) Amend the fifth sentence of Section 3 so that the same shall read:

"Notice of every adjourned town meeting shall be posted by the Town Clerk in ten or more public places in the town, and (if the adjournment is for more than forty-eight) hours he shall notify by mail the members of the town meeting of the adjournment at least twenty-four hours before the time of the adjourned town meeting."

(c) Add after the sixth sentence of Section 3 the following new sentence:

"In the warrant for any town meeting the selectmen may insert a provision summoning the members, in case the business named in the warrant is not completed on the day named to meet in adjourned session at a time and place named in the warrant for the consideration of such articles as shall not have been acted upon, but this shall not prevent the town meeting from voting further adjournments."

Article 26. To see if the Town will vote to make the following amendments to its by-laws, or take any other action in reference thereto:

ARTICLE 1

Amend Section 110 by striking out the word 'larger' and inserting in place thereof the word 'largest'.

Add the following new sections:

CHAPLAIN

"Section 112. The Board of Selectmen shall arrange for the attendance of a clergyman as chaplain for each Town Meeting, which chaplain shall receive such compensation as the Board may determine, payable from the Selectmen's appropriation for miscellaneous expenses."

STENOGRAPHER

"Section 113. The Town Clerk shall arrange for the attendance of a competent stenographer at each town meeting. Such stenographer shall be responsible to the Town Clerk and his compensation shall be paid from the appropriation from the Town Clerk's department."

ARTICLE III

Add to Section 301:

"The Town Accountant and Town Counsel shall be ex-officio advisory members of said Committee."

Amend Section 302 so that the first clause thereof shall read:

"The Appropriation Committee shall prepare the annual budget as provided by law, shall consider the various articles relating to the raising or expenditure of money and all other articles which commit the Town to the expenditure of money in the warrant for all Town meetings held during the period for which they have been appointed;"

And add at the end of said section:

"For the preliminary examination of the financial needs of the several Town departments and activities, the Committee may divide itself into sub-committees, but the final recommendations to the Town shall be acted upon at a meeting of the full Committee. Five members of the Committee shall constitute a quorum for all purposes except final recommendation to the Town Meeting, for which the presence of a majority shall be required. The clerk of the Board of Selectmen shall send to the Secretary of the Committee as soon as received, all articles accepted by the Selectmen for inclusion in the warrant for any annual or special Town Meeting."

Amend Section 305 by striking out the sentence "Except as otherwise provided by statute and subject to the provisions of any statute in that behalf, they shall determine what town officers and employees shall give bonds, shall fix the form of and amount of such bonds and determine the sufficiency of the surety or sureties thereon," and insert in place thereof the words, "Except as otherwise provided by statute or vote of the Town, and subject to any provisions of any statute or vote in that behalf, they shall determine what Town officers and employees shall give bond, and shall, on recommendation of the Town Counsel, fix the form and amount of all bonds of officials and employees and bonds taken to secure the performance of any contract to which the Town is a party, determine the sufficiency of the surety of sureties thereon, and determine the amount and form of insurance to be carried upon all Town property."

Add at the end of the first paragraph, the following new sentence: "They shall have control of all town property which is not actually occupied by a Town official, department, or activity, and shall enforce the conditions and covenants of any lease or tenancy thereof."

Amend said section further by striking out the words "They shall control the Town Office" and insert the words "Subject to the provisions of these by-laws, they shall control the Town Hall".

Amend said section further by adding at the end thereof: "Until the Town makes other provisions therefor, they shall have control of all memorials erected by the Town to its soldiers and sailors and of the grounds surrounding the same."

ARTICLE IV

Amend Section 405 by striking out in the last sentence thereof the words "or claim for the taking of private property by eminent domain for a greater sum than one and one-half times the average assessed value during the three preceding years, or if said property has not been assessed, for a greater sum than its fair market value," and insert in place thereof the following new sentence:

"Any other Town board having authority to take property by eminent domain may in like manner on recommendation of the Town Counsel compromise any claim for property so taken by them."

Add the following new section:

"Section 406: All payments by the Town for workmen's compensation shall on the approval of the Board of Selectmen be charged to the appropriation for the payment of damages."

ARTICLE V

Amend Section 501 by striking out the words "between the time when the ground freezes in the Autumn and the time when the frost is out of the ground in the Spring," which times shall for the purpose of this section be determined each year by the Board of Selectmen," and insert in place thereof the words, "between November 15 and March 15."

Add to Section 501 the following:

"No person having authority to dig up or obstruct any street shall do so in a manner which does not leave reasonable access for persons and vehicles to property abutting on such street or which does not leave a reasonable passage through the street for fire apparatus."

Add to Section 505: "Before recommending to the Town the acceptance of any street which has been laid out as a Town way by the Selectmen on petition of the abutters, the Committee shall require a report from the Town Engineer and Superintendent of Streets, as to whether the provisions of law, of these by-laws, and of the rules of the Board of Survey applicable to such streets have been complied with."

Amend Section 508 by striking out at the end thereof the words "and have agreed to pay betterment assessments".

ARTICLE VI

Amend Section 601 by changing the period at the end thereof to a comma, and adding, "or whereby any stream of water or slush is discharged on any street or other way in such manner as to cause a nuisance by freezing or otherwise."

Section 1 to 9 inclusive of the amendment approved November 5, 1917 relating to hawkers and pedlars are hereby numbered Sections 609 to 617 inclusive of these by-laws.

Section 10 and 11 of said amendment relating to hawkers and pedlars are hereby repealed.

ARTICLE VII

Amend Section 701 by striking out in the last sentence thereof the words "such as the Town from time to time may vote," and insert in place thereof the words "fixed by the Board of Selectmen within the limits of the appropriation made by the Town for that purpose."

Amend Section 703 by striking out the words at the end thereof "and that the means of ingress and egress are sufficient" and insert in place thereof the following words "that the means of ingress and egress are sufficient, and that the building conforms to the requirements of these by-laws."

Strike out Section 705 and insert in place thereof the following: "He shall examine as often as practicable all buildings which are being erected, raised, enlarged, altered or repaired and for that purpose shall have the right of entry thereto. In case such building is found to violate any provision of these by-laws he shall direct such alterations as may be necessary to make such structure conform to them. If such directions be not complied with he shall make a written report of the facts to the Town Counsel, who shall institute such Court proceedings, either Civil or Criminal, as the facts shall in his opinion warrant."

Add the following new section:

“Alterations, repairs and additions subject to this by-law.”

Section 706. Any alterations or additions to any building already erected or hereafter to be built except necessary repairs as herein defined, shall to the extent of such work, be subject to the provisions of this article.”

Strike out Section 707 and 708.

Renumber Section 709 as Section 707, and strike out therein the words “built up” and insert in place thereof the words “built up or altered.”

Add the following new sections:

Section 708. “No building shall be moved to any location where its construction would be in violation of the provisions of this article.”

Section 709. “No building or other structure hereafter erected, moved or altered shall after its erection, moving or location be used for any purpose for which the erection of a new building or structure identical in character with the one so erected, moved or altered is forbidden by this article.”

Strike out all definitions contained in Section 710 and substitute therefor the following:

“Alteration”, any change in or addition to any building or any change in or addition to any other structure which converts the same into a building within the meaning of this article.

“Building”, any structure of which any portion is designed or used for human habitation, for a garage, barn or stable, for any manufacturing, industrial, or mercantile purpose, for a place or public resort or assembly or which is used in connection with the storage or sale of petroleum or any of its derivatives or any other structure not hereinbefore described which is more than one story in height or covers an area of more than 200 square feet.

FIRST CLASS BUILDING

A Building of fireproof material throughout with floors constructed of iron, steel or reinforced concrete beams, filled in between with terra-cotta or other masonry arches or with concrete or reinforced concrete slabs; wood may be used only for under and upper floors, windows and door frames, sashes, doors, interior finish, hand rails for stairs, necessary sleepers bedded in the cement, and for isolated furrings bedded in mortar. There shall be no air space between the top of any floor arches and the floor boarding.

SECOND CLASS BUILDING

A building not of the first class, the external and party walls of which are of brick, stone, iron, steel, concrete, reinforced concrete, concrete blocks, or other equally substantial and fire-proof material.

THIRD CLASS BUILDING

Any building not of the first or second class.

"Cellar", A lower story of which one-half or more of the height from the bottom of the story to the under side of the floor joists of the story next above, is below the mean grade of all the streets, or the mean grade of the natural ground adjoining the building; provided that said grade of the ground is not below the grade of the street at the principal front.

"External Wall", every outer wall or vertical enclosure of a building, other than a party wall.

"Fire Wall", a masonry division wall which extends through and at least two feet above the roof and in which all openings are protected by fire doors, or any wall dividing spaces within a building into limited areas for fire protection.

"Foundation Wall", that portion of any external wall below the level of the street curb, and that portion of any party wall below the cellar floor, and of any wall not on the street, that portion of the wall below the level of the ground, outside of the wall.

"Height of a Building", the distance from the top of the outside foundation wall on street to the highest part on roof.

"Partition Wall", any interior wall of masonry or other material in a building.

"Party Wall", every wall used, or built in order to be used, as a separation of two or more buildings.

"Repairs", any reconstruction or renewal of any part of a building or structure, or of its fixtures or appurtenances which does not lessen the strength or increase the fire risk of the building, and does not, in the opinion of the inspector, enlarge or diminish the cubical contents of the building, change the chimneys or stairways, or change the lines of the external walls or roof.

"Shaft", (whether for air, light, elevator, dumb waiter or any other purpose) is an enclosed space within a building extending to the roof and covered either by a skylight or by the roof.

"Vent Shaft", a shaft used solely to ventilate or light water closet compartments or bath room.

"Thickness" (of a wall), the minimum thickness of such wall exclusive of air space.

"Under-Pinning", the brick or stone wall from the foundation wall to under side of sill.

Change the period at the end of Section 711 to a comma and add at the end thereof the following: "and all roofs hereafter renewed shall be covered with one or more of the above materials, provided that this section shall not apply to such repairing or patching as shall not amount to the renewal of the covering of a whole room or a distinct section thereof."

Change the period at the end of Section 712 to a comma and add the following words: "provided the Inspector of Buildings may waive the requirement for filing plans and specifications when in his opinion the filing of either or both is unnecessary."

Section 717. Change the third sentence so as to read: "The posts, sills, and girts shall not be less than four by six inches, the plates 4 by 4 inches, or its equivalent, and the studs two by four inches, not more than sixteen inches on centers, and resting upon sills, girders or plates."

In the third sentence from the end of said section, strike out the words "and to be placed not more than sixteen inches on centers" and insert in place thereof the words "shall be placed not more than sixteen inches apart on centers and shall rest full width on sills, girders or plates."

In the last sentence of said section, insert before the figures "24" the words "not more than".

Section 720. Strike out in said section the first sentence and insert in place thereof the following:

"Except as otherwise provided in the following section, every building hereafter erected shall have a foundation wall of rubble stone, block granite, concrete or brick, laid in mortar, carried to the surface of the ground and extending under all portions of the exterior wall of said building except piazzas and porches and except projections in the nature of bay or oriel windows all portions of which are within the lines of an equilateral triangle one side of which shall be the exterior wall of the room from which such bay or oriel window projects, or if built on a corner, within the arc of a circle whose radius is one-half of the shorter of the two exterior walls of the room from which it projects, and whose center is the point of intersection of the straight portion of the said walls projected into such bay or oriel window." In the second sentence of said section after the word "foundation" insert the word "wall". In the third sentence of said section after the word "foundation" insert the word "wall".

Section 721. Strike out the word "wooden" in the first sentence of said section. In the last sentence of said section, strike out the words "without girts or tenoned studs and posts, but in a" and insert in place thereof the words "in any".

Section 722. Amend the first sentence thereof so as to read: "Piers under girders, supporting floor timbers in cellars may be of iron. Lally column or columns of similar type, red cedar or chestnut of sufficient strength, or brick or concrete, and in any case shall be not more than nine feet apart, and all trimmers in the first floor over twelve feet in length shall be supported by a pier or column."

Change the period at the end of said section to a comma and add thereto: "unless the same shall rest upon hard pan or ledge."

Transfer to the end of said section the following words from Section 723: "The spaces between such parts of floor joists as rest upon girders, partition heads or sills shall have the spaces filled in solid, between the studs flush with the under side of the finished floor with bricks laid in mortar, or other fire-proof material; the spaces between stringers or staircases and joists of landing, unless unceiled, shall be stopped with some incombustible material at two places in every flight of stairs, so as to prevent the passage of air. Fire-stops must be put on each floor, between the floors and chimney. All channels and pockets for gas, water and soil pipes must be made smoke tight at each floor."

Amend Section 723 by inserting after the word "brick" in the first clause the word "party."

Renumber Section 729 as Section 728.

Renumber Section 730 as Section 729.

Renumber Section 731 as Section 730.

Renumber Section 732 as Section 731.

Renumber Section 733 as Section 732. Strike out the first sentence in the third paragraph of said section and insert in place thereof:

"All chimneys shall project at least two feet above the highest part of the roof through which they pass or four feet above the highest point of the roof contiguous to the chimney, whichever is the lower, and shall be topped out with brick or stone and the topping shall not have more than two inches projection, unless covered by a cap of approved incombustible material, properly secured; and in no case shall a nail be driven into the masonry of any flue."

Renumber Section 728 as Section 797, and amend to read as follows:

"Section 797. Violations of this by-law shall be punishable by a fine or not more than one hundred (100) dollars for each offense, but the enforcement of any penalty shall not affect any right of the town to proceed civilly either at law or in equity against the property constituting a violation or against the owners or occupants thereof."

Renumber Section 744 as Section 798 and amend the same so as to read:

"FEES"

"Section 798. There shall be payable to the Town of Weymouth the following fees for building permits for the erection or alteration of buildings within the limits of the Town or for such repairs as require a permit:

Erection of first class buildings and second class buildings as herein defined	\$15.00
Erection of third class buildings as herein defined	5.00

Permits for alterations, substantial repairs which require a permit, the erection of sheds, poultry houses and like small building valued at not exceeding one thousand dollars and not intended or used for human habitation	1.00
---	------

Fees shall accompany the application for the building permit."

Renumber Section 745 as Section 799, and strike out all but the last sentence thereof, inserting in place thereof the following:

"Section 799. A Board of Appeal consisting of three members is hereby created consisting of one member of the Board of Selectmen appointed by the Board, which shall also designate the Chairman, the Town Counsel, and the Town Engineer. In the case of the absence or disability of any member of the Board, he shall designate some person to take his place, who, in the case of the Selectmen shall be a member of the Board to Selectmen: in the case of the Town Engineer some citizen of the Town of engineering experience; and in the case of the Town Counsel some citizen of the Town who is a member of the Bar. Three members of the Board shall be a quorum."

Members of the Board shall receive five (\$5.00) dollars for each meeting of the Board attended by them, payable from the appropriation for the Building Department.

Any person applying for a building permit who wishes to be relieved from any operation of the provisions of this article may make application in writing to the Building Inspector, specifying what waivers he desires made in his favor and the reasons therefor. This application with the accompanying specifications, plans and maps, if any, shall be submitted to the Board of Appeal by the Building Inspector, together with his written recommendations thereon. If unanimously approved by them, the Inspector of Buildings shall issue a permit for the same.

The present section on penalties is stricken out and the following substituted therefor :

ARTICLE IX

PENALTIES

"Section 901. Whoever violates any of the provisions of Section 501, 502, 503, 601, 602, 603, 604, 605, 606, 607, 608, 609, 611, 612, 613, 614, and 615, shall upon conviction thereof be fined in a sum not exceeding Twenty Dollars (\$20.00)."

The foregoing amendments to the by-laws shall go into effect on the calendar day following their third publication after approval by the Attorney-General as required by law, provided nevertheless that so far as any of the foregoing provisions are identical with those of the present by-laws of the Town they shall be considered as a continuation of the existing by-laws and the repeal or amendment of any provision shall not affect

any penalty or forfeiture incurred before the date on which said repeal or amendment takes effect, and further providing that if any provision of the foregoing amendments shall be disapproved by the Attorney-General or held invalid by any court of last resort, the same shall not affect other provision of these by-laws.

You are directed to serve this warrant by posting a copy thereof, attested by you in writing, in each of two public places in each voting precinct in said town, seven days at least before the time for holding said meeting called for in this warrant.

Hereof fail not, make due return of this warrant with your doings thereon to the Town Clerk of said town on or before the 12th day of September in the year of our Lord nineteen hundred and twenty-nine.

II. FRANKLIN PERRY,
WINSLOW M. TIRRELL,
FRED E. WAITE,
EDWIN R. SAMPSON,
WILLIAM A. CONNELL,
Selectmen of Weymouth.

A true copy, Attest:
EDWARD F. BUTLER,
Constable of Weymouth.

RETURN OF SERVICE

COMMONWEALTH OF MASSACHUSETTS

NORFOLK, ss.

Weymouth, September 9, 1929.

I have this day served the within warrant by posting a true copy thereof attested by me in writing in each of two public places in each voting precinct in said Town of Weymouth, seven days before the time of holding said meeting.

EDWARD F. BUTLER,
Constable of Weymouth.

CERTIFICATE

I hereby certify that a copy of the above warrant was mailed to each Town Meeting Member seven days at least before the time of holding said Meeting, as provided in Section 3 of Chapter 61 of the Acts of 1921.

CLAYTON B. MERCHANT, Town Clerk.

SPECIAL TOWN MEETING

September 16, 1929

Pursuant to the within warrant the special meeting of the inhabitants, represented by its duly elected and qualified Town Members, was held at the Hall of the Weymouth High School East Weymouth, on Monday, the 16th day of September, 1929.

The meeting was called to order at 7:45 in the evening, George L. Barnes, Annual Moderator presiding. The Moderator requested the Town Clerk to read the warrant for the meeting, after reading the call for said meeting, it was voted: That the reading of the articles in the warrant be omitted as each Member had a copy of the same, the Town Clerk then read the last three paragraphs of the warrant and the attestation of the constable who served the warrant.

Frederic G. Bauer moved and it was voted: That Rev. Fr. John F. Duran be requested to offer prayer. The Moderator requested Fr. Duran to come to the platform and he invoked the blessing of the Ruler of the Universe upon the deliberations of this meeting.

Frederic G. Bauer asked unanimous consent of the meeting to offer the following resolution:

Voted: That the thanks of the Town be extended to Captain J. S. M. Ritchie, R. N. naval attache of the British Embassy at Washington, for his courtesy in endeavoring to obtain from the British admiralty the records of certain citizens of Weymouth who served in the Royal Navy during the French and Indian War, and certain other citizens of Weymouth who died while prisoners of war during the war of 1812, and that the Town Clerk be instructed to notify Captain Ritchie of this vote.

Article 1. Voted: That a committee of seven be appointed by the Moderator to report at the next Annual Town Meeting on the expediency of establishing a Municipal Golf Course.

The Moderator appointed: Joseph Kelley, George W. Perry, Charles Edgar Stiles, John W. Heffernan, Stanley Heald, Patrick J. Derrig and Henry P. Tilden as the members of the above committee.

Article 2. Voted: To accept Section 6 of Chapter 132 of the Acts of 1929 relating to the refining of oil in the Town.

Article 3. Voted: To accept Section 6 of Chapter 148 of the General Laws relating to the removal of combustible materials in the Town.

Article 4. Voted: To accept from Reynolds Post No. 58, Department of Massachusetts, Grand Army of the Republic, a deed of lot No. 232 in the burying ground of the East Weymouth Cemetery, commonly known as Fairmount Cemetery, together with an assignment of a bond for the perpetual care of said lot, to be held by the Town upon trusts named in said deed.

Voted unanimously: That the thanks of the Town be extended to Reynolds Post No. 58, Department of Massachusetts, Grand Army of the Republic, for its public spirit and patriotism in presenting to the Town this lot as a burial place for all soldiers and sailors who have served their country honorably at any time.

Article 5. Voted: That the Board of Selectmen be and hereby are authorized to sell and convey to the Merchant's Co-operative Bank, a corporation duly organized under the laws of Massachusetts, having its usual place of business in Boston, for the sum of Four Hundred Fifteen Dollars, the following described piece of land shown as lot A, on a "plan of land in (South) Weymouth, Mass., dated August 20, 1929, Russell H. Whiting, Civil Engineer", and bounded and described as follows:

Commencing at the Westerly corner of said premises at a stone bound at the Southwesterly corner of lot 10 shown on said plan; thence running in a Northeasterly direction by said lot 10 one hundred eighty-one and 31-100 (181.31) feet to Great Pond Road; thence running in a Southeasterly direction by a line in continuation of the present Westerly line of Great Pond Road twenty-one and 79-100 (21.79) feet; thence running in a Westerly direction one hundred eight-five and 20-100 (185.20) feet by land of the Town of Weymouth, occupied by the School Department to the point of beginning.

Containing 1961 square feet of land, more or less, and being a portion of the premises acquired by the Town by a taking of eminent domain dated October 7, 1927, and recorded with Norfolk Deeds, Book 1768, Page 297, and deed of release of Carrie H. Dunn, dated October 13, 1927, and recorded with Norfolk Deeds, Book 1768, Page 402, provided that the grantee shall have no right of way over any Town property beyond the limits of Great Pond Road as at present laid out.

Article 6 Voted: All monies appropriated for the construction of the new Fire Station in Ward 3 and for plans, specifications and preliminary work in connection therewith shall be accounted for and disbursed as one fund for the purposes expressed in any of the votes appropriating said monies.

Article 7 Voted: To appropriate from surplus the sum of \$500 for making plans of cemeteries in the Town on a suitable scale so that the location of all war veterans can be indicated thereon, the same to be done under the direction of the Town Engineer.

Article 8. Voted: That the Selectmen be instructed to petition the Legislature for legislation authorizing the Town to raise and appropriate money for the celebration of the Massachusetts Bay Tercentenary, so-called.

Article 9. Voted: To appropriate from the accumulated income of the John B. Rhines Fund, the sum of \$350 for the further adornment of the walls of the Town Hall. All objects purchased to be suitably designated as being purchased from that fund and further, to appropriate from surplus the sum of \$500 for photographing, mounting and framing in the Town Hall. historical documents pertaining to the Town and the erection

of a bronze tablet bearing the names of persons who have given or bequeathed substantial amounts of money or property to the Town, these sums to be disbursed under the direction of the Building Committee.

Article 10. Voted: That the action of the Chairman of the Board of Selectmen in accepting from John F. Dwyer and Joseph Kelley leases for the term of Ninety-nine years from June, 1929, of certain strips of land now occupied by the sidewalk on the Easterly side of Washington Street between Kensington Road and King Avenue for rentals of one cent per year if demanded by the lessors, be and the same hereby are ratified and confirmed, and the Town hereby accepts said leases on the terms and conditions named in them, and that the Chairman be authorized to insert a clause by which the Town assumes liability for the condition of the property.

Voted: That the thanks of the Town be extended to Messrs. Dwyer and Kelly.

Article 11. Voted: That the Board of Selectmen are hereby authorized to acquire by purchase or take by right of eminent domain, for school purposes, the so-called, Stetson-Hunt property at the corner of Front and Stetson Streets, and bounded Westerly by land now or late of Cora A. Sanborn, Northwesterly by the Hunt School lot belonging to the Town of Weymouth, Easterly by Stetson Street, and Southerly by Front Street and by a certain lot of land now or late owned by Elizabeth Peyton, containing about 96,200 square feet of land, and that the sum of \$2,000 be appropriated from surplus for the acquisition of said property.

The Moderator appointed Charles S. Bicknell, David J. Toomey and Melville F. Cate as tellers, they were sworn to the faithful performance of that duty.

On a show of hands the tellers reported 138 voting in the affirmative and 1 in the negative.

Article 12. A. Wesley Sampson moved: That the subject matter of this article be postponed until the Annual Town Meeting. The Moderator declared the motion lost. More than seven members having doubted the vote, the tellers proceeded to count by a show of hands, and reported 64 voting in the affirmative and 58 in the negative, the motion to postpone prevailed.

Article 13. Voted: To appropriate from surplus the sum of \$6,208 for permanent construction of the driveways and parking spaces Easterly and Northerly of the High School, of which sum \$200 shall be for the installation of a street light of a style in keeping with the architecture of the Town Hall, near the Southern entrance thereof, this money to be expended under the direction of the Street Department.

Article 14. Voted: To appropriate from surplus the sum of \$5,000 for continuing the work of grading, surfacing and laying out Legion Memorial Field.

Article 15. Voted: To raise and appropriate the sum of \$13,000 for the construction of a Memorial to the soldiers and sailors of Weymouth who have given their lives to their country in the form of a granite cross bearing on its face a bronze crusader's sword and suitable inscriptions, to be erected on the knoll Easterly of the South wing of the High School, no expenditure to be made under this appropriation which will be payable before January 2, 1930. Voted: That all monies now or heretofore appropriated for War Memorial purposes shall be accounted for and disbursed as one fund for the purposes expressed in any of the votes appropriating them and that of the money heretofore appropriated not exceeding \$150 shall be available for expenses of traveling in connection with obtaining information from public records outside the state under the provisions of Chapter 36 of the Acts of 1928.

Article 16. Voted: To raise and appropriate the sum of \$400 for the dedication of the Civil War Memorial tablets and such other tablets as may be ready for dedication at the same time, the money to be expended under the direction of the Committee on War Memorial to which shall be added for this purpose the presiding officer of each of the veteran and hereditary organizations in the Town or their representatives and the president of the Weymouth Historical Society. Such dedication if feasible to take place on Armistice Day or the Sunday preceding.

Article 17. Voted: To appropriate from the surplus the following sums of money for the operation and expenses during the current fiscal year, except as hereinafter specified, of the following Town Departments and activities. For the

(1) Appropriation Committee \$200 for expenses in connection with the preparation of the Budget for the year 1930, the same to remain available until the Annual Town Meeting in March, 1930.

(2) Elections and Registrations \$1,000.

(3) Police Department \$1,368, of which sum \$250 shall be for the maintenance of traffic lights and \$1,118 for the purchase of two automobiles in exchange for the one at present in use.

(4) Fire Department \$1,417, of which sum \$500 shall be for the pay of call men at fires, including forest fires; \$350 for the purchase and installation of a pressure tank at the Ward 3 Engine House; \$132 for incidentals connected with the Ward 3 Engine House; \$280 for the rental of temporary quarters in Ward 3 and \$200 for the installation of suction pipes in "The Birches", provided that no part of this last sum shall be ex-

pendent or liability incurred on account thereof until deeds in such forms as the Town Counsel shall approve within 15 days shall be delivered to the Town conveying the fee of the sites necessary for each of the suction pipes and legal authority to insert the same into the waters of Whitman Pond.

(5) Street Department \$9,000 for general purposes.

(6) Charities \$30,250 of which sum \$250 shall be for the administrative and other expenses of the committee appointed at the last Annual Town Meeting to investigate and report on improved methods of administering poor relief.

(7) Insurance \$450.64.

(8) Interest and Discount \$17,000.

(9) Unpaid Bills \$1,500, namely: Charities, \$15, Board of Health \$248, Town Hall \$1,237.10.

Article 18. Voted: To appropriate from surplus the sum of \$2,500 for the drainage of Front Street, between Stetson Street

and the Ashwood Cemetery, including the re-location and reconstruction of any drains and water courses carrying said drainage, the same to be expended under the direction of the Street Department.

Article 19. Voted: That the subject matter of this article be postponed until all the articles of this warrant have been disposed with.

Article 20. Voted: To raise and appropriate the sum of \$10,700 for the purchase of a new pumping engine for Ward 5, the same to have a complete equipment of all articles carried by other fire pumps in the Town and the Chief of the Fire Department is hereby authorized in addition to the sum above appropriated to turn in in exchange the present fire pump in Ward 5, no expenditure to be incurred hereunder which will be payable before January 1, 1930.

Article 21. Voted: To appropriate from surplus the sum of \$4,000 to complete the working of Summer Street as re-located during the current year, the same to be expended under the direction of the Street Department.

Article 22. Voted: To appropriate from surplus the sum of \$541 for the expense of the installation of traffic signal lights at the intersection of Bridge and Neck Streets (Under this article unanimous consent of the meeting was given Morey Pearl to speak of the merits of this article).

Article 23. Voted: That the subject matter of this article be referred to the Park Commission to investigate and embody their recommendations in their annual report for the coming year.

Article 24. Voted: That the subject matter of this article be referred to the annual Town Meeting in March, 1930.

Article 25. Voted: That the Selectmen be hereby instructed to petition the Legislature for the following amendment in the Town Meeting Act (Chapter 61 of the Acts of 1921):

(a) Amend the fourth sentence of Section 3 so that the same shall read: "A majority of the Town Meeting Members shall constitute a quorum for doing business; but a less number may organize temporarily and may take a recess or adjourn from time to time.

(b) Amend the fifth sentence of Section 3 so that the same shall read: "Notice of every adjourned town meeting shall be posted by the Town Clerk in ten or more public places in the town, and if the adjournment is for more than forty-eight hours he shall notify by mail the members of the town meeting of the adjournment at least twenty-four hours before the time of the adjourned town meeting."

(c) Add after the sixth sentence of Section 3 the following new sentence: "In the warrant for any Town meeting the Selectmen may insert a provision summoning the members in case the business named in the warrant is not completed on the day named in the warrant for the consideration of such articles as shall not have been acted upon, but this shall not prevent the town meeting from voting further adjournments."

Mr. Alfred C. Sheehy moved to amend at the end of (a) by inserting the following sentence: "It shall be the duty of the Moderator to ascertain that a quorum is present before any vote may be taken other than a vote to adjourn." This question was put before the meeting and was declared not a vote.

Frederic G. Bauer moved to amend this article by adding thereto the following: "and that the Selectmen be further instructed to petition the Legislature for legislation determining who shall be members of the Town Meeting in case of an adjournment over the Annual Town Election".

This amendment was put before the meeting and it was so voted.

Article 26. Voted: To adopt all the amendments to the By-Laws as printed in the warrant except the first paragraph of Article 5. (see Warrant).

Article 19. Voted: On motion of George E. Cunniff: That the subject matter of this article be referred to the Annual Town Meeting in March, 1930.

Voted: At 11:10 p. m. to adjourn.

CLAYTON B. MERCHANT,
Town Clerk.

CLAYTON B. MERCHANT,
Town Clerk.

SUNDAY, NOVEMBER 10, 1929

The first tablets of the Memorial to Weymouth men who have served in any war in which this country has ever participated were unveiled and formally dedicated this beautiful Sunday afternoon.

At noon, the veterans of all wars and invited guests assembled at the G. A. R. Hall on Commercial Street where a light lunch was served.

At two o'clock line was formed with Chief of Police Arthur H. Pratt and a detail of police at the head, then came the Howitzer Co., 101st M.N.G. of Quincy, Mass., followed by the Pond Plain Band of 32 pieces with Julian R. Merchant, Leader. The Committee on Memorial, Town officials with members of the Weymouth Historical Society followed. Next in line riding in automobiles were members of Reynold's Post No. 58, G. A. R. together with members of Paul Revere Post No. 88, of Quincy escorting the State Commander of the G. A. R. James H. Webb of Quincy with associate members of his staff. Next in line was Wessagussett Post No. 1399, Veterans of Foreign Wars, who were honored with the presence of members of James H. Boyd Camp, U. S. W. V. of Quincy. Last in line was a large delegation of Weymouth Post No. 79, American Legion with their military band and also quite a number of Gold Star Mothers, members of the Women's Relief Corps and auxiliary members of other veteran organizations.

The procession moved from G. A. R. Hall to Jackson Square to Broad Street to Central Square to the High School grounds where the exercises of the dedication and the unveiling took place.

Previous to the commencement of the exercises, the chairman of the building committee, Col. Frederic Gilbert Bauer paid a very impressive tribute to Mrs. John G. Easton, the only woman on the building committee, who had given a lot of her time and energy to make the building of the new Town Hall and also of the Memorial a success and who was stricken before these ideals were fully consummated. After these few remarks "Abide With Me" was played by the band as a fitting tribute to her memory.

Col. Bauer then called upon the members of the Weymouth Historical Society to dedicate and unveil the tablet erected to the memory of those men who served in the King Phillip War. Walter L. Bates, Vice President of the Society, in the absence of Howard H. Joy, President, on account of sickness, assisted by Rev. William Hyde performed this ceremony.

Bates Torrey read a brief sketch of King Phillip's War and after the unveiling a salute of three guns was fired by the Howitzer Co 101st Inf., who were stationed on the knoll adjacent to the South wing of the Weymouth High School.

The dedication and unveiling of the tablet in memory of those men who served in the Spanish War and Filipino Insurrection was performed by Commander Frank H. Carr of the Veterans of Foreign Wars who was assisted by Senior and Junior Vice Commanders Frost and McDonald, after which a salute of three guns was fired by the Howitzer Co.

As all the tablets containing the names of men who served in the World War were not completed, the tablets to the dead were dedicated and unveiled. This ceremony was performed by East Commander Joseph Crehan assisted by Vice Commander Frost and Adjutant Santacroce, the unveiling of this tablet was performed by William A. Connell, the first Commander of Weymouth Post No. 79, American Legion, after which a salute of three guns was fired by the Howitzer Co.

The tablets containing the names of the men from Weymouth who served their country during the Civil War were then dedicated and unveiled.

Commander David Dunbar announced the presence of the State Commander James H. Webb, also the Senior and Junior Vice Commanders of the G. A. R.

The State Commander instructed the Officer of the Day to post a Guard of Honor, thereupon a special guard was stationed on each side of the tablet. At the north side there was stationed Stuart McIsaac, a World War Veteran representing the Navy, near him was an anchor and other insignia of this branch of the service.

At the south side of the tablet a knapsack, canteen and other equipment and there was stationed the well known Veteran Patrick Slattery who to his great credit marched the whole way from the G. A. R. Hall to the High School grounds, and he was dressed in the uniform he wore in 1864. He was attended by Frederic G. Bauer, Jr. as a drummer boy, also in Civil War uniform.

Dep't Commander Webb, G. A. R. read the ritual of the G. A. R. for dedicating Memorials and as the flag slowly arose from this tablet, as well from those preceding, the men now living saw their names cast in bronze thereon, which will be a lesson to all posterity of the valor and patriotism of the men who served their country in time of need. After this unveiling a three gun salute was fired by the Howitzer Co. After these exercises Madame Clare Maentz a most noted singer of Weymouth, sang the "Star Spangled Banner" from the balcony of the Town Hall, accompanied by the Pond Plain Band stationed on the steps below.

CLAYTON B. MERCHANT
Town Clerk.

VITAL STATISTICS

PATRICK E. CORRIDAN, Chairman
EDWARD P. MURPHY
JOHN F. REARDON
CLAYTON B. MERCHANT, Town Clerk

REPORT OF THE SELECTMEN

To the Inhabitants of the Town of Weymouth:

At the annual Town Meeting held March 11th 1929, the following were elected Selectmen: William A. Connell, Fred E. Waite, Edwin R. Sampson, Winslow M. Tirrell and H. Franklin Perry.

The Board took the oath of office before Town Clerk, Clayton B. Merchant, on the morning of the 12th and organized with the choice of H. Franklin Perry Chairman and Winslow M. Tirrell Clerk.

The following appointments were made
 Irving E. Johnson, Superintendent of Streets,
 Frederic Gilbert Bauer, Town Counsel,
 Daniel Sullivan, Inspector of Animals,
 Patrick E. Corridan, Register of Voters for three years,
 Clifford A. Berry, Superintendent of Town Infirmary,
 Margaret Hyland, Welfare Worker,
 Francis H. Maguire Jr. Superintendent of Alewives,
 Thomas J. Kelley, Inspector of Buildings,

ELECTRIC LIGHT COMMITTEE

J. Herbert Libby, Edwin Mulready, Joseph Kelley, Alfred S. Tirrell, William B. Nash Jr.

PUBLIC WEIGHERS

C. Lewis French, Michael Dwyer, Michael A. Lane, John Q. Manuel, Kenneth Holbrook, F. Cecil Manuel, Thomas McCue, Donald Clark, John Day, Harry Wilkins, James D. Bosworth, Wilfred H. Bartlett, Clara Mitchell, Edward Rayburn, Loretta Cope, Wallace D. Cowing, J. Leonard Bicknell, Jacob Harms, Evelyn Grundstrom, Herbert K. Cushing, Charles T. Leavitt, Walter L. Bates, Grace Stancomb, Susan R. Worthen, Patrick H. Shea, Earl F. Bates, Arthur Newcomb, Russell T. Bates, Augusta Virta, Charles C. Fortier, Anthony Casesse, Paul Valencinte, Joseph F. Sullivan, Harry Mullen.

SURVEYORS OF WOOD, LUMBER AND BARK

Edward I. Loud, Augustus Dennison, F. Cecil Manuel, Walter L. Bates, Thomas H. Hannaford, Edward Hinds, William A. Holbrook, John Q. Manuel, Patrick H. Shea, Bowdoin B. Smith.

FENCE VIEWERS

Arthur H. Pratt, Edward F. Butler.

FIELD DRIVERS

James P. McGuire, Charles A. Coyle, Elbert Ford.

LOCK-UP KEEPER

Arthur H. Pratt

CONSTABLES

Charles W. Baker, J. Lawrence Brennan, Edward F. Butler, George W. Conant, John W. Coyle, Thomas Fitzgerald, George W. Hunt, Arthur H. Pratt, Joseph Sewell, Willie F. Tirrell, Louis Ells, Clarence L. Pratt.

COLLECTION OF GARBAGE

The Town voted at the annual town meeting that the Selectmen should advertise for sealed bids for the collection of garbage. This was done and the contract was awarded to Edward M. & Leo Dwyer, price \$11,000 for one year. The work has been done in a very satisfactory manner and they have tried to remedy all mistakes that may have been made, having called the Town Office every day and if any was overlooked they attended to the same at once.

On August 19th 1929 John F. Dwyer was appointed Inspector of Animals. This appointment was made on account of the death of Daniel Sullivan who has served the Town faithfully in that position for many years.

A Special Meeting of the Selectmen was called October 9th 1929 on account of the death of Chief of the Fire Department John Q. Hunt who died in action October 8th.

Merton L. Loud Deputy Chief was appointed acting Chief.

All flags were ordered at half mast until after the funeral and the Engine Houses ordered draped for thirty days.

The following resolutions were passed:

John Q. Hunt, Chief of the Weymouth Fire Department, died while engaged in the performance of his official duties on October 8th 1929. Like his uncle, whose name he bore and who fell gallantly in battle at Petersburg, Chief Hunt met his death in the unswerving and faithful discharge of his duty. As Chief of the Fire Department, he was noted for his energy and his desire to build up and improve the department along the lines which seemed to him to make for the greatest efficiency. Even those who differed from him in matters of detail acknowledged his zeal and fidelity in the work in which he was engaged. In his death the Fire Department has lost an efficient head and the Town of Weymouth a faithful public officer. The Board of Selectmen gratefully place on record this tribute to his memory and his sterling qualities.

On November 12th J. Ralph Bacon was appointed Chief of the Fire Department.

Merle V. Cain was appointed Harbor Master, he resigned and Anthony S. Veader was appointed in his place.

This report is incomplete on account of the sudden death of our clerk, Winslow M. Tirrell, and the need of getting the copy to the printer of the Town Report on time.

Respectfully submitted,

H. FRANKLIN PERRY

FRED E. WAITE

EDWIN R. SAMPSON

WILLIAM A. CONNELL

REPORT OF SUPERINTENDENT OF ALEWIVE FISHERIES

44 High Street
East Weymouth, Massachusetts,
January 1, 1930.

East Weymouth, Massachusetts.

Gentlemen:

I herewith submit my fifth annual report as superintendent of the Alewive Fisheries in the Town of Weymouth for the year ending December 31, 1929.

Work was started on March 21 and continued until approximately 75,000 alewives were deposited in Whitman's Pond for spawning.

The run this year was not as good as the four previous years as a result of heavy rains which continued during the run. High water prevented the catch to some extent, as there were days on which it was impossible to catch at all, as the water at the upper dam could not be shut down on account of the overflow of Whitman's Pond.

The building is in a fairly good condition. The brook has been cleaned and in some places it has been widened to take care of the flow of water. The brush along the brook has been removed which was greatly needed.

In closing my report I wish to extend my sincere thanks to you, the Honorable Board of Selectmen, the Weymouth Light and Power Company, and the Weymouth Wool Scouring Company for the help and co-operation given me during the season.

Respectfully submitted,
F. H. MAGUIRE Jr.

WEYMOUTH INFIRMARY REPORT FOR 1929

To the Honorable Board of Public Welfare:

Following is my report of the Weymouth Infirmary, Essex Street, for the year 1929

There are three women and sixteen men residing at the Infirmary, as detailed below:

Number of residents Jan. 1, 1929	16
Number admitted during year	8
Number discharged during year	5
Number of residents Dec. 31, 1929	19

With the exception of three who are quite feeble, the men and women are in fairly good physical condition. Those that are able to do some work, have been very co-operative in helping make a very successful vegetable garden, harvesting the fruit from apple and pear trees, caring for the lawn and hens, fitting up wood for the stove in Smoke House, etc.

In addition to raising fresh vegetables and fruit for summer use, many jars were preserved for winter use.

IMPROVEMENTS. In the way of permanent improvement, maple trees were planted in the South lawn, which will eventu-

ally furnish much needed shade for the house, and Boston Ivy was planted in front of building. The flag pole formerly at the Franklin School was moved to South lawn, and flag purchased.

ENTERTAINMENT AND GIFTS. The two small radios presented by a friend last year, are still functioning.

The two outstanding events were the day spent at Weymouth Fair by those who wished to go, and Christmas celebration.

Christmas spirit was brought into the Home by appropriate decorations, a tree, and with the kind assistance of members of your honorable Board, a party on Christmas Eve, with gifts for each person donated by several organizations and thoughtful individuals. A pleasant surprise was the visit of carol singers. We wish here to publicly thank all who helped to make these diversions possible, thus benefitting the morale of our institution.

In closing my third annual report, wish to thank the members of the Welfare Board for their helpful co-operation with Mrs. Berry and myself during the past year.

Respectfully submitted,

CLIFFORD A. BERRY,
Superintendent

REPORT OF VISITOR FOR BOARD OF PUBLIC WELFARE

During the year of 1929, under the direction of the Board of Public Welfare, I have continued visiting the families receiving aid, and those asking for aid.

I have made 403 calls in the different parts of the town, have had many calls at my office, and numerous telephone calls.

The increase and demand for aid, which has been handled by the Board, humanely and wisely, is mainly due to the continued unemployment situation, and help has been given to an unusually large number of families. Those seeking aid were able and willing to work, but forced to seek help by continued inability to find employment. In many cases the Board has tried to find work of some kind for men of families before giving aid.

The Board has also been called upon to furnish aid to aged people—those suffering through illness and widowhood, and those who have been forced to seek assistance from other causes.

There has been an unusual demand for clothing.

Considerable time has been given to each applicant applying for aid to ascertain the true situation, particularly the resources, if any, of the family, and the reason why aid is required, as well as to their settlement.

The annual appropriation for this work is rather a startling figure, but I am convinced that the situation cannot be changed and at the same time have the town do justice to the requirements of the individual cases.

Written reports of visits have been made weekly by me to the Board of Public Welfare.

MARGARET A. HYLAND

REPORT OF THE BURIAL AGENT

Weymouth, Mass., Dec. 31st, 1929

To the Honorable Board of Selectmen of Weymouth:

There has been but one burial during the year under the Act for the burial of indigent Sailors, Soldiers, and their dependent Wives, Widows and Mothers.

MARY JANE KENNISTON

Widow of Warren J. Kenniston, Co. "F" 16, Maj. Inf.

Respectfully submitted,

WALDO TURNER

Burial Agent for Weymouth.

HARBOR MASTER

Weymouth Mass.,

January 1, 1930.

To the Honorable Board of Selectmen of the Town of Weymouth:
Gentlemen:

I herewith submit my report as Harbor Master, from September 5, 1929, to December 31, 1929.

I was appointed by your Board on September 3, 1929, and sworn in on September 4, 1929. Therefore this report covers only from September 5, to December 31, 1929.

The Harbor Master's duty in all cities and towns where there is a waterfront, in the Commonwealth of Mass., compels him not only to enforce city and town ordinances, but also Federal and State laws, such as, violation of the Federal Prohibition Act, in so far as they relate to Rum Runners, and such State Laws as those relating to, Public Health, Fish and Game, and Fire Hazards.

As you are aware there is a great deal of traffic in the Weymouth Fore River because of vessels plying to and from the Cities Service Plant at Braintree and the Fore River Plant at Quincy. Because of this heavy traffic it is necessary to keep the channels open at all times so that the steamers and tugs will have free passage through the same. For instance, keep yachts from anchoring in the channel, and also to keep launches and row boats from crossing and re-crossing in the path of ingoing and outgoing traffic. When you realize there are an average of 200 openings of the Fore River Bridge each month during the summer and yachting months, you will see how necessary it is to keep this important artery of commerce open and free from boats.

As you also know, Weymouth waterfront is within the so-called contaminated or polluted area and therefore clam digging is not allowed. There is a great demand for clams during the summer months and the so-called bootlegging clam digging gangs make many attempts to raid our beaches. This happened last summer on Grape and Slate Islands, which are within our town limits. They carried away hundreds of bushels of clams before I was able to stop them.

Another Fish and Game law which I had to enforce was that against herring torchers. I succeeded in driving them off our shores, a job which was rather hard owing to the fact that these violators work nights with torches.

Under our Mass., Statutes Chapter 181, it was necessary for me to compel the Cities Service Corporation to clean up our beaches after a bad leakage from the discharge of oil from tankers at their plant in Braintree. This they did without complaint and at great expense.

George E. Neil, State Fire Marshal ordered me to make an inspection of the fire hazard, where oil has collected around wharf and bridge pilings. This I did and found the conditions very bad at the Edison Electric Illuminating Company coal pocket wharf. This I reported to the fire marshal.

I also investigated upon complaint, the pollution of the Weymouth Fore River, by the Old Colony Gas Co, which uses oil in the manufacture of gas. I found no oil on the water in the vicinity of their plant. At the same time I investigated on complaint from citizens of Weymouth Landing of pollution from the so-called smelt brook, where it runs under Washington square into Rhines Canal. I found no pollution where it entered the river.

Another complaint of pollution was made against the East Weymouth Plant of the Wool washing company. I could not make an investigation of this complaint on account of the fact that my launch could not be operated above Hingham Bridge as it is a government reservation from that point to East Weymouth. I sent a warning by way of the company's counsel asking them not to use the river for a sewer outlet, but to find some other way of disposing of their waste matter. This they should be compelled to do or our run of spring herring will cease.

We have an increased population of more than 2000 people during the summer season and our beaches are becoming the playground of the south shore. A great number of these summer residents own boats and yachts of all descriptions including motor and sail boats, out board motor boats and canoes. With some 500 of these on our river both day and night, and some 2,000 to 3,000 men women and children in the water bathing, accidents are bound to happen. As a result it has been necessary for me to patrol with my launch up and down our water front during the day, to render aid if necessary.

Also we have the boats and yachts of the residents of Quincy and Braintree passing up and down the river. I found it necessary at times to render assistance to them. Engines will break down and yachts will capsize, and to these I must render aid regardless of where they hail from.

On stormy days it has been necessary for me to save both life and property.

We have seven yacht mooring grounds on our water front. It is necessary for me to lay out the mooring lines for these districts and to settle all disputes arising among our yachtsmen where they pertain to who is right or wrong.

We have 30 out-board motor boats owned by the summer residents, some of these have a speed of 40 miles and others are not so speedy. They cut out their mufflers to get more speed. The first class of these little boats are dangerous on account of their great speed, and the others make too much noise. I have received complaints against both classes and it has been necessary for me to warn the operators to cut down the speed when among our bathers and yachts and also to keep their mufflers on so they won't make so much noise.

Our neighboring town of Hingham which has the same class of boats operating on their shore line, has filed a bill in the Mass. House of Representatives for a law to prohibit this nuisance and I would suggest that our Representative join with the Hingham member and ask to have Weymouth included in the restricted area.

Another duty of your Harbor Master is to police the river at the Fore River Shipbuilding Corporation's launchings. This is necessary in the interest of safety to both sightseeing yachtsmen and our people who witness launchings from the shores. It is my duty to keep yachts out of the launching area where the vessel takes the water and to warn the shore sightseers to keep back from the huge wave caused by the launched vessel's displacement of water.

The coal dust nuisance coming from the 50,000 ton soft coal pile on the Edison Electric Illuminating Company's wharf has been the cause of numerous complaints.

The dust floats on the water, mixes with the Cities Service Company crude oil, and the two are carried by the wind to our shores and the water lines of our yachts. Bodies of the bathers are covered with this mixture. It ruins bathing suits and causes in some instances a skin eruption. The coal dust also sifts through the wire screens in the homes of our citizens and settles upon food on their tables and also ruins house furnishings.

I suggest that our Town Counsel take this matter up with the Edison Electric Illuminating Company. I have done so but to no avail. Conditions are getting worse and something ought to be done about the matter.

The following is my record of service as taken from my log book.

September 5. On duty at the Fore River Shipbuilding Plant launching of the Cruiser Northampton.

Notified Ernest Ross of King Cove beach that I had received a complaint from a sick neighbor of too much noise from his out board motor board caused by an open muffler, etc.

September 6. Recovered lost boat owned by James Pitts of Bridge street North Weymouth, valued at \$25.00.

Notified by W. S. Hyaf of Wessagussett that his 12 foot dory had either been stolen or lost from the Wessagussett Yacht Club Float some time during the night.

September 7. Picked up adrift and out of gasoline four passenger out board motor boat with four young people in the same. It was owned by Henry Lee of No 247 Wessagussett Road, North Weymouth. Towed boat and passengers to Wessagussett Yacht Club Float.

Cruised around Quincy, Hull and Hingham bay for lost Hyat dory. Not found.

September 14. Covered the Weymouth Fore River opposite Braintree Welfare Club during their outboard motor board race and rendered assistance to Weymouth boats in the race.

September 15. Rendered assistance and towed to mooring at North Weymouth Yacht Club a motor boat owned by Brackett and Margeson of South Weymouth.

Received complaint from Louis Hunt of Weymouth Landing and Clark of Clark and Taber, in regard to pollution of the Weymouth Fore River from the so called Smelt Brook. I investigated only where the brook entered the river at the Rhines Lumber Company Canal and found no pollution.

At the same time I investigated a complaint of the Cities Service Company's Assistant Superintendent in regard to pollution of the Weymouth Fore River by the Old Colony Gas Company and the Hunt Potato Chip Company at Braintree. I found no oil upon the waters.

September 16. Conference with George E. Neil, State Fire Marshal in regard to fire hazard from oily piling on Weymouth water front.

Conference with Mr. Wright of State Board of Health in regard to pollution of Weymouth Fore River. Received orders to look out for any matters pertaining to his department and to report any violation.

Conference with Dr. Adams, of the Department of Fisheries and Game. He asked me to look after boatlegger clamdiggers and herring torchers and for me to get in touch with Warden Ellis in regard to same.

September 24. Having received a large number of complaints against the Cities Service Company refinery at Braintree, I went to their plant and made my investigation without their knowledge.

I found an open sluice way emptying into the river. This carried off refuse oil and other products into the river. The water was brown in color. This refuse came from the bottom of the stills. I found an employee tending to the separator and as he explained it to me trying to keep undistilled oil from going into the river. This oil goes back into the separator. This sluiceway must be maintained because there is no sewer system in Braintree to carry off the waste matter.

I also boarded the oil barges tied up along side of the wharf. Some were loaded and others were waiting for loads. I spoke to the captains in charge and asked them about the leakage into the

river. They explained to me that if any oil got into the river it was by accident; that is, pipe lines or gaskets breaking. I warned them that the citizens of Weymouth would not tolerate any more of their oil and if I received any more complaints of refuse from oil products getting into the river and over on the Weymouth Shore I would apply to the Court for a Warrant. They all promised to do their best to keep oil out of the water.

After a number of more complaints from Weymouth Citizens I took the whole matter up with President J. S. Cordell of the Company at the Boston Office. He informed me that he knew conditions were bad at the Braintree Plant, but the company could not remedy the same. After this conference there were three more bad leakages from unloading tankers and it was necessary for me to call in Captain Wright, Harbor Master of Quincy who joined with me in my fight for clean water and beaches, but to no avail. Conditions are just as bad as ever and I would suggest that our Town Counsel take this matter up as our citizens are up in arms over conditions.

October 28. Received complaint of bootlegging clam diggers who were raiding Grape Island flats. Grape Island is owned by the Bradley family and Slate Island by the Clapp Memorial Association. I investigated these two complaints found they were true. The clam diggers had dug about 300 to 400 bushels off Grape Island and about 50 bushels off Slate Island. I watched these islands for three days but they did not return. I found out later they worked at night using electric flash lights.

As some of our citizens believe they should be allowed to dig a bucket or two of clams for their own consumption I want them to know that these clams are not fit to eat as the Metropolitan sewerage outlet at the West head of Peddocks Island allows the sewerage to back up into the Weymouth Fore River and it spreads over our clam flats. The State Board of Health has examined clams dug here and have found that they contain typhoid germs and are therefore dangerous to eat.

On November 25, I hauled my launch out of the water for the winter but kept up my work with my row boat to December 31, 1929.

As you are aware, I received no compensation for my services, either for myself or my launch, or any expense incurred in the discharge of my duties. I have gladly given my services and I trust that your board and my fellow citizens will appreciate the fact that a Harbor Master is an essential official. I hope that your board will continue to appoint some one to carry on this important work. I would suggest that the Harbor Master be also sworn in as a special police officer as he has no authority above the high water mark, and at times it is necessary for him to work above this line in making his investigations.

Respectfully submitted,

ANTHONY S. VEADER,

Harbor Master of Town of Weymouth.

REPORT OF COMMITTEE ON CELEBRATION OF MASSACHUSETTS BAY TERCENTENARY

Your committee has held several meetings during the past summer and autumn and many plans have been made for Weymouth's contribution to the celebration of the Massachusetts Bay Tercentenary.

Various organizations of the town, patriotic, civil, fraternal, social, commercial and industrial have been requested to co-operate with your committee in its plans and otherwise so far as possible to co-ordinate their various activities of the year with the general purpose of the Tercentenary.

The response to this request has been very gratifying. For instance, the Committee on War Memorial has adopted plans consistent with its spirit and purpose in the dedication of the war memorial tablets, etc. The State Tercentenary Commission will place tablets commemorative of historical buildings and events in Weymouth on main highways nearest to and indicating the sites and locations thereof, without expense to the town.

The Society of Colonial Wars has voted to present to the town a tablet marking the last Indian attack on Weymouth in King Philip's War, being the nearest point to Boston reached by King Philip's forces. This tablet will be dedicated with the war memorial tablets on April 19 of this year.

The committee requests that exercises and celebrations on all holidays or other days during this year by public and private organizations and committees shall be in harmony with the spirit of the year.

Weymouth's greatest contribution to the celebration will be on September 13 and 14. On those days the National Society of the War of 1812 will hold its biennial meeting in Weymouth, in the council chamber of the town hall.

As part of the celebration a pageant containing scenes from the early history of the town, King Philip's War, the Revolutionary War, the War of 1812 and the Civil War, each to be written by a citizen of the town and staged by one of the various organizations of the town, is planned.

Other towns and cities in the Commonwealth are making great preparations and appropriating large sums of money toward making the Tercentenary a success. While the members of your committee feel that its expenditures should be kept within a reasonable limit, they do feel that Weymouth, the first settlement of Massachusetts Bay, should certainly be found not wanting at this time.

Respectfully submitted,

REPORT OF COMMITTEE ON BICKNELL MEADOW

The subject matter of Articles 40 and 41 of the last Annual Town meeting was referred to the undersigned committee for a detailed report.

Article 40 had to do with the subject of providing a drainage system for that portion of Broad and Shawmut Streets near Jackson Square. Article 41 was to see if the Town would acquire by purchase or to take by right of eminent domain the so-called Bicknell meadow for drainage purposes. Your committee viewed the land and was informed about the drainage problem. At present the surface water from Shawmut and Broad Streets is discharged by a drain from Broad Street into the Bicknell meadow at the rear of the Preston Block. During a heavy rain the volume of water is more than catch basins on Broad Street can properly handle and the result has caused damage and inconvenience to the abutting property owners and public.

The outlet of this meadow is by a drain in the rear of the Peaslee property that extends to the Herring Brook. This drain is not large enough or at the proper grade to care for the amount of water discharged onto the meadow.

Your committee recommends that this outlet drain be lowered and replaced by an 18 inch drain and that the drain discharging at the rear of the Preston Block be connected with it. We also recommend that two catch basins be built on Shawmut Street with an outlet drain laid in the right of way between the Garofola and Costanzo properties to connect with the meadow outlet drain. This would relieve the situation on Broad Street, as the water from Shawmut Street would be intercepted before it reached Broad Street.

Your committee also feels that after these drains are built the entire meadow should be filled about four feet above the present low level. This would protect the drains, also provide a parking space for automobiles or could be used as a playground for the smaller children. The present conditions are not only unsightly but unhealthy, as stagnant water remains on the land for long periods, and unless this land is filled in the present conditions would not be satisfactorily improved.

We have estimated the cost as follows: acquiring land \$2300.00, two catch basins and drains from Shawmut Street \$850.00, connecting present outlet in rear of Preston Block to meadow outlet \$600.00, replacing outlet drain by larger pipe to Herring Brook \$1700.00, filling area four feet above low level \$4500.00 and engineering \$100.00, which makes a total of \$10,050.00

This plan has the endorsement of the East Weymouth Community Club and the Town Planning Board.

Respectfully submitted,

IRVING E. JOHNSON, Chairman
FREDERICK HUMPHREY
F. WAYLAND PRESTON
MARION F. FRENCH
ROBERT W. SHEEHAN

Weymouth, Massachusetts.

REPORT OF COMMITTEE ON TOWN INSURANCE

The Committee appointed at the Special Town Meeting held September 24, 1928, to look into the matter of Town Insurance, wish to submit the following report:

We recommend that the Town discontinue its Fire and Lightning Insurance policies.

We make this recommendation for the following reasons:

We have ascertained that based on the period of the last six years during which time the Town has carried insurance on its buildings and contents, it would have saved approximately two thirds of the amount of money paid in premiums, if it had carried its own insurance.

The following will explain: Our insurance has cost over this six year period, the sum of \$36,882.81, and during that time we have sustained seven losses for which the Town received \$12,544.08.

There has been one total loss, the Ward 3 Fire House, the loss being settled for \$5520.00 for the building as per a schedule adopted, and \$4743.11 on contents, a total of \$10,263.11, the only substantial loss met with during the six years.

The town replaced this building at a cost of approximately \$40,000 so that it appears that the Town is really carrying its own insurance. The present buildings belonging to the Town that would be liable to a large loss by fire are buildings similar to that mentioned above, where the amount received from insurance companies would be very small compared with the replacement cost of the type of building the Town would probably erect.

The type of construction of buildings erected by the Town recently are less liable to a loss by fire than in the past, and this fact leads us to believe that the saving will be still greater in the future.

We further recommend that all other Town insurance be continued as heretofore.

We therefore recommend the following article be inserted in the Town Warrant:

To see if the Town will accept Section 13 of Chapter 40 of the General Laws.

To see what some of money the Town will vote to raise and appropriate for the establishment of a Municipal Building Insurance Fund under Section 13 of Chapter 40 of the General Laws, to determine the conditions under which said fund shall be held and to determine who shall have the management thereof until such time as the commissioners of trust funds can be legally elected, or take any other action in reference thereto.

To carry out the purpose of this article we recommend the Town raise and appropriate the sum of \$20,000.00 for the purpose of establishing a Fire and Lightning Insurance Fund.

That a board of three trustees be elected to have charge of said fund, the duties of this board of trustees to be to invest and reinvest said fund in savings institutions, co-operative banks, or in investments legal to Massachusetts Savings Banks. That said

Trustees see that an article is inserted in the Annual Town Warrant each year: To wit: To see if the Town will vote to raise and appropriate the sum of \$5,000.00 to be added to said fund until such fund together with income therefrom equals \$100,000.00

Also, to pay out the whole or any part of said fund in case the Town has a loss by fire to any of its buildings.

The income or principal of said fund to be used only in case of loss by fire.

REPORT OF COMMITTEE ON TOWN MANAGER

December 9, 1929.

To the Honorable Board of Selectmen of the Town of Weymouth.
Gentlemen:

The committee appointed by the moderator at the last annual town meeting to consider the advisability of employing a Town Manager have unanimously adopted the following report.

To the Town Meeting Members of Weymouth.

Your committee on the matter of changing our present form of government to that of a Town Manager system, have carefully considered the subject in all its relations, and after long and diligent deliberation, we feel that, the acceptance of the manager system would be for the best interests of Weymouth, and a decided step in advance as compared with our present system of government.

We therefore recommend, that the matter be given careful study and consideration by every citizen, to the end that we may at the proper time, and at the will of a majority of our people bring about this change.

Respectfully submitted,
JOSEPH KELLEY, Chairman
JOHN W. HEFFERNAN
FREDERICK L. ALDEN
ALBERT E. GLADWIN
JOSIAH B. REED, Secretary.

REPORT OF COMMITTEE ON POOR RELIEF

Weymouth, Mass., January 7, 1930

To The Board of Selectmen:
Gentlemen:

The committee appointed to "study and report at the next Town Meeting what additional safeguards should be adopted to

A BLOCK OF WEYMOUTH SEAMFACE GRANITE FOR A
WEYMOUTH, ENGLAND, BRIDGE

WINSLOW M. TIRRELL

1862 — 1930

Selectman of Weymouth
1923 to 1930

RESOLUTIONS

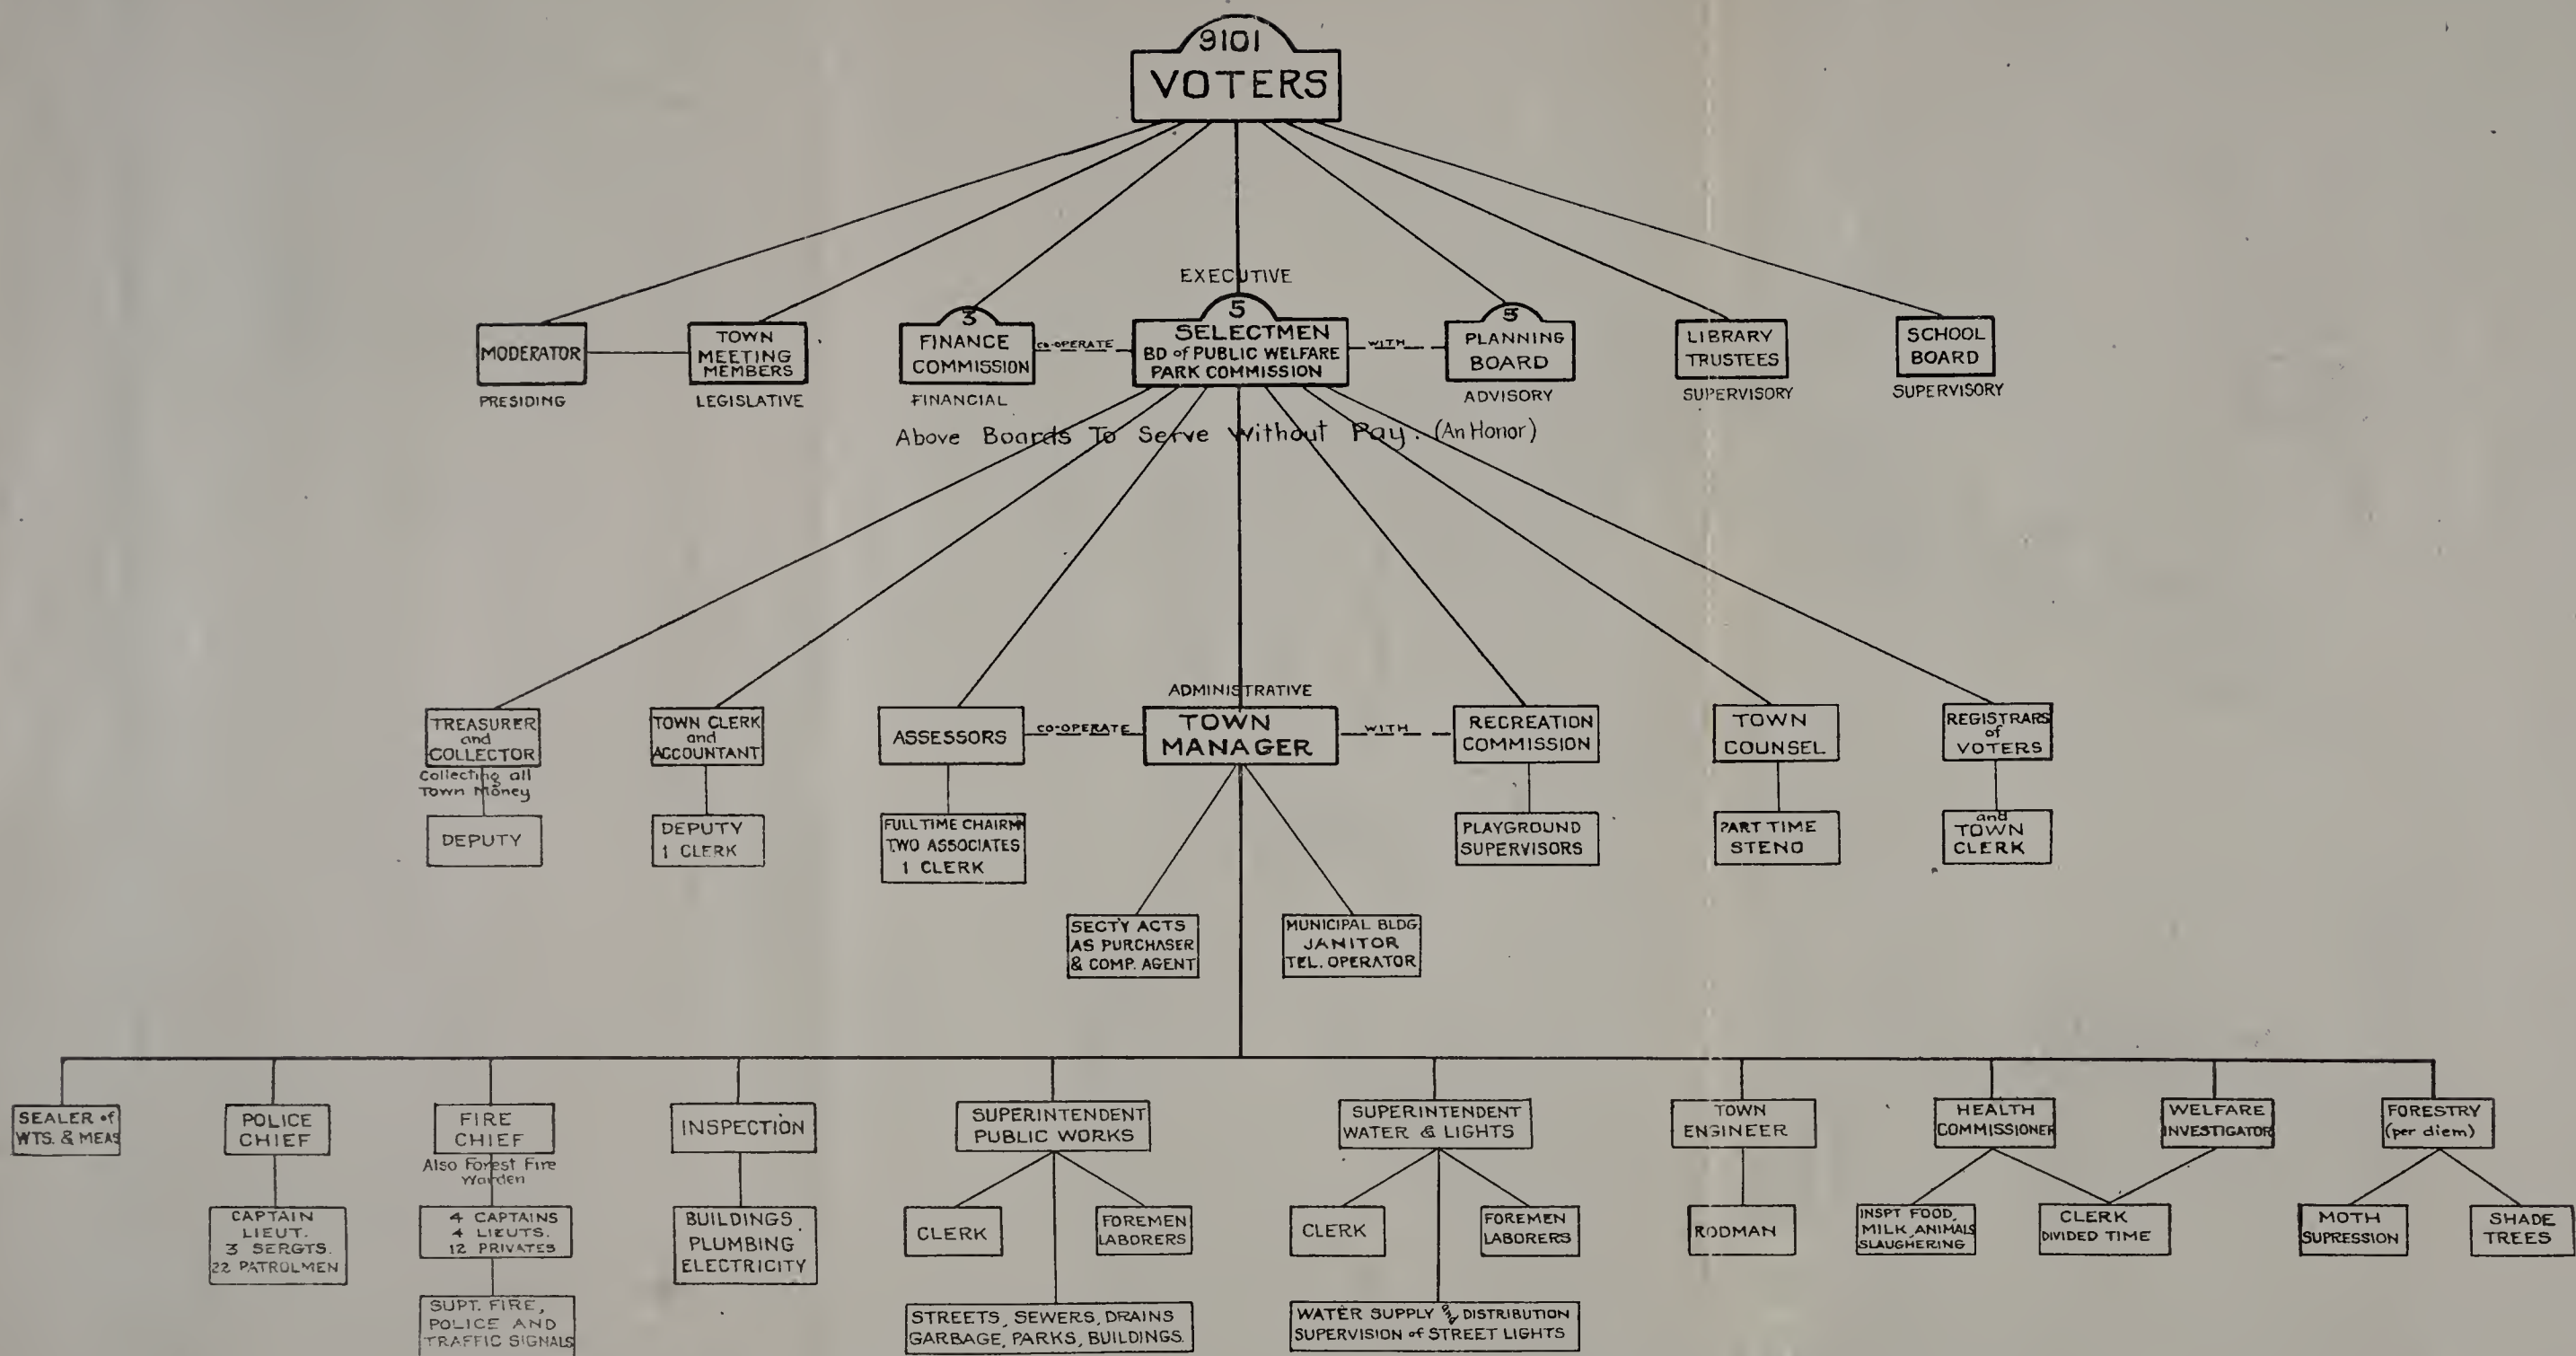

Whereas it has pleased God in his wisdom to call Winslow M. Tirrell from active participation in the affairs of this Life to the Spirit World in the Life Beyond.

Be it resolved: that the Board of Selectmen of the Town of Weymouth hereby expresses its sense of loss in the death of a most efficient and valued member.

Be it further resolved; that, as the official representatives of the Community, the Selectmen testify that in the passing of Winslow M. Tirrell the Town of Weymouth has lost a valued citizen and a faithful public servant.

Be it further resolved; that a copy of these resolutions be filed with the Town records and a copy be sent to the relatives of our departed co-worker.

For the Board of Selectmen,
EDWIN R. SAMPSON
WILLIAM A. CONNELL.

PLAN FOR TOWN MANAGER

(See Committee's Report on Page 144)

protect the Town against unworthy applications for Poor Relief" beg leave to submit the following report:

The committee has had numerous meetings, one of which was with the Board of Selectmen and one with the Welfare Worker. The committee also met and interviewed several officials of adjoining towns and cities who are faced with this same problem. Considerable individual investigation has also been made by different members of the committee.

Several plans have been carefully considered, but owing to the form of government under which the Town is now operating we are unable to discover a way which would eliminate all of our difficulties. However, we make the following recommendations:

That a more thorough investigation and follow-up of the different cases be made. This would require the employment of a specially trained welfare worker at full time. This would necessitate an additional appropriation as the money now available for this purpose is not sufficient. That relations should be established between the welfare worker and the local industries, the Chamber of Commerce, and similar organizations, to further the finding of employment for men willing to work.

That a form of grocery order be used permitting only certain articles named on the back of this order to be purchased. This is used successfully in Brockton and can easily be modified to suit our demands.

We would like to call to the attention of the citizens, in considering the amount appropriated for the relief of the poor, the fact that a certain percentage of this amount is returned to the Town by other cities and towns for the care of their poor living in Weymouth. This fact makes considerable difference in the amount actually spent.

We believe that our appropriation is considerably in excess of towns of a like population and that by a more thorough investigation and a closer follow-up of the cases this amount could be materially reduced.

Respectfully submitted,
 STANLEY T. TORREY, Chairman.
 GERTRUDE C. ANDREWS, Clerk.
 FRED L. ALDEN

 MELVILLE F. CATE

REPORT OF COMMITTEE ON WARD THREE FIRE STATION

At a Special Town Meeting held February 9, 1929, it was voted to appoint a committee of five consisting of the Selectmen, Chief of the Fire Department and three members of the Appropriation Committee to procure plans, specifications and bids for the erection of a Fire Station in Ward Three to replace the one burned and that the sum of \$3,000.00 be raised and appropriated for plans and specifications, preliminary work and other necessary expenses and that said committee be authorized to let a contract after competitive bidding for the erection of said building. Said contract to be contingent upon the Town appropriating the necessary money at the Annual Town Meeting in March 1929.

The committee organized with H. Franklin Perry, Chairman and Winslow M. Tirrell, Clerk. After looking at several plans as presented by architects we voted to engage McLaughlin and Burr of Boston, Mass.

We advertised for proposals of bids and John J. Gallagher Construction Company of Quincy was the lowest bidder and he was awarded the contract.

The building was completed and fully equipped within the appropriation of \$40,000.00.

We regret to state that before this report was written the Clerk, Mr. Winslow M. Tirrell and Chief, John Q. Hunt have died.

REPORT OF COMMITTEE ON GOLF COURSE

To The Honorable Board of Selectmen of the Town of Weymouth:
Gentlemen:

Your Committee appointed at the Special Town Meeting held Sept. 16, 1929, to look into the advisability of a Municipal Golf Course for the Town of Weymouth and suitable land for Park and Playground purposes which would offer facilities for a Municipal Golf Course for its citizens, submit the following report:

After a thorough study of the question of a Municipal Golf Course the Committee feels sure it would be self-supporting and would pay back to the town over a term of years all monies that the Town used for this purpose and would be not only of great interest to the people but a great asset to the Town and to that end the Committee recommends that the town acquire for Park and Playground purposes land which would offer facilities for a Municipal Golf Course for the use of our citizens, said parcels of land being located in North Weymouth, bounded and described on Plan made by Russell H. Whiting, Town Engineer, for Playground and Park purposes; and that a sufficient amount of money be appropriated for the same and that a further sum be appropriated for for the preparation of this land for the purpose for which it is to be used.

This location in the opinion of the Committee is by far the most suitable and very much less expensive to develop.

REPORT OF THE POLICE SIGNALLING COMMITTEE

Your Committee appointed by virtue of a vote of the annual Town Meeting in 1928, and continued in office by vote of the annual meeting in March, 1929, for the purpose of installing the signal system authorized by the last mentioned meeting, begs leave to report that it contracted with The Gamewell Company of Newton Upper Falls, Mass., for the installation of the system as described in a report of the Committee dated December 20, 1928; that such system has been installed at a complete cost within the appropriation made by the Town therefor.

The system has already demonstrated its usefulness in the apprehension of offenders in at least three cases. It has already proven its many advantages to the Police Department, and in the opinion of your Committee, the Town now has a system which will prove of much benefit to the Town and to its citizens in the future and that the investment has been a judicious one.

REPORT OF THE COMMITTEE ON TOWN FOREST

To The Honorable Board of Selectmen:

This committee has been inactive for several years, but the acquisition of a large acreage of land suitable for the growth of pine and other evergreen makes it possible at this time to begin the development of a Town Forest.

We have accordingly asked for an appropriation of \$500.00 for the purchase and planting of trees during the season of 1930.

REPORT OF THE INSPECTOR OF ANIMALS

To the Honorable Board of Selectmen:

I, being Assistant Inspector of Animals, and on the death of the Inspector, Mr. Daniel Sullivan, August 1929, having been promoted by your Board to Inspector, herewith submit my report for the balance of the year 1929.

Number of Cows Inspected	76
Number of Cases of Rabies	2

Respectfully submitted,

JOHN F. DWYER
Inspector of Animals

324 Washington Street, Weymouth.

REPORT OF THE SEALER OF WEIGHTS AND MEASURES

Dec. 31, 1929.

To the Honorable Board of Selectmen of the Town of Weymouth:
Gentlemen:

I herewith submit my annual report for the year 1929 with the sealing fees amounting to \$364.86.

During the year 30 Fish, Fruit and Vegetable Licenses were granted at \$10 each; 14 Junk Licenses at \$25 each.

I want to again call to your attention Chapter 101, sec. 5-6-7-8-9, of the General Laws, relative to Transient Vendors coming into the Town and competing with our local merchants who are paying taxes here. This sort of thing I am constantly watching and can say that there has not been a case of this sort in Town this year.

There were two convictions made during the year both for Peddling without a license, they were both found guilty and paid fines.

My general work for the year is as follows:

Sealed	3811 Articles
Not Sealed	81 Articles
Condemned	19 Articles
Gas Pumps	195 Articles
Reweighings	321 Articles

Respectfully submitted,

CHARLES W. BURGESS

Sealer of Weights and Measures.

FIFTEENTH ANNUAL REPORT OF THE SECRETARY OF THE WEYMOUTH VISITING NURSE ASSOCIATION

East Weymouth, Dec. 31, 1929.

Another year of service has been completed by the Weymouth Visiting Nurse Association.

Eleven regular monthly meetings of its officers and directors have been held in our comfortable room in the Weymouth Town Hall, with an average attendance of 10. During the year we have received help from different organizations and people interested in the work of the Association. Garments made to be used in the work of the Nurse have been given and sewing has been done on material we have provided. Several donations of money have been received and different groups of our friends have held Card Parties, the proceeds of which have been turned over to the Association. We have received new scales for use in the Baby Clinic.

Our Baby Clinic, entering its fifth year, is in a thriving condition, the number of babies wanting attention sometimes exceeding the quota we have been obliged to set. The improvements in the condition of the babies brought by the mothers for advice and direction shows the work in this department to have been worth while. 1139 babies have been cared for during the year.

Our nurses, Mrs. Pratt as head nurse, with Miss Wilbur assisting, have rendered willing and efficient service, not only in their regular work for the sick, but also in giving instructions to groups of girl scouts and others. Their constant interest and helpfulness

in all branches of the work of the Association, is most gratifying. Beginning in May, an increase of \$200 in salary was granted to Mrs. Pratt. 5676 calls have been made during the past year by the nurses.

In charge of the Finance Committee, our usual Tag Day was carried on Oct. 5th and the Annual Membership Drive held during the week of April 22nd, the result of both comparing favorably with that of preceding years. A most successful Rummage Sale was held on May 10th and 11th. Two Whist Parties under the auspices of the Association have been put on this year. The proceeds of the first were used to help with the expense of sending two children to the Summer Camp of the Norfolk County Hospital, and the second toward a fund for the proposed Pre-School Clinic. An operetta in charge of Mrs. Gibson came in February. This has been a successful year. Someone has said that the reward of work well done, is more work. If this is true, we may look forward to a year of greater service in helping to meet the needs of our growing community.

Respectfully submitted

EDNA A. BATES Secretary

REPORT OF THE PARK COMMISSIONERS

To The Honorable Board of Selectmen of the Town of Weymouth:
Gentlemen:

BEALS PARK

The grass was kept mowed, walks trimmed and hedges kept in good shape at the lower end of the park. The upper part was used for playground work and much interest was created in this work. There were a number of band concerts held in the bandstand during this summer which seemed to be enjoyed by all.

We also started another playground at the Bicknell School grounds where playground equipment was installed to the enjoyment of the children and a goodly attendance at the playground work saved a lot of children from having to cross Bridge street to get to Beal's Park where the traffic is heavy.

RUFUS CLARK PARK

The grass was kept mowed and the grounds cared for during the summer.

WEYMOUTH HEIGHTS MALL

Since the Park Commissioners took this piece of land over last spring we have taken it from the rough, having it all graded loamed and seeded thus beginning to make it into a beautiful green. There was also a granolithic walk built through the park from a point on Church street nearly opposite to the oldest church in Weymouth to a point on North street, we contemplate putting a fence along the south side of the park and would have had it done this year; but our town engineer has not given us the town boundary line as yet.

STETSON FIELD

Some new playground equipment was put on this field and seemed to be enjoyed by all.

LOVELL'S CORNER PLAYGROUND

The demand for playground and playground supervision is becoming more and more imperative, and it is with pleasure that we can report progress. The appropriation given us by the town, has enabled us little by little to equip our playgrounds not only for the children but with the installation of tennis courts in some parts of the town, we have increased the use of the grounds to a larger number of people. The grounds have been well kept during the season. The playground at Lovell's Corner has been well taken care of and protected by police. (While the larger percent of our young people are to be commended for their behavior and use of the playgrounds and parks there are always some who must be looked after, and by no one short of police either. For this reason the Park Commissioners would recommend that an extra amount be given the police that they might at least look out for Great Hill and Weston Park.) The equipment has been kept in good condition. A new tennis court has been installed and extensively used. Band concerts were held during the summer, and foot ball practice during Oct. and Nov. A new fence has been built part way on street line. Hawes Grove has been partly cleared of underbrush making room for young pines.

The annual 4th of July celebration was a success. (The Park Comm. are very much pleased with the result of our supervised playground work and our supervisor Mr. McIntosh has been the right man in the right place, he has put in a great many hours on his own account, starting early in the season that his program might be perfected. The fine results of his men and women assistants who carried out the program under his direction were evident to all who knew about the work. We consider this the most important phase of our work. There is a demand for its extension in our town.)

Pond Plain some new equipment.

Lake Street, cleared and new equipment, should be graded and wall built.

Jackson Square, Kept mowed and trimmed.

Bailey Green, Kept mowed and trimmed.

GREAT HILL PARK

As Great Hill Park is becoming more popular both with the Town's people and outsiders the park commissioners planned to continue improvements. This year we cut off a good part of the unsightly underbrush leaving a few good shaped trees. Stones from the old stone wall we used in building curbing for the two islands which we plan to loam and seed in the spring.

Below the hill at the beach a bath-house was built. This proved without question to be enjoyed by all the bathers. The building consists of a large open pavilion, office, two showers, two toilets, and forty lockers. The popularity of the bath-house or bathing-beach depends upon the weather for while on some days the attendance was small on other days it was large. The average daily attendance at the beach was fifty-five and the average daily attendance at the bath-house was twenty-five.

WEBB PARK

The Base Ball Diamond at Webb Park was loamed, and general repairs were made on the equipment.

WESTON PARK

The pond at Weston Park was enlarged, making a very nice sizable pond for the children to skate on.

Electric Lights were installed on the walks with most satisfactory results.

The Base Ball field enlarged and partially loamed, and it is necessary that more work should be done on the Ball field to enlarge it. It will require quite a little blasting, and then should be properly graded. We feel sure it will be a very satisfactory field for the boys.

Our Tennis Courts were completed, and were a success from the start.

For a very small sum Mr. Craig had a beautiful garden on the Washington Street side that was admired by all.

A serious menace is, the Town dumping the drains that are contaminated by sewerage onto this Park. The Park Commissioners feel that if the Street Authorities and Board of Health do not remedy the matter, we will be compelled to seal these drains where they enter the Park for the safety, health, and lives of the children.

The Supervised Play on these Parks are growing each year. They should have the support of the parents for the good of the children.

Respectfully submitted,
FRANCIS W. REA, Chairman
JOSEPH KELLEY
CHARLES W. BURGESS, Clerk.
Park Commissioners

REPORT OF PLAYGROUNDS

Public Playgrounds have been in operation four years. It is not necessary to state its growth. By this time I am sure the citizens of Weymouth fully realize the value of this department.

On the first day the attendance more than doubled that of last year. There were 530 last year against 1386 this year. These figures will help you to realize the number of children utilizing our parks and equipment. With the large number attending, to care for equipment and keep things going is practically all a teacher can attend to.

There are now playgrounds established at

Beals Park	Bicknell School Grounds
Lake Street Park	Lovell's Corner Playground
Pond Plain Playground	Stetson Field
Webb Park	Weston Park

The new playgrounds opened were Webb Park and one at Bicknell School Ground. The Humphrey School Playground was transferred to Lake Street Park.

Lake Street Park was an innovation and certainly a successful one. This playground held the record attendance. Two sea horses, duck, frog and water balls were constantly used by the bathers.

Many inter-playground games of baseball for the boys and volley ball for the girls were played with keen competition.

Paddle tennis was introduced and received with great enthusiasm.

At Pond Plain a play entitled "Party Day" was given at the Community House under the direction of Miss Olive Hackett. Handwork made by the boys and girls was on sale. The money thus realized was used for a picnic at Weymouth Beach with frankfurt roast and other treats.

Weston Park is much improved with its attractive walks, new équipment, shelter and refreshment booth. The tennis courts are in constant use and appreciated by both old and young.

The usual Special Activity days were continued during the term. Parades of various kinds, stunts and short plays were held on those days.

The main objective this year was the Junior Town Government. This proved a worthwhile project and certainly was enjoyed by all. I am pleased to say that I received many words of commendation from business men in all walks of life. They heartily endorsed the idea, believing it to be very instructive and helpful to the future voters of the town.

The Town Ballot Boxes were used at the election and children instructed in their use. A great deal of interest was taken in this, many of the youngsters canvassing for votes.

I might also say that I was very much encouraged with the cooperation of the various town officials. They gave the Junior officers many interesting facts concerning the workings of the different departments.

The Town of Weymouth was entrusted to the Juniors for one hour on Aug. 1, 1929.

The final event of the season was a Playground Picnic at Weymouth Beach. The Weymouth Rotary Club provided busses for transportation and nearly five hundred children arrived with lunches and bathing suits. This afforded the rest of the children an opportunity to try the water toys. Many of the children roasted frankfurts and marshmallows. Sports were enjoyed and the new bath house taxed to its highest capacity.

During the last week Moving Pictures were taken at all playgrounds. John Healy kindly donated his camera and services. He visited each ground and the picnic with the Director and as a result we have five hundred feet of very interesting activities.

Any organization desiring to see the films may, by getting in touch with the Playground Director.

Please accept my sincere thanks for the splendid co-operation of the teachers, the generosity of the Weymouth Gazette and Transcript for paper space and election ballots and all who in any way helped during the past season.

Respectfully submitted,

EVERETT J. McINTOSH,

Director of Playgrounds

REPORT OF JUVENILE MEETING

The first regular meeting of the duly elected "juvenile board" of selectmen was held Monday, July 29, 1929, at the Town Hall. The meeting opened with J. D'Allesandro as temporary chairman, with the following members of the board: Helen Doble, Walter Dodge, Robert Fletcher and June Scheible.

The first matter of business was the administering of the oath of office to the new board which was done by the present Town Clerk Clayton Merchant.

The board then proceeded with the regular business and appointments. The first choice was that of J. D'Allesandro as chairman of the board, and June Scheible as Clerk. The next business was the appointment of the various town officers. The following were nominated and appointed: Town Clerk, Dorothy Hersey, North Weymouth; Board of Health: Joseph O'Kane, Pond Plain; Ellen Hollman, Lovell's Corner; Stewart Loud, Weymouth Landing; Tree Warden, August Calen, Pond Plain; Town Accountant, Esther Rossetter, North Weymouth; Supt. of Streets, Lester Jones, Lovell's Corner.

Chief of Police was the next office to be filled. This brought forth the names of four candidates. They were John Kohler, Willard Hunt, Larry Karstunen and Kenneth Randall. It was voted that the choice be made by ballot. The result was as follows: Kohler, 1 vote; Hunt, 1 vote; Karstunen, 1 vote; Randall, 2 votes. Upon a motion of one of the members it was voted that the election of Randall be made unanimous.

Chief of the Fire Department was the next office that brought forth spirited voting. Five candidates were proposed for this office. They were: Willard Hunt, Larry Karstunen, Walter Manuel, Russell Taylor and John Santacroce. The first ballot showed one vote for each candidate. It was necessary at this point to state qualifications. The second ballot showed three for Hunt, one for Taylor and one for Santacroce.

Two candidates for Sealer of Weights and Measures, Edward Robinson and Terrance McGlynn. The ballot showed three for McGlynn and two for Robinson.

Tax Collector, Edward Robinson.

Town Engineer. Two candidates: Larry Karstunen and George Monroe. The ballot showed 2 for Karstunen and three for Monroe.

Building Inspector, John Santacroce.

At this point of the meeting the heads of different departments were called before the board. Many questions were asked concerning several problems about the town.

Next came appointment of firemen: Walter Manuel, Charles Welch, L. Karstunen, J. Sayce, F. Ells, Paul Riley, F. Baumister, Robert O'Leary, William Beaudreau, Anthony Guiducci, Fletcher Bates, Russell Taylor, Walter Sylvester, John Cavallo, Richard Byrne, James Alexander, John Striano, Dominic Abruzzo.

Next came police: Curtis Ruggles John Kohler, Alfred Rennie, John Sullivan, Leonard Ferguson, Fred Cignarella.

It was voted that the Superintendent of Streets make an inspection of streets in the town. It was voted that the question of fire hazard on Curtis avenue be referred to the Chief of the Fire Department.

A vote of thanks was extended to the town officials for their kindness during the meeting.

No further business. Meeting adjourned at 4:10 p. m.

Signed
JUNE SCHEIBLE.

REPORT OF THE BOARD OF ASSESSORS

To the Honorable Board of Selectmen:

We have assessed upon the polls and estates of all persons liable to taxation, the sum of \$1,128,202.81 and have committed the same to Frank W. Holbrook, Esq., the duly elected Collector of Taxes, with our warrants in due form of law, for the collections and payments, in accordance with the votes of the town and warrants of the County of Norfolk and the Commonwealth of Massachusetts.

Commitment June 26, 1929	\$12,144.00

Respectfully submitted,

FRANK W. HOLBROOK,
Collector of Taxes

REPORT OF TOWN ENGINEER

To the Honorable Board of Selectmen of the town of Weymouth, Gentlemen:

I submit here with my twenty-third annual report, covering surveying or engineering work for the town during 1929.

Each succeeding report must of necessity be similar to those which precede it, dealing as it does each year with the revision of the Assessor's maps and the routine engineering work incident to all towns, together with perhaps some special work done during the particular year for which the report is written.

As in the revision of past years the Assessors sheets, 65 in number, were corrected to April first inclusive, all transfers for the preceding year copied and entered thereon; all new buildings measured located and added; other buildings which had been razed, lost through fire or otherwise eliminated or changed during the year were removed from or corrected on the sheets; and plans of all new streets and of all new land subdivisions or development were obtained, inspected, and all data of interest to the Assessors or relevant to the assessment of taxes entered on the sheets.

As the area of the town is approximately 11,200 acres and as the total number of deeds takings and releases, including original and transfer certifications in the Land Court that were copied for the present revision totalled over 1500, and were scattered over this entire area as were also the 361 dwellings, 574 other taxable buildings and approximately 300 changes or additions to existing buildings which were located and measured and all of which were plotted and entered on the sheets, it will be seen that many erasures, additions and changes in buildings, names and areas were necessary to bring the sheets into proper use for the Assessors. This is the work done each year.

In addition to the above the new fire station at Weymouth Landing and the new Pond Plain school building at South Weymouth were added to the sheets.

The year ending April 1, 1929 showed an increase in the total number of transfers over those of the preceding year this increase being largely in those registered in the Land Court.

The number of dwellings located also showed an increase; the number of other taxable buildings were 225 in excess of those for the preceding year, (an increase of about 65 %) while additions to existing buildings, as measured showed an increase of 160 %. These increases especially in the number of new buildings are an index of the growth of the town, and are shown in the increased valuation each year.

Perhaps this growth is best shown by a comparison of the lithograph map published in 1915 with the lithograph map of 1929.

After the sheets are corrected new negatives are taken and prints therefrom furnished the Assessors. Copies of any or all of these sheets are sold by the town practically at cost.

The above together with other minor work appurtenant there-

to is listed under the heading of town survey and is charged against the appropriation made for that purpose.

I would recommend an appropriation for 1930 of \$2500 similar to that of the previous year.

It is desirable, as I have often noted in former reports, that all deeds, releases, mortgage discharges and all plans showing land owned by or conveyed to them be recorded by all persons as such data becomes invaluable as the years go by, and in many cases results in a substantial saving to their heirs or successors, when it becomes necessary or important to determine an obscure or disputed boundary line.

During the past year 98 town survey sheets including one complete set were sold and also 2 town maps as published in 1915.

An appropriation of \$500 similar to that of former years was made for the purpose of purchasing and setting stone bounds on town streets and various bounds have been set namely on Thicket Street, Winter Street, Madison and Commercial Streets and on Middle Street as relocated. This work is important and should be done each year.

Other stone bounds set on newly accepted streets or elsewhere, and charged to the appropriation for that particular work, included Summer Street, Oakcrest Road, Lochmere Avenue, on Legion Field, and on the taking by the Weymouth Water department of land off Thicket Street.

Preliminary to the report of Metcalf & Eddy, Engineers upon a sewerage system for the town of Weymouth which is being published at this writing, considerable engineering work was required; this included surveys and profiles of various proposed routes for sewers; a special street map of the town; and other work; all of which has been done and the results given to them.

Other special work in 1929 was the revision to date of the lithograph map published in 1915; this has been completed, the map published (both on paper and on cloth) and copies are for sale at the town office.

Routine work for the various town departments or committees done during 1929 includes the following: topographical survey and plan of land at Great Pond; topographical survey and plan of the Hunt School lot, and later a plan showing elevations on the adjacent land to be acquired by the town; and a topographical survey and plan of the Franklin School lot; staking line of relocation of Commercial Street at Washington Square; staking points for bounds and staking lines and giving grades for Summer Street as relocated; staking points for bounds and staking lines and giving grades for Middle Street as relocated; staking points for bounds and staking lines and giving grades for various streets accepted by the town; taking street lines asked for by abutters and ordered by your Board; staking lines, taking profiles and giving grades for curbstones, street drains, catchbasins, and gutters; surveys, profiles and plans of streets or widenings sponsored by the Selectmen such as Lakeside Avenue and the junction of Derby and Pond Streets for acceptance by the town; street descriptions; examination of street lines on plans filed for

registration in the Land Court and testing same on the ground when necessary; surveys and plans for and court attendance on land damage cases; plan and description of street between Front and Main Streets to be deeded to the town; survey and plan of widening at corner of Shawmut and Lake Streets showing land to be deeded to the town; Liberty Square widening; work on plans of various cemeteries; staking and grades for Pleasant Street permanent construction; staking boundary line of cemeteries; staking and grades for junction of Middle and Commercial Streets as laid out adjacent Legion Field; preparation of an index map for the Assessors; staking line of water works taking of land adjacent Great Pond; staking tennis courts, park line, and giving grades for pond in Weston Park; staking lines and giving grades for tennis courts, ball field, running track, etc. at Legion Field; staking lines, establishing and giving grades for the development of the High School and Town Hall grounds including curbstones, sidewalks, walks, drains, parking areas, memorial wall and monument, stage and open air theatre, etc.; also as appurtenant to the new additions made to the Hunt school in 1929 was the design and construction of a septic tank 25 feet long, 12 feet wide and 8 feet 9 inches deep (inside dimensions) of reinforced, waterproof concrete, connecting with a sewer or drain about 700 feet in length, running through and beneath the pond in Weston Park. This drain also forms an outlet for a system of drainage for the roof water and shower baths of the Hunt school building, all of which is in use at this writing.

In closing I extend my thanks to your Board, and to other town officials and to the citizens of the town for courtesy shown and assistance rendered to me and to my assistants in our work for and throughout the town.

Respectfully submitted,

RUSSELL H. WHITING
Civil Engineer.

REPORT OF SUPERINTENDENT OF STREETS

To the Honorable Board of Selectmen of the Town of Weymouth:
Gentlemen:

I herewith submit my fourteenth annual report of the Street Department for the year ending December 31, 1929.

The amount expended under the regular highway appropriation was \$147,233.40 and under special appropriations \$66,740.07, making a total of \$215,937.47. The amounts of the various items are shown in the summary of expenditures at the end of this report.

In connection with the oiling and surface treatment of streets a decidedly new departure was made in the manner of applying sand.

Formerly sand was placed in piles along the road side and spread by hand. This method caused a loss of material by being

washed away during heavy storms and by being scattered around by children. It was difficult to estimate the amounts needed with the results that often considerable sand was left to be picked up after the work had been completed. Furthermore it was difficult to get a uniform distribution of material by hand. A machine called the "Big Sandy" manufactured by the Highway Service Corporation of New Bedford was purchased after a thorough demonstration and proved a most economical piece of machinery as the material was spread uniformly without any loss and with a saving of labor. With this machine we used a heavier grade of tar, applying first a light coat of pea stone then a light coat of sand, this gave a much better wearing surface and will prove economical in the end. This machine can also be used for sanding icy roads in winter.

The crusher at Keith's pit was not operated as long this year due to the fact that we had a large supply on hand at the beginning of the year and that we were able to purchase stone dust at a very low figure for binding gravel roads.

The cost of operating crusher was as follows:

Labor	\$2,564.69
Power	227.45
Repairs & supplies	97.73
Gravel	207.13
<hr/>	
Total cost of operating	3,097.00
Tons crushed	4,280
Cost per ton	\$0.72

A portion of East Street from North to Green Streets was resurfaced with bituminous macadam from the general repairs account.

Considerable work was done on drains and catch basins the largest job being an extension of a drain on Columbian Street. More money was expended for street cleaning than for several years and the favorable comments received seems to justify this additional expense. A sidewalk tractor with plow for snow work was purchased and has proven satisfactory. It will be but a matter of time when all sidewalk plowing will have to be done by machinery.

SPECIAL APPROPRIATIONS

Permanent construction: The amount appropriated for this work, \$15,000 was \$10,000 less than has been available for several years, consequently the amount of work was considerably curtailed. This money was expended to continue the bituminous macadam on Pleasant Street from a point near Ralph Talbot Street, northerly to a point about 400 feet beyond Park Avenue. Due to the changing of grades it was necessary to rebuild considerable tar sidewalks and to reset about 200 feet of curb.

Permanent sidewalks: This work consisted largely of tar concrete with the exception of the cement walks and curbs adjacent to the new Town Hall. \$10,000 was the appropriation and the work was divided up so that each part of the town received an equal amount.

Junction Middle and Commercial Streets: \$3,930.00 was appropriated to improve these conditions at this intersection. A new cut-off to connect Middle and Commercial Streets was laid out and a curbed triangular grass plot constructed which has added a great deal to the appearance of this junction. Both Middle and Commercial Streets were widened adjacent to this triangle.

Washington Street Sidewalk: A gravel sidewalk was built on the south side of Washington Street from a point opposite residence of Silas Newcomb to a point opposite residence of William Martin. The appropriation called for a permanent sidewalk but in view of the fact that this road is to be rebuilt this coming year and the grades probably changed it was deemed unwise to build a permanent sidewalk.

New Streets: \$16,570.00 was appropriated for the working of the whole or parts of the following new streets, Beal, Hibiscus Avenue, Lochmere, Manatee, Seminole, Oakcrest and Randall Ave. The construction in most cases was gravel with a surface treatment of Tarvia. The amounts spent on each street are shown in the summary of expenditures.

Middle Street Relocation: \$2000 was appropriated to relocate Middle Street from Washington to Main Street. Several curves were cut off and a uniform width established. The amount of this appropriation was not sufficient to resurface the portions where cut-offs were made and an additional appropriation should be made to complete the work next year.

Summer Street Relocation: This street was radically changed from West Street to the residence of Carl Everson. Curves were eliminated, the grades improved, and the surface graveled to a width of 24 feet. There is some more work to be done on this road before it is ready for oiling but this can be done from the regular highway appropriation. The amount expended was \$9,000.00.

Front Street Drain: At the special town meeting in September \$2,500.00 was appropriated to relay the drain from Front Street that runs through the Hunt school, to Weston Park. An 18 inch pipe was laid and the course changed to make a more direct line and to avoid passing under the school buildings. This work was not completed at the close of the fiscal year but has since been finished. \$6,000.00 was expended under the direction of the street department to resurface the drives and parking spaces adjacent to the Town Hall and High School. Bituminous macadam pavement was laid and we do not mind saying that we are proud of this job. This appropriation was made for the School Department so does not appear under the Street Department expenditures.

SUMMARY OF STREET APPROPRIATIONS

Regular Highway Appropriation 1929

Superintendent	\$3,500.00
General repairs	41,692.62
Maintenance of trucks	2,998.65
Operation of crusher	3,097.00
Fences and signs	1,878.49
Street cleaning	10,062.80

Equipment and supplies	7,175.75
Bridges	1,300.00
Gravel sidewalks	3,623.41
Department building	210.73
Drains and catch-basins	8,620.66
Snow	11,975.36
Sundries	485.28
Oiling	36,661.15
Sanding Machine (new)	6,250.00
New Mack Truck	5,751.50
New Sidewalk tractor and plow	1,950.00
Total	<hr/> \$147,233.40
Appropriation March Meeting	\$130,000.00
Appropriation Special Meeting, September 16, 1929	9,000.00
Crushed stone	564.20
Use of trucks	2,818.93
Use of rollers	864.00
Use of Bear Cat Shovel	993.00
Pipe	66.00
Gravel	402.04
Gas refund	30.88
Balance from New Streets	428.72
From reserve fund	2,250.00
Total	<hr/> \$147,417.77
Balance to treasury	\$184.37

Front Street Drain	2,500.00	934.80
Total Appropriations	69,322.90	
Amount expended		\$67,674.87
Balance unexpended		\$1,648.03

On December 8, 1929 while sanding icy roads to make them safe for others James E. Sheehy lost his life in line of duty.

Mr. Sheehy was a conscientious and faithful worker, always ready and willing to do any task assigned to him. His passing on is a loss to the Street Department and Town.

RECOMMENDATIONS

I thoroughly believe that more money should be expended for permanent sidewalks. Weymouth is not spending as much for sidewalks as most towns of a like size. Broad Street from Lincoln Square to Clapp's Field should be resurfaced this coming year so as to include the area where the car tracks were removed. With the prospects of but few new major projects to be met this coming year and the great amount of unemployment it would seem wise to do as much as possible in the way of street improvements.

In conclusion I wish to express my appreciation to the Board of Selectmen and to the Department employees who by their cooperation and assistance have made it possible to accomplish the many projects confronted.

Respectfully submitted,

IRVING E. JOHNSON

Superintendent of Streets.

REPORT OF THE INSPECTOR OF BUILDINGS

To the Honorable Board of Selectmen:
Town of Weymouth

On October 1, 1928 the Town adopted Building Laws governing the erection and alterations of buildings; were approved by the Attorney General of the Commonwealth Feb. 15, 1929, and after three local publications were made effective March 8, 1929.

The Inspector of Buildings was appointed on March 12, 1929 to hold office until the following May, and on May 1, 1929 was again appointed for the ensuing year.

A new department was to be established in the Town, and plans were inaugurated to carry on its business with economy and efficiency.

The required applications, permits, appeal blanks, building laws, the proper set of records and other necessary details were expeditiously handled through the assistance of Town Officials, making possible the issuance of the first permit on March 20, 1929 to Susan Worthen for a garage at 28 Front Street.

The applications, requiring information of location, ownership and other statistics of vital importance to Town Officials, and departments having common interest in new developments and construction, as well as for the information of the public abutting new developments, were intended to secure important preliminary information before work should begin on any project. Securing data regarding size of lot, offset from adjoining property lines and distance from street lines was difficult to accurately obtain, and in many cases it was necessary to secure from the Town Engineer definite lines abounding the property. This together with the field work required persistence and energy for several months until the applicants became acquainted with and accustomed to the requirements of the laws.

Much emphasis should be given the splendid cooperation of Town Officials, the Board of Appeal, the owners and builders in securing rapid action to make the Laws, which the Town had accepted as of the utmost importance, effective in their many details. The co-ordination of effort on the part of all concerned and the difficulties which were encountered, and in most cases amicably settled by immediate response to the import and the interpretation of the Laws, was most gratifying to the Inspector. In only a few instances was it apparent that the Laws as adopted as a necessity for good construction, and protection from encroachment of present property, could be amended without materially changing the intent of purpose and the safety of construction.

Careful consideration was given certain sections of the Laws both from a legal and construction standpoint, and on September 16, 1929, the Town voted to adopt amendments as set forth in the Town Warrant. These were approved by the Attorney General Oct. 15, 1929, and made effective November 1, 1929,

In the acceptance by the Town of Building regulations the Inspector is automatically delegated to enforce certain provisions of the Laws of the Commonwealth relating to new construction, apartment or tenement houses, the inspection of dangerous buildings, lodging houses and elevators; most important of which are the provisions relative to the inspection and testing of elevators.

This part of the work has been accomplished through the courteous cooperation of the several manufacturing officials, and in every case where defects have been found in safety devices, cables, governors, enclosures, gates and doors or other parts, it has been

the desire of the officials to immediately repair these defects and carry out the recommendations of the Inspector.

The Building Laws and their application, the effect of which will become more apparent as development progresses, have regulated the alignment of buildings and distances from adjoining property; strengthened foundations, floors and ceilings; eliminated the use of wood shingles on roofs; safeguarded the owners and occupants from fire hazard by use of fire stops in walls and stairs; eliminated flimsy construction, and required other details of exceptional value to residential and business communities.

Herewith is summary of the records of the Department.

Building permits issued	370	
Alteration permits issued	258	
Estimated valuation of Buildings		\$925,390.00
Estimated valuation of Alterations		261,104.50
		<hr/>
Total valuation		\$1,186,494.50
Receipts	\$1385.00	
Rebates	20.00	
		<hr/>
Total	\$1365.00	
Appropriation	\$1,500	
Expenditures	\$1,500	

It is with grateful appreciation that I thank your Honorable Board for the splendid assistance and cooperation exemplified while performing the arduous duties that has been my privilege to have undertaken for the progress of the Town.

Respectfully submitted

T. J. KELLY

Inspector of Buildings

REPORT OF THE BOARD OF APPEAL

Weymouth, December 31, 1929.

To the Honorable Board of Selectmen:

On March 8, 1929, when the Building Laws became effective, a Board of Appeal, consisting of one selectman, the town counsel and the town engineer, was created to receive and act upon applications for relief of certain provisions of the laws.

Diversified appeals have been made to the Board, but each has been given careful consideration, and have been decided for the safety of owner and the protection of adjacent property owners.

At the outset it was necessary to approve many applications on account of the condition or location of buildings in process of erection.

Herewith is summary of the records of the Board.

- 47 applications approved.
- 5 applications conditionally approved.
- 7 applications partially approved.
- 14 applications disapproved.

Resectfully submitted

RUSSELL H. WHITING

Secretary of Board of Appeals

REPORT OF THE PLANNING BOARD

To the Citizens of Weymouth:

In this, our fourth annual report of the Planning Board of the town of Weymouth, we would say, that, at the beginning of the year, we organized, with Frank A. Pray chairman, and Ralph H. Haskins clerk and treasurer. At the annual March meeting, Russell H. Whiting, Josiah B. Reed, and Ralph H. Haskins, were elected members of the Planning Board, for three years.

The result of our considerations, at our several meetings, are already manifest, in various parts of the town. During the past year, the traffic lights at Central Square, and at the junction of Washington and Middle Streets, have been replaced by much better equipment, and are now giving satisfactory service.

The traffic light at Lovell's Corner has been installed during the past year, and we hear most favorable reports, regarding the moving of traffic at that point.

The Planning Board recommends, the installing of the following traffic lights.

- 1, at Bridge and North Sts.
- 2, Main and Middle Sts.
- 3, Washington Square.
- 4, Lincoln Square
- 5, at Independence Square.
- 6, at Main and Park Ave.
- 7, at Pleasant and Park Ave.

Several of the squares and street corners have been greatly improved by grading, and placing cement curbing around the plots, and reseeding. Our efforts in improving conditions, at the junction of Commercial and Middle Streets, have been most gratifying, as a new street, with even grade connecting both streets, has been built, and the triangle graded and a curbing built around the same.

We would suggest that the new street, be named—"Legion Way" and that two suitable poles with lights be placed on the Southerly side of said "Way."

The conditions at the Rail-Road-Crossing, at South Weymouth Station, have been extensively considered, in connection with the corner of Pond and Derby Streets, as we feel this is a very dangerous corner, and a committee of our Board interviewed the Officials of the N. Y. N. H. & H. R. R., who after viewing the premises, were won over to the idea, that gates could be installed, which would solve the problem of better safeguarding the public. We are pleased to report that the gates are now ready to be installed.

At the corner of Pond and Derby Streets, a curvature of about (40) forty feet, has been laid out, by our town engineer, and the poles and wires have been moved, and we feel in the near future, conditions at that point will be much improved.

The advantage of a street, connecting Pond and Randolph Streets, parallel with and approximately 60 or 80 feet, from the Railroad tracks, was favorably considered, by us as we feel, that in the near future the officials of the R. R. can be induced to build a new station, in South Weymouth, and if they do, it will undoubtedly be located several feet farther North than the present one, and it would open land, for building purposes, and can be laid out, and built for a moderate sum.

A street connecting Lovell and Bridge Streets, would be a great asset, in that part of the town, as it would allow travel the entire length of the beach front, from Neck Street, through to Birchbrow Avenue, without the necessity of entering Bridge street with its heavy traffic. We encourage, continuing the taking of land at Great Pond as fast as conditions warrant.

We recommend:

The widening of Broad street from Jackson Square to Central Square and the removal of the tracks from Madison street to Jackson Square. The widening of Middle street adjoining Legion Field. The straightening of Pleasant street, between the Police Station and Water streets.

The building of permanent sidewalks, in each section of the town. A representative of our Board attended the State Planning Board meeting, at Fitchburg Mass. Oct. 1st and 2nd 1929.

Respectfully submitted,

FRANK A. PRAY Chairman
RALPH H. HASKINS Clerk
RUSSELL H. WHITING
ARTHUR I. NEGUS
ALLAN C. EMERY
JOSIAH B. REED
THOMAS J. KELLY.

REPORT ON THE DEATH OF CHIEF JOHN Q. HUNT

The death of our Chief, John Q. Hunt, occurred on October 8, 1929 while answering an alarm for a fire from Box 23. He died like a man, fighting fire in performance of his duty. The Town has lost a model citizen, the Board of Selectmen an obedient servant and the men of his Department a great friend.

During the period of 38 years of which he served as Callman, Engineer and Permanent Chief he saw the Department grow from horse drawn apparatus to the present up-to-date motor equipment and a Department of which the Town should be proud.

He lived to complete a new station at Ward 3 and his one great desire was to have a new home for his Ward 2 men, and we hope his good work will not be in vain.

Chief Hunt's death will be greatly felt not only by the Department and friends which he was connected with, but also in the civic duties pertaining to all Town affairs.

J. RALPH BACON,
Chief of Weymouth Fire Department

REPORT OF THE CHIEF OF THE FIRE DEPARTMENT

To The Honorable Board of Selectmen,
Gentlemen:

The following is a report of the activities of the Weymouth Fire Department during the year of 1929.

On being called upon to render this report it brings further to my mind the great loss which the Town has been called upon to bear.

During this year we have met a loss which has been greatly felt, the death of our late Chief John Q. Hunt. In his death we men of the Fire Department have lost a great friend, the Town a wonderful citizen, the Board of Selectmen an obedient servant and a gentleman loved and respected by all.

The Town also has met a financial loss by the burning of the quarters of Engine 3 which has since been rebuilt and equipped at a cost of \$40,000. The department feels greatly in debt to the citizens of our Town for the beautiful building which they have given us.

We have purchased another 750 gallon Triple Combination Seagrave Pump to replace the Combination at Ward 1, and also a 1000 gallon Triple Combination Maxim Pump to replace the last of our old equipment, the old Knox Pump at Engine 5. We now have a new Engine in each station, and as Combination 3 has been equipped with a Foam Generator for oil and gasoline fires and a Deluge Deck Nozzle for large fires this, together with the new Engines place our apparatus in good condition such as any Town might rightfully feel proud of.

It is my sincere hope that the Town this year will build and furnish new quarters at Ward 2, East Weymouth, and equip it with an up-to-date Fire Alarm circuit as our old quarters and equipment has outlived its present needs.

Our Fire Department has made a great many new friends both in and out of Town which has been proven in the hour of need, as in the instances of the Towns of Rockland, Braintree and Hull. These Towns each had its large fire and upon being called I feel proud of the way the Weymouth Fire Department responded and the way the situations were handled.

The past year has proven the value of a permanent department. This is shown in the comparison with the increase of fires, not only in numbers but also in size and the small loss which was caused. The Permanent Force stand ready to protect the property and lives of the citizens at all times regardless of conditions, and their one endeavor is to show the people of Weymouth their gratitude for the apparatus and improvement of living conditions that they have so generously provided.

I wish also to thank the Callmen of my Department for the loyalty which they have shown by the response to the alarms. The citizens should feel in debt to these men who respond so generously regardless of their own pleasure or business to help and protect them in time of fire.

The following record is a summary of the alarms answered during the year ending December 31, 1929.

Engine 1	102
Engine 2	170
Engine 3	137
Engine 5	65
Combination 3	9
Ladder 1	48
Ladder 2	103
Forest Fire Truck 3	62
Forest Fire Truck 5	69
Out of Town calls—Rockland, Braintree, Hull.	
Engine 2 Alarms Answered	2
Engine 3 " "	3
Engine 5 " "	1

In closing I wish to extend my sincere thanks to the Board of Selectmen, and all members of all other Departments who welcomed me as a new Chief, and to the Citizens who have co-operated with my Department and helped at fires when needed.

I also wish to thank the Police Department thru their Chief for the cooperation and the assistance at all times and I hope this feeling between our Departments will continue to grow.

J. RALPH BACON,

Chief Weymouth Fire Department

ANNUAL REPORT OF THE SUPT. FIRE ALARMS

To The Chief of the Fire Department, Weymouth, Mass.:

The following is the reports of present and future needs of the Fire Alarm System that is respectfully submitted:

The number of Bell Alarms in the past year were as follows:

Alarms in Town	273
No School	5
Lost Child	2
Out of Town Calls	3
Total of Alarms	283

I would also state that the Alarm System is in a very good condition at the present time as all the old wire has been replaced and new wire has been installed.

Nine new Boxes were installed the past year bringing the total number of Boxes to seventy-nine.

Ground-Rods were installed in a large number of these and the rest will be installed at my earliest convenience.

The Circuit in the North part of the Town should be divided into two circuits so as to divide the extra heavy load that the present one is forced to uphold.

A very much larger number of new poles have been installed this past year therefore this added much to the cost and upkeep of our lines.

In closing I wish to thank all those who cooperated with me, in any respect.

Respectfully submitted,

C. F. COOLIDGE,

Supt. Fire Alarm W. F. D.

REPORT OF TREE WARDEN AND MOTH SUPERINTENDENT

To The Honorable Board of Selectmen of the Town of Weymouth:
Gentlemen.

Herein please find my report for the year 1929.

Our work of the past year has been mostly in trimming our old trees and removing many dead and otherwise objectionable ones. I am sorry to report that I have yet been unable to find any number of trees which are suitable to set out on our streets. We are doing our best to save our old ones and I hope that there may be some suitable ones on the market soon. I have some Norway maples 9 to 11 ft. but I would not advise setting them on the streets.

Yours respectfully,

CHARLES L. MERRITT

Tree Warden

To The Honorable Board of Selectmen of The Town of Weymouth.
Gentlemen.

Herein please find my report for the year 1929.

Although we are finding gypsy moths scattered all through our town, we have them well under control. The fall tent worm has been increasing rapidly for some years and were very prevalent this year. We cut them quite thoroughly from the trees and bushes on our streets and a few private places. Parties wishing to have that work done next year must notify the Superintendent early.

The satin moth is another serious pest attacking Willows and poplars. As we were unable to reach those tall trees with our orchard sprayers I had one of our big sprayers motorized, buying a G. M. C. 2 ton truck for that purpose. We can now get around faster and reach our tall trees.

Yours Respectfully

CHARLES L. MERRITT

Moth Superintendent

REPORT OF COMMITTEE ON SEWERAGE

East Weymouth, January 9, 1930

To The Honorable Board of Selectmen:

The Committee on Sewerage, appointed in accordance with a vote of the annual town meeting of 1927, makes the following final report:

The Committee at its first meeting, decided, that while the time for the actual construction of sewers might be several years distant, it would be for the best interests of the town to immediately make the engineering studies and estimates necessary to insure intelligent action upon any question pertaining to sewerage that might arise.

While we did not expect any such question to come up for several years, the action of the Town of Braintree in deciding to proceed at once with sewer construction brought the problem of outlets to the South Metropolitan Sewer to a critical point during the past few months, and it is fortunate for the town that our studies had progressed to a point where we were able to make a definite statement of our requirements. This feature will come out clearly in the discussion of entrance into the Metropolitan district.

PRELIMINARY WORK

Before any intelligent study of sewerage could be made, it was necessary to make a topographic plan of the entire town, which involved the following surveys:

- 35 miles of precise level benches
- 63 miles of additional bench levels.
- 100 miles of street profiles.

This field work was completed late in 1928 and a contour plan plotted from the data thus obtained. Metcalf and Eddy Consulting Engineers of Boston were engaged to make a preliminary layout for a sewerage system, based on this plan, and a rough estimate of cost.

A preliminary report on this plan and estimate was made to the annual meeting of 1929, the completion of this report using up the last of the original appropriation of \$5,000. The annual meeting of 1929 voted the sum of \$10,000 to complete the work of the committee.

FINAL STUDIES AND REPORT

Metcalf & Eddy were retained as engineers for the detailed studies and final report; the following surveys and other field work required by them being done by local forces under the direction of the committee:

- 9 Wash borings at pumping station sites.
- 381 Soundings to determine subsurface conditions along trunk lines.
- 8 miles, profiles of trunk and lateral lines.

The final report of the engineers, with general plan, analysis of methods of disposal, detail cost estimate, including cost of

each pumping station required, and cost of pipe lines by street, estimate of annual charges and recommendations has been printed for distribution to town officials and town meeting members and to other citizens upon application. As the report is voluminous and of a technical nature we have not thought it wise to entail the expense of printing it for general distribution or inserting it in the Town Report, but are attempting in the following paragraphs, to bring out in the fewest possible words, such features as are essential to a proper understanding of the problem and the situation arising therefrom.

METHOD OF DISPOSAL

The engineers' report takes up in detail the comparative costs and advantages of local disposal plants versus discharge into sewers of the South Metropolitan system. The significant figures are as follows:

Estimated Cost of Disposal Plant	\$238,000
Estimated Annual Charges (Interest, Bond Retirement and Operation)	37,000
*Estimated Annual Payment to Metropolitan District as of 1934, including Installment on Entrance Fee	38,700

These two figures for annual charges are directly comparable, as the other costs would be practically the same in either case.

It is obvious that the method that does not involve operating, with its attending difficulties and hazards, is preferable even though the annual charges be considerably higher. In this case they are nearly equal and there can be no question as to the wisdom of the engineers' decision in favor of discharging into the Metropolitan System.

It is doubtful moreover if the state authorities would ever approve the discharge of the effluent from a disposal plant into any of the inland waters of the town or into tide water near shore.

As our studies progressed, it became more and more evident that it would be for the best interests of Weymouth and Braintree and ultimately for the interest of other neighboring towns, as well as the Metropolitan District as a whole if Weymouth and Braintree could discharge through a common line, passing from East Braintree through the northern end of North Weymouth, and Germantown in Quincy, to the South Metropolitan sewer.

We asked the Metropolitan District Commission to designate a suitable outlet to the South Metropolitan sewer for the sewerage of Weymouth. The commission referred the matter to the State Department of Health for consideration and opinion. That department on December 13, reported in part as follows:

"A favorable route for a branch from the Metropolitan sewer to intercept the sewage of both Braintree and Weymouth would be laid from the proposed pumping station near Houghs Neck, southerly across Fore River west of Hunt's Point and thence across a narrow strip of

North Weymouth east of the works of the Edison Electric Illuminating Company and again across the basin of the Weymouth Fore River to Whites Neck in Weymouth from which the sewer would extend across the Fore River again to the Braintree shore thus affording an opportunity for both Weymouth and Braintree to connect their sewers with the Metropolitan system in that neighborhood.

"The department recommends that an investigation be made for a sewer along the general line herein indicated since if such a line is found practical it will probably be the most economical connection not only for Weymouth but also for the town of Braintree and for the Metropolitan district as well."

To bring our position more forcibly to the attention of the state authorities, hasten the investigation suggested by the State Department of Health, and clarify the situation generally, the committee was anxious to have an act enabling Weymouth to enter the Metropolitan District introduced in the General Court at the opening of the present session, but as your board was of the opinion that authority for the introduction of such a bill should come from the annual meeting we are inserting an article to that effect in the warrant. The passage of such an act does not bind the town to anything, since it must be accepted by the voters before there can be any obligation.

ESTIMATED PAYMENTS TO THE METROPOLITAN DISTRICT FOR DISPOSAL OF WEYMOUTH SEWAGE

The engineers in their report analyze in detail the probable costs of entering the South Metropolitan District and discharging sewage through the Southern High Level Sewer. There are three charges or fees:

1. Entrance fee payable in ten annual installments, beginning immediately after acceptance of the act. This fee has in the past been based directly upon the value of the districts sinking fund, and if determined in that manner is easily estimated. Recently however the General Court has shown a tendency to introduce the element of cost to the district to connect with the entrant into the determination of the fee, thereby introducing an element of uncertainty into any estimate made in advance of legislative action. The engineers have used the sinking fund method as the nearest possible approximation.

2. Annual assessment to cover Weymouth's share of sinking fund, serial bond and interest charges of the South Metropolitan District. This is based on the ratio of Weymouth's valuation to the total valuation of the district and commences as soon as Weymouth enters the district.

3. Annual assessment to cover Weymouth's share of the maintenance and operation of the district, based on the ratio of Weymouth's population to the total population of the district

and not assessed until sewage is actually discharged into the district's mains.

The estimated amounts of these assessments are as follows:

ENTRANCE FEE

If admitted in 1930	\$126,000
If admitted in 1934	186,000

ANNUAL ASSESSMENT FOR FIXED CHARGES

1930	\$18,000
1934	25,700

The increase is due to increased fixed charges for the district.

ASSESSMENT FOR MAINTENANCE AND OPERATION

1934	6,800
------	-------

Thus, if Weymouth were to be admitted to the district this year and began to discharge sewage in 1934, the estimated annual payments would be:

1930	\$12,600 plus \$18,000 or	\$30,600
1934	12,600 plus \$25,700 plus \$6,800 or	\$45,100

In 1940 the annual payment for entrance fee would cease, thus reducing the total by \$12,600 (although it is difficult to predict just what the other assessments would amount to by that time.)

COST OF CONSTRUCTION

District	Estimated Cost		
	Sewers	Pumping Station	Total
Weymouth Landing	\$305,220	\$10,400	\$315,620
North Weymouth	398,580	19,100	417,680
Wessagussett	137,530	22,500	160,030
Central	657,420	19,000	676,420
South Weymouth	849,940		849,940
East Weymouth	565,915	43,900	609,815
Total Sewers and Pumping Stations	\$2,914,605	\$114,900	\$3,029,505
Force Mains			34,150
Total			\$3,063,655

In considering the above estimates, it must be remembered that they cover practically every street and nearly every inhabited private way in town and naturally include large sums which will not be called for for many years. The engineers' report is so presented by streets that it is possible to pick out at any time, an estimate for any area under discussion. For example: the estimate for Weymouth Landing, \$315,620 includes long lines to the sparsely settled extremities of Summer and Front streets and complete service to all streets in Idlewell and Weycroft. Eliminating these reduces the estimate to \$202,500.

ASSESSMENTS

A part of the cost of building sewers must be assessed directly upon the abutters. The law provides that the abutters shall be assessed not more than three-fourths or less than one-third of the total cost of the system including the Metropolitan entrance fee.

This amount is assessed upon the abutter in direct proportion to his street frontage and the area of his property which drains towards the sewer. The details of assessments are determined by a board of sewer commissioners, and the final rate recommended by them is referred to the town for acceptance.

For the purpose of a preliminary estimate of the cost to the abutter and the burden on direct taxation, the committee has used a tentative rate, the maximum allowed under the law to be carried by direct taxation and the minimum that can be assessed upon the abutter, i. e., one-third upon the abutter and two-thirds upon direct taxation.

The assessment is computed as follows:

Total length of sewers	491,760 feet
Less unassessable lines	97,090
Net assessable	394,670
<hr/>	
Total estimated assessable frontage (349,670 x 1.5)	592,005
Total area assessable, (Assume front x 80)	47,360,400 sq. ft.
Total estimated cost of sewers, pumping stations and force mains	\$3,063,655
Metropolitan entrance fee 1934	186,000
<hr/>	
Total cost for assessment	\$3,249,655
Assess one-third on abutters	1,093,218
Use frontage assessment of \$1.00 per foot.	
Use area assessment of .01 per sq. foot.	
Total frontage assessment 592,005 ft. @ \$1.00	\$592,005
Total area assessment 47,360,400 sq. ft. @ .01	473,604
<hr/>	
Total assessment as above	\$1,065,609
Deficiency	\$17,609

This deficiency is too small to warrant changing the basic figures.

Using the above rates it is possible to arrive at the cost to abutters and the burden upon direct taxation for any section or combination of sections in the town.

ESTIMATED ANNUAL CHARGES WITH WEYMOUTH LANDING SECTION CONNECTED TO METROPOLITAN SEWER

It appears to the committee that the section most in need of sewerage at the present time is that at Weymouth Landing, and the engineers' report shows that because of its nearness to the

proposed Metropolitan Sewer it is a favorable section for initial construction.

With this in mind we present the following estimate of annual cost to the town with this section connected to the Metropolitan sewer:

One-tenth of Metropolitan Entrance Fee (1934)	\$18,600
Annual Charge for Metropolitan Connection	32,500
Bond Retirement, one-thirtieth of \$200,000	6,700
Interest on \$200,000 Bonds @ 4½%	9,000
Operation and Maintenance of Local System	6,000
Total Annual Cost	<hr/> \$72,800

Equivalent to \$1.46 per thousand of valuation on a valuation of \$50,000,000.

In connection with this estimate it should be noted; that it includes bond retirement and interest charges on \$81,460, the sum which will be assessed on abutters and returned with interest in ten annual installments to help reduce the annual charge each year, also that this small section is carrying the entire Metropolitan charge of \$51,100 which pays the bill for the entire town. The actual construction and operating charges for this section being but \$21,700, equivalent to 44c per thousand of valuation.

CONCLUSIONS AND RECOMMENDATIONS

This committee has felt from the first that it was not within its province to urge or discourage the construction of sewers in Weymouth.

We feel now, that it is a matter to be settled by the taxpayers of the town after being furnished with full and reliable information regarding the probable cost. The foregoing report furnishes such information and can be supplemented at any time with more detail from the report of the engineers, and it is for the people of the town to decide, whether or not the need for sewerage is great enough to warrant the cost.

We do recommend at this time the passage of an act by the General Court, enabling Weymouth to enter the South Metropolitan District, and fixing the terms. The filing of this act will place the town officially before the District Commission as a future partner in the South Metropolitan District, and its passage will provide us with a definite basis for estimating future costs.

Whether or not the town should accept this act at an early date depends largely upon the terms that it carries.

* Entrance Fee spread over 30 years for fair comparison.

Respectfully submitted,
 RUSSELL H. WHITING
 CHARLES T. HEALD
 IRVING E. JOHNSON
 JOSEPH KELLY
 FRED O. STEVENS

Committee on Sewerage

REPORT OF THE POLICE DEPARTMENT

Weymouth, Mass., January 11, 1930.

To the Honorable Board of Selectmen of the Town of Weymouth:
Gentlemen:I herewith submit the annual report of the services rendered
by the Police Department for the year ending December 31, 1929.

CAUSES FOR ARRESTS

Crimes against the person:

Assault and battery	30
Assault with dangerous weapon	3
Assault on police officer	5
Manslaughter	2
Threats	5
Robbery	4

49

Crimes against Property:

Breaking & Entering and larceny	11
Breaking and entering	4
Larceny	20
Attempted larceny	1
Larceny from building	3
Burning a building	3
Larceny of automobile	1
Unlawful taking of automobile	1
Malicious injury to building	3
Breaking glass	1
Malicious mischief	2
Concealing leased property	1
Trespass	2
Receiving	1

54

Crimes against Chastity and Good Order:

Bastardy	5
Default	4
Disturbing the peace	1
Drunkenness	315
Failing to pay wages	33
Neglect of family	9
Non-support	13
Neglected children	6
Violation of illegitimate child act	2
Neglect to support parent	2
Peddling unlicensed	3
Violation of motor vehicle laws	601
78 which are for operating under influence of intoxicating liquor	
Violation of probation	4
Stubborn child	1
Suspicious person	5
Gaming nuisance	2

Pauper	4
Tramp	3
Keeping explosives	1
Evading fare	1
Insane	4
Truancy	1
Escape	2
	<hr/>
	1028
Violation liquor laws:	
Unlawful sale	13
Keeping and exposing	10
Illegal transportation	3
	<hr/>
	26
Crimes against Public Justice:	
Attempt to rescue prisoner	1
Crimes against Public Peace	
Carrying a revolver	2
Crimes against the Government	
Deserter	1
Recapitulation:	
Crimes against the person	49
Crimes against property	54
Crimes against chastity and good order	1054
Crimes against public justice	1
Crimes against public peace	2
Crimes against the government	1
	<hr/>
	1161
Out of town arrests	327
	<hr/>
Total arrests for year	1488
Miscellaneous report:	
Property recovered	\$10,419.00
Thirteen raids for intoxicating liquors	
Three searches for gaming implements	
Complaints investigated 480	
Buildings found open and secured 781	
Street lights reported 182	
Patrol wagon calls 281	
Ambulance calls 113	
Dogs killed 94	
Fires reported 9	
Fines imposed in lower court	\$12,511.00
Fines imposed in Superior court	800.00
The Gamewell signal system was installed during the year,	
and very good results have been obtained since the installation.	
I wish to thank the Honorable Board for their assistance they	
have given and to all of the department for the faithful performance	
of their many duties.	
Respectfully submitted,	
ARTHUR H. PRATT	
Chief of Police	

REPORT ON WATER SUPPLY AT EDISON PLANT

East Weymouth, Jan. 10, 1930.

The Honorable Board of Selectmen,
Weymouth, Massachusetts.
Dear Sirs:

On February 18, 1929, Mr. Moulthrop and Mr. Seabury of the Edison Electric Illuminating Co., appeared before your board regarding an increased emergency water supply for the Edgar plant at North Weymouth, and it was agreed that the writer would study the situation and submit an engineering report to you. The report follows:

NORMAL REQUIREMENTS FOR EDGAR STATION

According to the estimates of the Edison Company's engineers, the average normal demand for water operation of the Edgar station for 1930 will be approximately 125 gallons per minute, increasing to 300 gallons per minute in 1940, with an ultimate possible demand of 600 gallons per minute.

When the plant was being designed the water department agreed to furnish up to 150 gallons per minute. By properly planned operation and gradual, normal, increases in capacity of the supply mains, the department will take care of the normal demand as it increases up to at least the 300 gallon per minute point in 1940. The ultimate demand of 600 gallons per minute and the time at which it will be required is by no means definitely established, and in all probability the department will be able to meet it as it develops.

In brief, the water department as a self supporting enterprise can supply its customer, The Edison Company, with the water normally required, for which it collects a normal annual income.

EMERGENCY DEMAND AT EDGAR STATION

The operators at the Edgar station are constantly facing the possibility of a serious emergency, requiring a supply of water greatly in excess of the normal demand. I will not attempt to explain the details of this emergency as the company's engineers can do so with much more accuracy and clearness, but from my own limited knowledge of the matter I am of the opinion that lack of water to meet this emergency might prove disastrous to Weymouth and parts of Metropolitan Boston. I can see that it might react as far back as our own pumping station.

This emergency demand, at the outset, was fixed, or at least fixed in my mind, at from 600 to 700 gallons per minute, an amount which we could just about furnish in addition to the normal consumption of the town. Even then, had the emergency and a sizable fire occurred at the same time one or the other would have suffered.

At the present time, due to changes and expansion, the required flow, according to the company's engineers is 1200 gallons per minute, an amount far in excess of the capacity of the present layout. The water department cannot finance the construction necessary to furnish this amount, as it does business at cost and the construction of this emergency supply brings in no additional income. It is moreover an undertaking outside of the business of supplying water for domestic and ordinary industrial use.

The company therefore comes to the town through your board, as your largest taxpayer, asking that the town finance this improvement; just as I, one of the smallest taxpayers, might come before you asking to have the street in front of my house improved.

PROPOSED NEW CONSTRUCTION

The most economical and most satisfactory way to provide the required emergency supply would be by means of adequate storage in the North Weymouth district, not far from the plant.

I recommend a storage tank of 1,000,000 gallons capacity located on the summit of Wessagusset Hill, near the end of Sagamore Road; a 10 inch main via Sagamore Road, Wessagusset Road, Sea St., Bicknell Square, land of the Town of Weymouth, land of Durant and Morrow and a certain private way to connect with the present 10 inch main on Evans Street near Brewster Road; and the replacement of the present 6 inch main in Evans St. with 10 inch, from Delorey Ave. to Saunders St., where it would connect with the present 10 inch line to the Edison plant.

This should supply approximately 1200 g. p. m. through the 10 inch line alone, and in conjunction with what the old lines are capable of delivering and the storage available at the plant should solve the company's problem satisfactorily.

The cost of tank and pipe lines, including land damages is estimated at \$40,875.

The tank would be in a very sightly location and in close proximity to a good class of residences, and it is my opinion that for the sake of appearances and effect upon neighboring property it should be enclosed in a masonry tower of pleasing architectural design. I am having a study for this tower made, and will have an estimate by the time the matter comes before the appropriation committee.

This report covers the technical side of the problem. The broader question of policy must be considered by your board and by the town.

Yours very truly

FRED O. STEVENS

REPORT OF THE TOWN COUNSEL

To the Honorable Board of Selectmen:

Litigation

The following cases in which the Town is interested and which were pending at the date of my last report have been disposed of:

NORFOLK REALTY COMPANY vs. INHABITANTS OF WEYMOUTH, Norfolk Superior Court No. 20,050. This case was tried at the May term and a verdict rendered for the petitioner for \$1878.98 and the judgment has been paid.

JULIUS J. CONVISER ET AL vs. INHABITANTS OF WEYMOUTH, (two cases) No. 19,519 and No. 19,520. These cases were tried before a jury in November and verdicts rendered aggregating \$11,725.07, being \$11,038 and interest. The exceptions claimed by the petitioners were not prosecuted, and the judgments have been paid by the Town.

Both the above cases were for land taken by eminent domain.

STANDARD OIL COMPANY OF NEW YORK, PETITIONER. This is a petition for a permit for the storage of gasoline at North Weymouth, and at the date of my last report was pending before the State Fire Marshal. He rendered a decision granting a permit and an attempt has been made to have his decision reviewed by the Supreme Judicial Court. The decision of the Single Justice was adverse to the remonstrants, and the matter is now pending before the Full Bench. The Town has taken no part in the proceedings since the hearing before the State Fire Marshal.

HAROLD A. BILLINGS vs. INHABITANTS OF WEYMOUTH, District Court of East Norfolk, No. 3,380. Case dismissed for want of prosecution.

ALBERT FERULLO vs. INHABITANTS OF WEYMOUTH, Norfolk Superior Court, No. 17,754.

THEODORE FERULLO vs. INHABITANTS OF WEYMOUTH, Norfolk Superior Court, No. 17,755.

ERNEST DEL BECCHIO vs. INHABITANTS OF WEYMOUTH, Norfolk Superior Court, No. 17,756.

These were actions for an alleged defect on Middle Street and have been settled out of court by the payment of \$100, \$500, and \$100, respectively.

A. WESLEY SAMPSON, COLLECTOR OF TAXES vs. U. S. TRUCKING CORPORATION, Municipal Court of the City of Boston, No. 143,686. This was a suit to recover taxes, and judgment was entered for the plaintiff on default, and the entire amount due has been collected.

The following suits have been brought by or against the Town during the year and have been disposed of:

JAMES J. CODY vs. INHABITANTS OF WEYMOUTH, Norfolk Superior Court, No. 20,693. This was a petition to assess dam-

ages for land taken for the protection of Great Pond. This action was only brought by the petitioner to prevent his rights being barred by the Statute of Limitations, as a settlement was pending at that time. This settlement involved giving the petitioner some extra land which the Town received in connection with another purchase, moving his house, and paying for the improvements on the land which the Town took.

LILLIAN A. HOFFMAN vs. INHABITANTS OF WEYMOUTH, Norfolk Superior Court, No. 20,671. This was a petition for assessment of damages for land taken for the protection of Great Pond. This case was assigned for trial in May, 1929, and was settled in court for the sum of \$3,450.00 just as it was on the verge of being reached on the trial list.

INHABITANTS OF WEYMOUTH, PETITIONERS, vs. FANNIE A. STERNBERG, CONSERVATOR, Land Court, No. 12,035. This was a petition to order the owner's certificate cancelled and a new certificate issued to the Town by reason of the taking for the protection of Great Pond.

INHABITANTS OF WEYMOUTH, PETITIONERS to cancel restrictions, Land Court, No. 5693. This was a petition filed by the Town to have the restrictions on certain lots in Weston Park which the Town acquired subsequently to the taking of the park declared free of restrictions. The abutting owners and the mortgagees on their lots, recognizing the benefits of having the park maintained there, consented to the restrictions being cancelled, and a final decree has been entered accordingly.

INHABITANTS OF WEYMOUTH vs. EMILIO CAROTA, District Court of East Norfolk, No. 23,447. This was an action to recover for rent of the drugstore in the Tufts Library Building, and was settled by the payment to the Town of the amount of rent fixed by the Selectmen.

The following suits have been brought against the Town during the year and are still pending:

ALFRED J. JEWETT ET AL vs. TOWN OF WEYMOUTH, Norfolk Superior Court, No. 20,658. This is a petition for the assessment of damages for land taken for the protection of Great Pond.

LARS P. SOLSNESS vs. INHABITANTS OF WEYMOUTH. This was a petition before the Industrial Accident Board for medical services rendered to a Town employee.

INHABITANTS OF WEYMOUTH vs. INHABITANTS OF EASTON, Norfolk Superior Court, No. 19,343. This is an action to recover for the support of a person receiving soldiers' relief who is claimed to have a settlement in Easton.

ALICE P. JEWELL vs. INHABITANTS OF WEYMOUTH, No. 19,934, Norfolk Superior Court. This is a petition for assessment of damages for land taken opposite the High School.

INHABITANTS OF WEYMOUTH vs. INHABITANTS OF EASTON, Norfolk Superior Court. This is a second action for further support of the same person referred to in No. 19,343.

INHABITANTS OF WEYMOUTH vs. INHABITANTS OF BRAINTREE, Norfolk Superior Court. This is an action to recover for support of a family receiving poor relief who are alleged to have a legal settlement in Braintree.

The following cases pending before January 1, 1928 are still pending:

ROSE HALL vs. INHABITANTS OF WEYMOUTH, Norfolk Superior Court, No. 16,470

NEIL W. FAY vs. INHABITANTS OF WEYMOUTH, Norfolk Superior Court, No. 16,469

These are actions of tort under the Highway Act for an alleged defect on Forest Street.

ALONZO B. ALDRICH vs. INHABITANTS OF WEYMOUTH, Norfolk Superior Court, No. 17,904. This is an action of tort under the Highway Act growing out of an alleged defect on Columbian Street.

WILLIAM S. YOUNGMAN, STATE TREASURER, vs. INHABITANTS OF WEYMOUTH, Suffolk Superior Court, No. 197,503. This is an action for the support of an inmate of the Lakeville Sanatorium who was alleged to have settlement in Weymouth.

HENRY S. MOODY, Tr., vs. INHABITANTS OF WEYMOUTH, Suffolk Superior Court, No. 198,254. This is an action to recover a deposit given the Town as security for the installation of water mains in private ways.

FANNIE A. STERNBERG, CONSERVATOR vs. INHABITANTS OF WEYMOUTH, No. 20,203, Norfolk Superior Court. This is a petition to assess damages for the taking of land around Great Pond. (The case has been settled since January 1, 1930.)

The Town has been singularly fortunate in its litigation this year. But two cases have been tried before a jury, a smaller number than were tried in many years when the Town was far less populous and had far less varied and complicated interests than at present. Both these cases were for land taken by eminent domain and resulted in substantial victories for the Town. The amount awarded for the land was but little in excess of the price set on it by the Town's real estate experts, and was far below the amounts claimed by the petitioners. In one instance the verdict was less than what the Town would have been willing to pay in settlement, and in both cases was less than the lowest offer of settlement ever made by the petitioners. The verdicts have also had an indirect effect in bringing about the settlement of certain other land damage cases without the necessity of trial.

A comparison of the litigation in the Town today with that some years ago will be interesting and instructive. During the current year, there have been pending against the Town all told twenty-five cases, of which eleven were brought during the year. In 1902, the first complete year that Mr. Worthen was Town Counsel, one case was brought against the Town for the support of a pauper. In 1903, one new case for pauper aid was brought against

the Town, and a suit against the Board of Selectmen. In 1904, there was brought against the Town one petition for the assessment of damages for land taken, one scire facias against the Town as trustee, and one bill in equity for an alleged illegal maintenance of a sign post. In 1907, 1909, and 1911 no suits were brought against the Town. During the ten years from 1901 to 1910 inclusive there were brought one criminal case against a Town official, one suit against the selectmen, one bill in equity for alleged illegal maintenance of a sign post, one writ of mandamus against the selectmen, two damage suits against police officers, two writs of scire facias to hold the Town for improperly paying over money attached by trustee process, and one suit for salary by a Town official, a total of nine.

During the past four years there have been no suits whatever against the Town or any official thereof growing out of alleged illegal acts on the part of the Town or any of its officials. In a town of our size with our extent of roadways, a certain number of suits for damages received on the highways is inevitable. The number of such suits, however, is hardly in excess of what it was when the Town had a far smaller population, and far less extent of roads, and when travel by motor was much less common. A horse, having intelligence, could be depended upon to avoid in many cases obvious defects in the highway, where an automobile cannot be so depended upon. That the number of highway cases has not increased reflects the highest credit upon the Street Department.

There are pending today three highway cases, two of them growing out of a single accident, the same number as were pending in 1900, 30 years ago. The number of land damage cases against the Town is bound to increase, but here again public officials have shown a disposition to treat land owners fairly and the number of suits which come to trial is small, an average of only one such case a year having been tried since I have been Town Counsel.

Many of our citizens do not understand the procedure in reference to land damage cases. By a provision of the federal constitution, and all our state constitutions, property cannot be taken for public use except on payment of just compensation. In most jurisdictions a suit is filed to condemn the property and the price which is to be paid for the property is fixed before the property is taken, so that the town has the option of either taking the property at the price fixed or deciding not to take it. In Massachusetts, this system has not existed until the current year when a new law has provided this procedure as an alternative method in future takings. In Massachusetts, heretofore the land has been taken without any judicial procedure whatever and then if the owner was not satisfied with the amount awarded, he could file a petition for an assessment of his damages by a jury. Until 1925, the statute forbade a town's purchasing real estate for a price more than 25 % in excess of its assessed value so in any case where the owner was not willing to accept this amount the case had to go to court. In a great majority of cases, the Town of

Weymouth has an agreement in advance of a taking as to the price the owner will take. Where it has no such agreement, the appropriation committee has adopted my recommendation that the assessed value of the land be appropriated and awarded by the Town board taking the land. The reason for this is obvious. Let us suppose a piece of land which is assessed for \$1500 and whose fair market value is between \$2000 and \$3000; after consideration the Town decides upon \$2800 as the extreme value of the property and accordingly appropriates this sum, feeling confident that the land can be purchased within that figure. The land owner immediately thinks that the \$2800 is his anyway by the fact of the Town appropriating that sum and proceeds to see how much more he can get, his starting point being from \$2800 up. Obviously, this places the Town in a very unfair and disadvantageous position in reference to negotiations. Very likely the owner would have been glad to take \$2500 but because the Town appropriated \$2800 as the outside figure, he immediately feels he is entitled to that anyway and as much more as he can get. Accordingly, in all takings where there is no advance agreement as to price, the Town has in recent years appropriated only the assessed value of the land, because there is probably no land in Weymouth which is not worth at least its assessed value. In this manner, negotiations start from the assessed value of the land and if an agreement is reached with the owner the Board taking the land can always revise their award and the matter be settled by the payment of the excess out of the general appropriation for the payment of damages. This policy has, I believe, saved the Town several thousand dollars on land it has acquired in the past two or three years and should be continued. Of course if the case goes to a jury the verdict will very probably be in excess of the amount appropriated by the Town but this does not mean that the Town has paid too much for the property because had the owner been willing to name any figure which the Town thought reasonable, the Town would have settled with him, and as stated above in at least one case tried this year the Town would have been willing to pay by way of settlement more than the jury actually awarded.

Claims

In addition, twelve cases have been settled without any court proceedings, as follows:

Workmen's compensation cases,	3
Highway cases,	3
Cases growing out of the collection of insurance on property lost in the Ward 3 Fire Engine House fire,	2
Damage to uniform of a police officer under Gen- eral Laws, Chapter 41, Section 100,	1
Land Damage	1

ADMINISTRATIVE MATTERS

As in previous years, I have endeavored to hold myself available to advise Town officials on any legal matters that arose in the performance of their duties, and on a designated evening before each Town Meeting I have been at the Town Hall to assist any Town Meeting members who might desire my help in drawing votes or other motions to present to the Town Meeting. While there has been nothing like a rush to take advantage of this service, yet a substantial number of people have come for assistance and if more would do so, it would expedite the transaction of business in the Town Meetings. I desire to remind our citizens that the service I render in this capacity is entirely impersonal and is done in the interest of dispatch of business by the Town Meeting. The fact that I or the Town officials may personally or officially not be in favor of the particular motion or resolution which a given Town Meeting member may desire to have drawn does not enter into the question at all, and assistance or advice will be given to any Town Meeting member on any matter that he has a legal right to present, whether or not it accords with the policies of other Town Boards or officials.

In conclusion, I desire to thank the members of your Board for the courtesy and co-operation extended to me during the past year.

Respectfully submitted,

FREDERIC GILBERT BAUER

Town Counsel

REPORT OF THE ELECTRIC LIGHTING COMMITTEE

Weymouth, December 31, 1929.

To the Honorable Board of Selectmen:

Your committee renewed to April 1, 1930 the usual contract, as approved by the Town Counsel, with the Weymouth Light and Power Company, to furnish lighting for the public streets and ways of the Town.

During the year we have installed eleven 1000 C. P. bracket lights and also over one hundred other lights, nearly all of which were of 60 C. P. At the present time our eighty miles of accepted streets are illuminated by sixty 1000 C. P. lamps and by one thousand three hundred sixty four smaller lamps. This means, on the average, a light every three hundred feet, whereas we consider good lighting requires one at least every two hundred and fifty feet.

We have had many requests, which we do not feel we can consider, for lights on private ways.

Your board has recommended seventeen new streets with a total length of about two and five-tenths miles and if accepted by the Town will require lighting with about fifty-five new lamps.

We recommend the following budget for the coming year:

Maintenance of present lights	\$35,075
115 new 60 C. P. lights, or their equivalent, (6 months service)	1,200
	<hr/>
	\$36,275

Respectfully submitted,

JOSEPH KELLY, Chairman
ALFRED S. TIRRELL
WILLIAM B. NASH, JR.
EDWIN MULREADY
J. HERBERT LIBBEY, Clerk.

REPORT OF COMMITTEE ON NEW TOWN HALL AND WAR MEMORIAL

To the Honorable Board of Selectmen:

The Committee on New Town Hall and War Memorial is fast approaching the completion of its labors. The New Town Hall is completed, the Open Air Theatre and Memorial Wall are completed, and some of the tablets installed thereon. Most of the landscaping of the knoll south of the Open Air Theatre has been completed, the foundation for the Memorial Cross installed and the contract for the cross let. By May, therefore, at the latest, our entire civic center should be completed and this Committee can submit its final report and go out of office.

During the past three years the Committee has put in long hours and probably a greater amount of time than has ever been expended in an equal time by any other Town Committee, with the possible exception of the Appropriation Committee. The result of our labors has been praised by architects and town officials from all over the country, and many features have been or are being copied in other places. In this, therefore, as in some other things, Weymouth has set an example to all the municipalites of our country.

The general expression of approval on the part of our citizens now that they can see the group near completion so that they can visualize its appearance when completed convinces the Committee that their labors have not been in vain, and we believe that future generations will look back with pride upon the group of buildings which the foresight and patriotism of the present citizens of the Town have created.

TOWN HALL

The Town Hall was formally dedicated on Washington's Birthday, 1929. There are still a few minor things which experience has shown are needed in the line of equipment and those have been and are being gradually provided. By a vote of the Town Meeting last October, the work of suitably framing and hanging on the walls of the central corridor and rotunda documents pertaining to the history of the Town has been continued and so far as information can be obtained, there is no other town in the country which has so complete a set of copies of such documents. The research involved, however, revealed that the documents were even more numerous than had been originally anticipated. Instead of one company in the War of 1812 from Weymouth, there were four; the muster roll of the Town's men who served in suppressing Shay's Rebellion has been discovered and photographed; the rolls of the North Precinct company of militia in the War of the Revolution, hitherto unknown, have been also discovered through the efforts of Mr. Arthur R. Taylor, and the original enlistment papers of two of Weymouth's companies in the Civil War have been found at the State House. When completed, there will be on exhibition in the upper corridor of the Town Hall the following documents: Rolls of all companies raised in Weymouth during the Revolution, War of 1812 and Civil War; pay roll of Weymouth Militia in service during Shay's Rebellion (1787); rolls of local companies in which Weymouth men served during the French and Indian War; enlistment papers of Company H, 12th Mass. Infantry, and Company A, 42nd Mass. Infantry Militia in the Civil War; record of the General Court of September 2, 1635, old style, naming Weymouth.

The suggestion that the clocks and other works of art on the Walls on the building be purchased from the John B. Rhines Fund and marked as memorials to him was a happy one made to the Committee and has worked out well in practice. We recommend that the income of this Fund be devoted, until otherwise ordered by the Town, to the purchase of works of art or objects of historic interest for display in the Town Hall.

A tablet commemorating the many benefactors of the Town is only due recognition of their memory, and the Committee hopes to have this tablet in place by the first of April.

Citizens of the Town may be interested in the cost of the building, the main items of which are as follows:

The building itself - amount of contract, James Miles and Son Co.	\$138,172.00
This amount is less than the original contract in spite of the fact the building was dropped three feet into the ground in order to avoid concealing the clock on the High School.	
T. A. Ridder Co.	17,620.60
Extra items by others	979.70
Total	<hr/> \$156,772.30

DEDICATION OF TABLETS, SUNDAY, NOVEMBER 10, 1920

Professional services:

Architects	8,290.32
Heating engineer	520.35
Civil Engineer	380.26

Total \$9,190.93

Cable and pipe connections, water, septic tank, etc. 2,367.79

Bond and insurance:

Contractor's bond	2,386.17
Fire Insurance	100.00

\$2,486.17

Walks, grading, planting, and landscaping work, when completed, about 5,000.00

Furniture and equipment, when completed, about 16,000.00

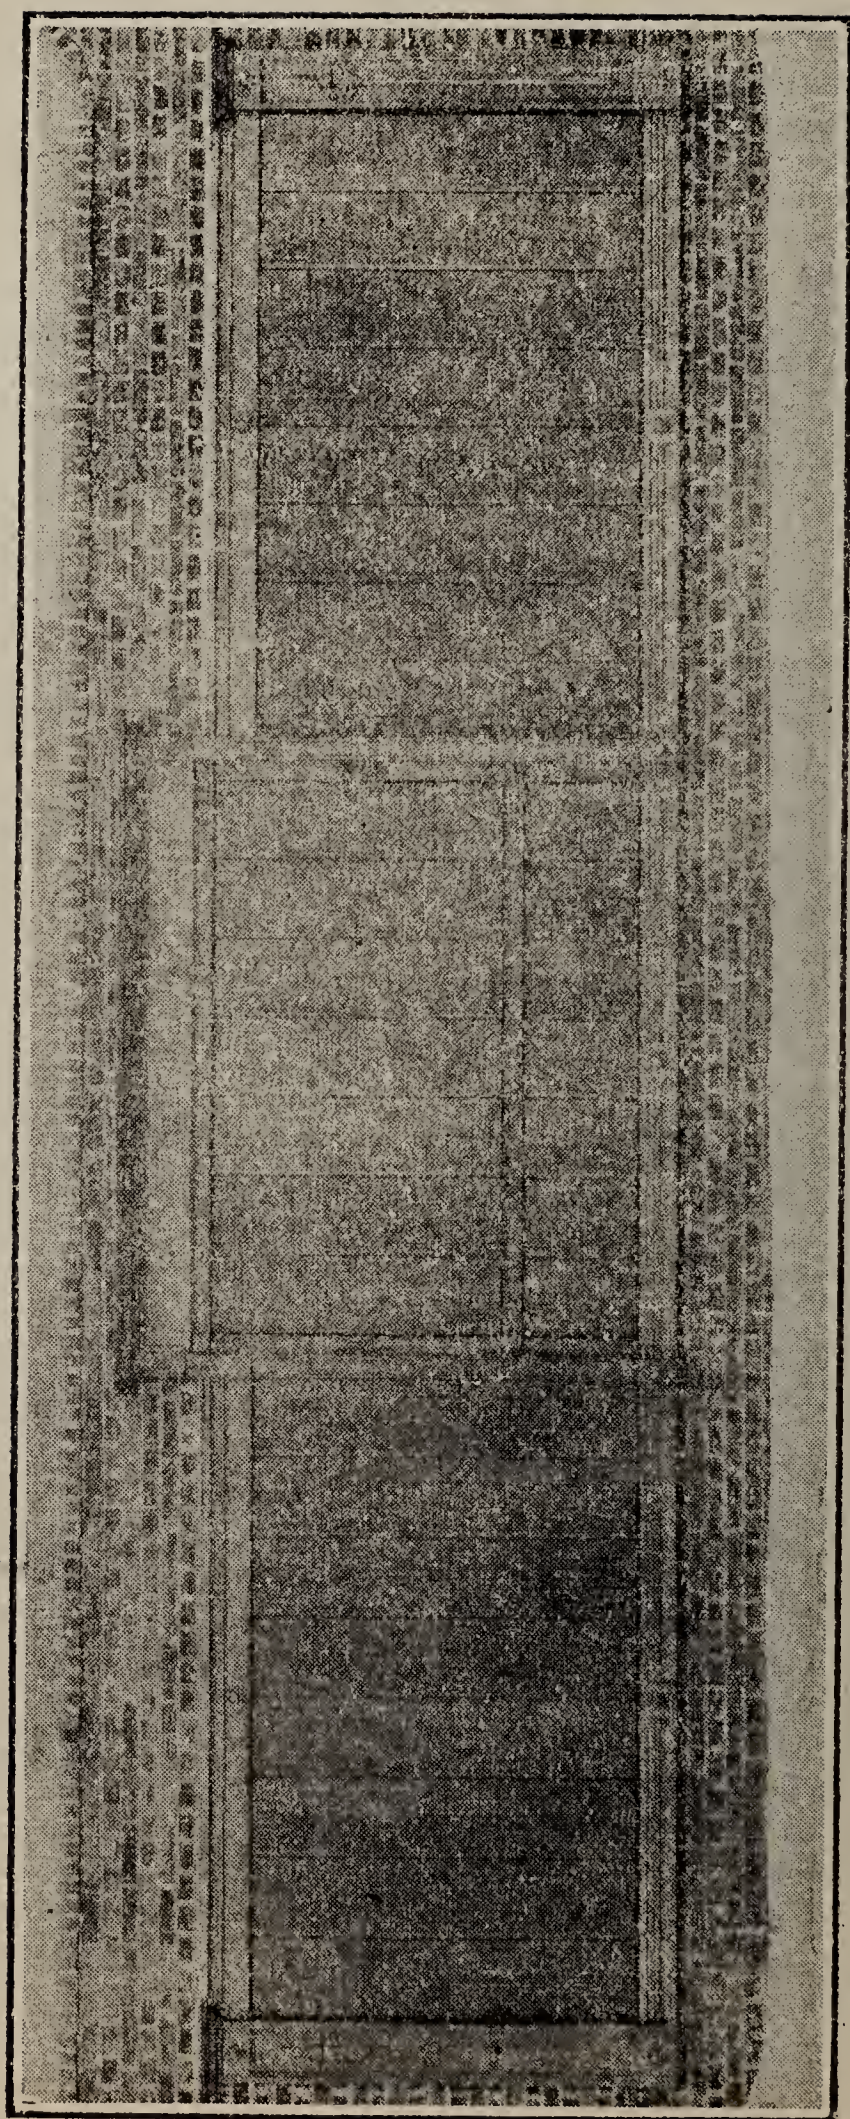

This does not include flags, pictures, framed documents, tablets and other ornamentation.

Overhead, including expenses of laying cornerstone, expenses of the dedication exercises, police services, expressage, advertising, printing reports, postage, purchase of books which would be a valuable addition to the library, \$765.39
or 4—10 of 1 % of the cost of the building.

Some minor matters of detail are still pending with the contractor and a small balance is withheld in the hands of the Town Treasurer to cover these items. In order to bring matters to a close, we recommend the Town Meeting order us to liquidate our accounts by July 1, that all moneys remaining in our hands revert to the Treasury on that date, and that any sum which may be found on a final adjustment to be due under the building contract be paid out of the appropriation for the payment of damages.

MEMORIAL CROSS

The adoption of a cross similar to the one in Arlington National Cemetery, as a memorial to the men of Weymouth who have given their lives for their country in the time of war, was one which we think will more and more commend itself to the citizens of the Town as years go on. It is not expensive as such memorials go, is simple and dignified, has a high symbolic meaning and will be particularly impressive in the location provided for it. The contract for the cross has been let and calls for the cross being delivered not later than March 20 and installed within 10 days therefrom, weather permitting. The landscaping and planting have already been done so far as possible, and all that remains now is to provide an approach from the driveway West of the knoll and to complete the landscaping on the South side after the cross is in position, since it will have to be moved on to the site from that direction.

CIVIL WAR MEMORIAL TABLET

OPEN AIR THEATRE AND MEMORIAL WALL

The open Air Theatre and Memorial Wall are complete with the exception of two groups of shrubbery to conceal the stage entrances and providing portable seats. These particular portions of the work, however, are being handled by the School Department.

The work of securing the names for the tablets has far exceeded in its proportions anything that was anticipated and the number of names is far in excess of any we supposed could be identified as Weymouth soldiers. In the place of 40 or 50 names which we thought could be verified as serving in the French and Indian War, we have 110. The most sanguine expectations as to the number of names of identifiable men from Weymouth serving in the War of 1812 did not exceed 50 or 60. Present indications are that the list will be nearly 150. In addition, the rolls of Colonel (then Captain) Thomas Vinson's detachment of Weymouth men who served at Northampton in suppressing Shay's Rebellion has been discovered and these names also should be placed on the wall.

The tablets for the Civil War, King Philip's War, and the Spanish War and Phillippine Insurrection, together with the tablets bearing the names of those who died in the World War were dedicated on Sunday, November 10, before an assembly of our citizens which was conservatively estimated at from 3000 to 4000 people. Such an outpouring of citizens has seldom been seen in our Town and shows the interest which was taken in the event and in our civic center. It is to be regretted that all the tablets could not have been dedicated together, but on account of the advanced age and feeble health of some of our Grand Army, it was not felt wise to delay the dedication of the Civil War tablet any longer and the Town wisely voted that such other tablets as were ready should be dedicated at the same time. The exercises were well reported in the press and went off without the slightest hitch.

It is planned to dedicate the remaining tablets on the afternoon of Patriots' Day, Saturday, April 19, on which occasion the Massachusetts Society, Sons of American revolution has accepted the Town's invitation to hold their annual meeting in our Town Hall and to assist with its ritual in the dedication of the Revolutionary tablets. The Society of the War of 1812 in the Commonwealth of Massachusetts, several of whose members live in Weymouth, has likewise consented to take part in the dedication of the War of 1812 tablet. There will still be tablets for each of the veteran organizations in Town to dedicate, and in the dedication of the Memorial Cross, which represents the dead of all wars, it is planned to use the ritual of the Grand Army, which is considered the best for the purpose, and to have representatives of the various organizations participate in it. As this dedication marks the completion of our civic group, and will be one of the first to take place in the period officially designated for the celebration of the Massachusetts Bay Tercentenary, the occasion should be made an impressive one and worthy of the Town. For this reason, we have

made tentative plans, subject to the approval of the Town, for exercises which will have as one feature the rendering of Handel's "Jubilate" originally composed for the celebration of the Peace of Utrecht in 1713. This work is not only appropriate to the occasion, but its performance will bring the Town into favorable prominence. A small appropriation will be asked to cover the expenses of this final dedication.

We are assured by persons who are in the business of constructing memorials such as ours that nothing so complete as our tablets has been attempted by any community and Weymouth may well be proud of the manner in which it is preserving for posterity the names and records of its soldier and sailor sons.

Although the Committee will render a final report at the close of the year, its labors will virtually be over at the time of the next Town Meeting. It has met with co-operation from the other Town Departments with which it has been brought in contact and from all upon whom it has had occasion to call for assistance.

Our local papers have given much publicity to the Committee's work and to its requests for information and we desire to express our appreciation thereof.

Great care has been used to make the building, wall, and their surroundings not only artistically beautiful, but correct reproductions of American Colonial architecture. All the advantage of this may be lost by careless or ill-considered action on the part of the Town or individuals. Strict measures, therefore, should be taken to prevent anything being placed or done in or about the Town Hall or War Memorial which would be out of keeping with what we already have. One suggestion was that an upright piano be placed in the Council Chamber. On whether the Town should place a piano in the Council Chamber, the Committee expresses no opinion, but if one is placed there, it should be a grand whose case is a faithful reproduction of an old-fashioned harpsichord of the period when the building was built. Such pianos are made by all the leading manufacturers. To place an upright piano there would be suggestive of a picture which formerly hung in the Royal Gallery at Dusseldorf showing Adam and Eve in the Garden of Eden, and in the background of the picture two German Students with their rifles hunting, or of a picture which formerly hung in Boston, of the "Embarkation of the Queen of Sheba," showing her baggage as consisting of brass-bound Saratoga trunks, and we recommend that the Town take measures to safeguard the beauty and harmony and historical correctness of the group.

In conclusion, we desire to thank citizens of the Town for the confidence which they have manifested in us by voting the money needed from time to time for the realization of this project and for supporting us in carrying out a plan for civic betterment of which we believe the Town will always have reason to be proud. We all have different opinions and if each member of the Committee or each citizen of the Town had carried out his own individual ideas as to a Town Hall and War Memorial the results would certainly have been different from what we already have.

The buildings and grounds, however, represent a compromise and adjustment of ideas which has been reached only after considerable study and in every case has finally commanded the unanimous approval of the Committee. That it has generally commended itself to the citizens at large is shown by the unanimity with which the several votes have been passed at the Town Meetings.

With conditions as they exist today in America when subtle influences are seeking to undermine the ideals for which the United States, our State and Town stand, every community must do its part to hold aloft the torch of those ideals which have guided our country ever since its first settlement 300 years ago. The construction of this group with its appeal to patriotism through a commemoration of the noble deeds of the past, is more than a memorial to the soldiers and sailors whose names it bears, - it is a memorial to the civic pride and patriotism of the Town which has erected it in the most strategic position so that the rising generation can see it and learn the lesson which it teaches, and the members of our Committee are proud to have assisted in this important work.

INFORMATION

Library Hours:

Main Library, Adult Department: 9 A. M. to 9 P. M. daily.
Main Library, Children's Room: 2:30 to 6 P. M. daily; Saturday 9 A. M. to 6 P. M.

Summer Hours: July and August, 9 A. M. to 6 P. M.; Saturday 9 A. M. to 9 P. M.

Branches: 2 to 5 P. M. and 7 to 8 P. M. daily, except Wednesday.

The library and the branches are not open Sundays, legal holidays, nor the 17th of June.

The library is for the use of all residents of Weymouth. Temporary residents are entitled to the same privileges as permanent residents.

Each card issued to an adult entitles the holder to one book of recent fiction (a book published within the last year), one current periodical, and any reasonable number of other books.

Children under Senior High School age are entitled to a card if the application is signed by a parent or guardian. Cards issued to children entitle the holders to two books, only one of which may be fiction.

All books from the circulating department, except the new fiction, may be kept for fourteen days. At the request of the borrower any book not in popular demand will be charged for one month, subject to recall after two weeks if requested by other borrowers. Fiction published within the last calendar year, and recent numbers of magazines are limited to seven days with no renewal privilege.

The vacation privilege allows a borrower to take books which are not recent publications for an extended time.

A book cannot be transferred from one card to another, but any fourteen day book may be renewed at the library, by mail, or by *telephone, unless another borrower has asked to have the book reserved. The date due, the author and title of the book, and the borrower's name should be stated when the request for renewal is made.

Any fourteen day book will be reserved at the request of a borrower, who will be notified as soon as the book is available.

A fine of two cents a day will be incurred for each day's detention of a book after it is due. When a book is sent for by the librarian it will be at the expense of the borrower.

Cases of contagious diseases are reported to the library by the Board of Health, and all books which have been exposed to contagion are burned.

For the convenience of residents living in different parts of the town, books are exchanged through the delivery stations once a week as follows:

Lovell's Corner	W. B. Chalke & Sons	Tuesday
South Weymouth	Fogg Memorial Library	Tuesday
South Weymouth	Alfred S. Tirrell	Tuesday
East Weymouth	East Weymouth Branch	Thursday
North Weymouth	North Weymouth Branch	Friday
Weymouth Heights	Community Club House	Friday

Application for borrowers' cards may be made at the Delivery Stations as well as at the library and branches.

The library publishes a bulletin of new books several times during the year. This will be distributed through the library and its agencies, and sent to any resident upon request.

* Telephone, Weymouth 0989-W.

TUFTS LIBRARY

FIFTY-FIRST ANNUAL REPORT

The fifty-first annual report of the Tufts Library is herewith respectfully submitted.

With the year that has just closed the Tufts Library has started on its second fifty years of service to the town of Weymouth. Looking backward for inspiration and forward to its ideal of a continually increasing service to its community, the library has striven through the past year to build toward that vision of service.

At the beginning of the year the library suffered a very great loss in the death, on January 13th, of the assistant librarian, Miss Phyllis E. Palmer. Miss Palmer had been on the staff of this library for eleven years, and had given loyal, devoted, and efficient service. Always she gave of herself generously, and by her ready helpfulness she had made for herself a place in the community that cannot soon nor easily be filled. Her sudden death left the library severely crippled. For a time the work was carried on under great difficulty. That it was carried on efficiently was due to the loyal support of the remainder of the staff who gave cheerful and ready service far in excess of their regular library hours.

Although Miss Palmer's loss is keenly felt, both by her co-workers and by her many friends among the library patrons, the work of the library has gradually been again stabilized, and the service to the community has continued uninterruptedly. Two new assistants have been appointed during the year. Mrs. Edith

L. Payson of North Weymouth is serving the library on a part time basis as cataloguer. Mrs. Payson was for thirteen years in the Thomas Crane Library in Quincy, and for a number of years was head of the cataloguing department of that library, and her trained service is of the greatest value. Miss Gertrude R. Simons comes to us from the Public Library of Greenfield, Massachusetts, where she had received library training and had several years of experience. Both of these new workers are giving competent and valuable service.

The circulation figures for the year show a healthy and vigorous growth, with a yearly total of 135,016 books, and with a total gain over 1928 of 6,388. Of this gain 4,133 was at the Main Library, 1,391 at the North Weymouth Branch, and 864 at the East Weymouth Branch. The figures for the branches are of especial interest. The branch at North Weymouth has been of slower growth than that at East Weymouth. With the growth of the community, and with books that appeal to the summer population and especially to the children, the work at North Weymouth has made a definite advance during the past year. To meet the increased use of the branch some changes have been made which should add both to its attractiveness and convenience. A low magazine rack has been built under the large windows, thereby releasing a section of shelving for additional books, and a children's corner with suitable furniture and their own books and magazines has been arranged at the rear of the room. A new heating system has just been established in the branch by the landlord, and should bring added comfort both to the librarian and to the library patrons.

While the gain at East Weymouth does not equal that at the North Weymouth Branch, nor does it equal the gain at East Weymouth in some previous years, it nevertheless denotes a large increase in the amount of work done in such cramped quarters. The East Weymouth Branch is rendering very large service to its community, but its growth is to a great extent limited by its capacity. Larger quarters are most urgently needed.

A fair proportion of the gain at the Main Library is probably due to the activities of the children's room, which has completed the first year of its existence with a total circulation of 18,851. But as there are no previous figures for comparison it is not possible to estimate the gain. However, the most valuable work of a library can never be estimated merely by its circulation figures. Other, less measurable services, are often more important than the number of books read. Especially in work with children the library regards the quality of their reading as of prime importance.

To direct the boys and girls in Weymouth to the better books for children there have been numerous activities in the children's room of the Tufts Library throughout the past year. Story hours were held regularly during the winter months and were met by an eager responsiveness on the part of the children. Throughout the winter and early spring a reading contest, based

on lists issued by the Massachusetts Library Commission enlisted the interest of many of the boys and girls. Each child made a written report on the books read, and for each five books satisfactorily reported on a certificate was awarded, and for twenty books an honor certificate. In this contest sixty-four children won the small certificate, and nine children received honor certificates. At the end of the contest a group of girls from the Hunt School presented a dramatization of the old folk-tale of Hansel and Gretel for the entertainment of all the boys and girls who had done any of the State reading.

With the first spring flowers a vigorous wild flower contest started. Through this the children discovered some of the beauties of nature that were all around them but never before noticed, and they learned how to look up and identify these flowers in books. 169 different flowers were brought to the library and identified by the children, and 123 children took part in the contest.

After the closing of school thirty-two children from the first eight grades registered in a vacation reading club, and one child has a record of sixteen books read and reported on during her vacation. In September the children started travelling through books. An illustrated guide book gave graded lists of children's books that would tell them of other peoples and other countries. Each child chose a color, and after he had read and reviewed a book, a spot of that color was affixed to a large map of the world. The children study the map to see where they have travelled and where others are travelling, and there is keen rivalry as to who shall visit the most places. Incidentally their horizons are broadening and their reading interests are being enlarged. Fifty-six children have entered this contest.

The climax of the year in the children's room comes in "Good Book Week" which is an annual observance in November. During that week many new books and attractive editions of children's classics are on display for the benefit of parents and teachers as well as children. This year the library had attractive posters made by the High School art class as well as four original illustrations from books which were loaned by the E. P. Dutton & Co.

Deposits of books have been sent to the schools as usual, and visits have been made to some of the schools, with talks to the children about books, and occasionally, at the request of the teacher, a story.

A number of attractive exhibitions have very generously been loaned to the children's room during the past year. A collection of tiny animal figures, an exhibit of sea shells, and a doll over eighty years old, were all loaned by staff members. A most unusual and educational exhibit was a collection of paper dolls loaned by Miss Esther Trull of Milton, Massachusetts. These dolls represented different nationalities, and were exquisitely drawn and dressed by a girl of High School age during a long convalescence from illness.

The library is rejoicing in the new stairway which leads from the adult department to the children's room. Parents and teachers who desire access to both types of books have expressed their appreciation of its great convenience, and architecturally it accords with the rest of the building and is a source of entire satisfaction.

The new floor of rubber tiles on the children's room floor is also a pleasure to the eye and a satisfaction from the point of view of usefulness. Besides being a very durable type of flooring it greatly lessens the noise of the children's feet.

Perhaps the greatest advance in library service during the year is the increased number of hours of opening in the adult department of the Main Library. The former hours of opening were determined by the Trustees at a meeting in September 1894, and have been in force ever since. Meanwhile the town has grown until the hours were insufficient to meet the minimum standards for accredited library service for a town the size of Weymouth. Now the adult department is open daily from 9 A. M. to 9 P. M., and many people have expressed enthusiastic appreciation of this added service. A good many who do their trading in Washington Square stop at the library during the morning for their books. This saves them a second trip, and helps to relieve congestion in the busy afternoon hours. A number of students have availed themselves of the privilege of using the reading room during the morning hours, when it is quieter and they are not disturbed by the High School boys and girls who take possession in the afternoon. At first few people realized about the change, but now the use of the library during the added hours of opening is steadily increasing. This is also true during the additional hour in the evening, when many who formerly had not time after their evening meal, now come to the library to read for an hour or more.

During the year numerous repairs and improvements, other than the large undertakings already mentioned in this report, have been made about the building. The roof over the attic stairs has been repaired; the mass of material stored in the attic has all been sorted and made available for use; and a cabinet built for the storage of the file of Weymouth Gazettes, so that they can be kept dark and dry and preserved for their historical value. The surface of the main desk has been refinished, and the wings interchanged. This makes possible more efficient work, and will in the future somewhat distribute the wear, as it makes available a greater desk surface.

Exhibits of timely books have been arranged on a small table near the door, and have proved attractive to many people. The new non-fiction has been made easily accessible, and it has been especially gratifying to note that during the past year the recent books of travel, biography, and other interesting non-fiction have been read increasingly.

Some new equipment has been purchased for the library during the year. A much needed shelf-list file for the cards in the catalog department has replaced the use of pasteboard boxes. The library has purchased chairs of a suitable height for the tables in the children's room; two small service book-trucks, one for the children's room and one for the adult department; a new rug for the office; and an atlas case for the reference room. The North Weymouth Branch has a new low table for children, and four chairs of corresponding height, and the East Weymouth Branch a cabinet for catalog cards.

In November the tenant of the store on the first floor of the library building vacated the premises, and the Trustees are asking a sufficient appropriation to enable them to renovate the room and make it available for library purposes. The library needs room for growth in order to meet its increasing opportunity for service to the town, and this additional room would relieve congestion and provide adequate facilities for future development.

The Tufts Library acknowledges with thanks the gifts of flowers from Mrs. Charles Bicknell, Mr. Thomas E. Shea, Mrs. Edith L. Payson, and Miss Alice Blanchard. Although Miss Blanchard has been ill and away, flowers from her garden were brought to the library at her request, and were much appreciated. A new clock was placed in the children's room as a gift from the Art Committee of the Monday Club and from the Rev. John B. Holland, and a fire screen came as a gift from the Literary Committee of the Monday Club. Books have been presented through the year by various individuals, totaling one hundred volumes, and the Trustees wish to express their grateful acknowledgement. Two small pictures of the Lion of Lucerne were given by the Rev. John B. Holland, and a bust of Longfellow was presented to the children's room by Mrs. Louise B. Lane. The library also wishes to take this opportunity to express its thanks for the bulletins and reports received from other libraries.

As the Tufts Library faces its second half-century of service to the Town of Weymouth it looks back gratefully to the support given it in the past, and forward to years of increased usefulness in the life of the community.

Respectfully submitted,

C. P. WHITTLE,

Chairman

By order and in behalf of the Trustees

At 7:30 A. M., No session in any school during the morning.

At 8:00 A. M., No session in grades I to IV, inclusive, during the morning.

At 11:45 A. M., No session in grades I to IV, inclusive, during the afternoon.

At 12:45 P. M., No session in any grade during the afternoon.

GENERAL ANNOUNCEMENTS

MEETINGS OF THE COMMITTEE

Regular meetings of the School Committee are held the first Tuesday of each month at the High School Building at 7:30 P. M.

ENTRANCE AGE

No child shall be admitted to school in September unless he has reached the age of five on or before the first day of April preceding. Children entering for the first time will be admitted only during the first two weeks of school.

BIRTH CERTIFICATES

A birth certificate is required for entrance to the first grade.

VACCINATION

No child shall be allowed to enter the first grade without a certificate of successful vaccination.

Quotation from State Law—Chap 76—Section 15

"An unvaccinated child shall not be admitted to a public school except upon presentation of a certificate like the physician's certificate required by Section 183 of Chapter III."

EMPLOYMENT CERTIFICATES

No child between the ages of fourteen and sixteen shall be allowed to leave school until a signed promise of employment card has been presented to the principal of the building in which he is attending school. Employment certificates are issued by Mr. Charles Y. Berry, at the Hunt School, Weymouth, every week day except Saturday, between the hours of nine and twelve.

REPORT OF THE SCHOOL COMMITTEE

To the Citizens of Weymouth:

The past year has seen the opening of one new school, the Pond, of six rooms, and the occupancy for school purposes of the new twelve-room wing of the Hunt School in November. The old Hunt School building, now vacant, will shortly be removed or demolished, while the Lincoln School building, which is in good, serviceable condition can be kept in reserve for future needs.

The proposed eight-room addition to the Bicknell School will sufficiently meet the requirements in North Weymouth for several years at the present rate of growth. Another committee, authorized at the last annual town meeting, has this matter in charge and will make further report thereon at the next annual town meeting. There are at present enough children attending school in North Weymouth in the first eight grades to warrant the use of twenty-four school rooms, three to each grade.

Building developments on either side of Commercial Street near Weymouth Heights will shortly require several new school rooms to be located at the Adams School. It is inevitable that before many years a larger building will be needed at the location of the Center Portable.

As far as possible school rooms for the first six grades, at least, should be located within one mile from the homes of the children. School locations which generally meet such requirements are now already established in all parts of town, except the southern end of Union Street. The Adams School lot should, however, be enlarged, as it is in the center of a district that is now rapidly growing, and which promises to continue such growth.

All the school buildings are in excellent physical condition and are well kept. Extensive work will, of course, be necessary on the grounds at the Hunt School during the coming year, and the paths and roadways at the Pond School should be further improved.

The report of the Superintendent of Schools, which immediately follows, relates in detail the educational progress of the past year, with recommendations for the future.

The estimates for the coming year appended below take into consideration the regular maintenance of existing buildings and grounds, in part suggested above, and adequately provide for the expected increase in attendance, which has been substantial and steady for a number of years, and according to the school census, promises to continue.

	Expenditures	Estimates
	1929	1930
Salary of Superintendent	\$5,000.00	\$5,000.00
Other General Salaries	2,041.75	2,150.00
Other General Expenses	1,752.08	1,800.00
Teachers' Salaries	225,222.61	243,900.00
Text Books & Supplies	19,195.79	18,000.00
Transportation	16,437.60	17,000.00
Support of Truants	112.57	250.00
Tuition	925.85	1,000.00
Janitors	25,617.19	27,000.00

Other Expense	1,082.24	1,500.00
Evening Practical Arts	1,251.31	1,200.00
Day Household Arts	4,231.42	5,000.00
Day Industrial	22,341.85	22,000.00
Shoemaking	4,364.71	5,500.00
	<hr/>	<hr/>
Total	380,394.62	396,300.00

LEGION MEMORIAL FIELD

The work on the athletic field continued during the summer and fall under the personal direction of Mr. Fred O. Stevens, Superintendent of the Water Department, who was by vote of the town authorized and appointed to act in conjunction with the School Committee in this matter.

A general layout plan prepared by Mr. Ernst Hermann, of Newton, an engineer specializing in such work, was adopted, and ground for a baseball diamond, outfield, and the necessary adjoining surfaces was further drained, filled, graded and seeded. This area will be ready for use in the spring. A subsequent appropriation allowed for the laying out of a quarter mile running track, with an eighth mile straightaway and the subgrading thereof. Substantial subgrading for a football field within the running track was also done in the fall. There remains to be done but little further subgrading, and then the ground will be ready for loaming and seeding. The top grading of the running track will be composed of cinders. Considerable quantities derived from the several schools are now being deposited weekly so as to be spread in the proper locations with the opening of spring.

For the removal of surface water the plans for the field call for the installation of small catch basins at designated points, and at other locations where conditions will show their need.

Your Committee recommends that a sufficient appropriation be made at the March meeting so that the general field work, including the construction of several tennis courts, may be completed before mid-summer. Definite estimates for such work will be presented to the March meeting.

Respectfully submitted,

PRINCE H. TIRRELL, Chairman

ETHEL G. TAYLOR, Secretary

(Mrs. Arthur R.)

JOHN P. HUNT

FRANCIS W. REA

EDWIN R. SAMPSON

I concur in the above report insofar as the same concerns Legion Memorial Field.

FRED O. STEVENS

REPORT OF THE SUPERINTENDENT OF SCHOOLS

Members of the School Committee:

The report of the condition and progress of the schools for the year 1929 is herewith presented for your consideration and approval. This is the forty-fourth in the series of annual reports of the Superintendents of this town, and the twenty-first report of the present incumbent.

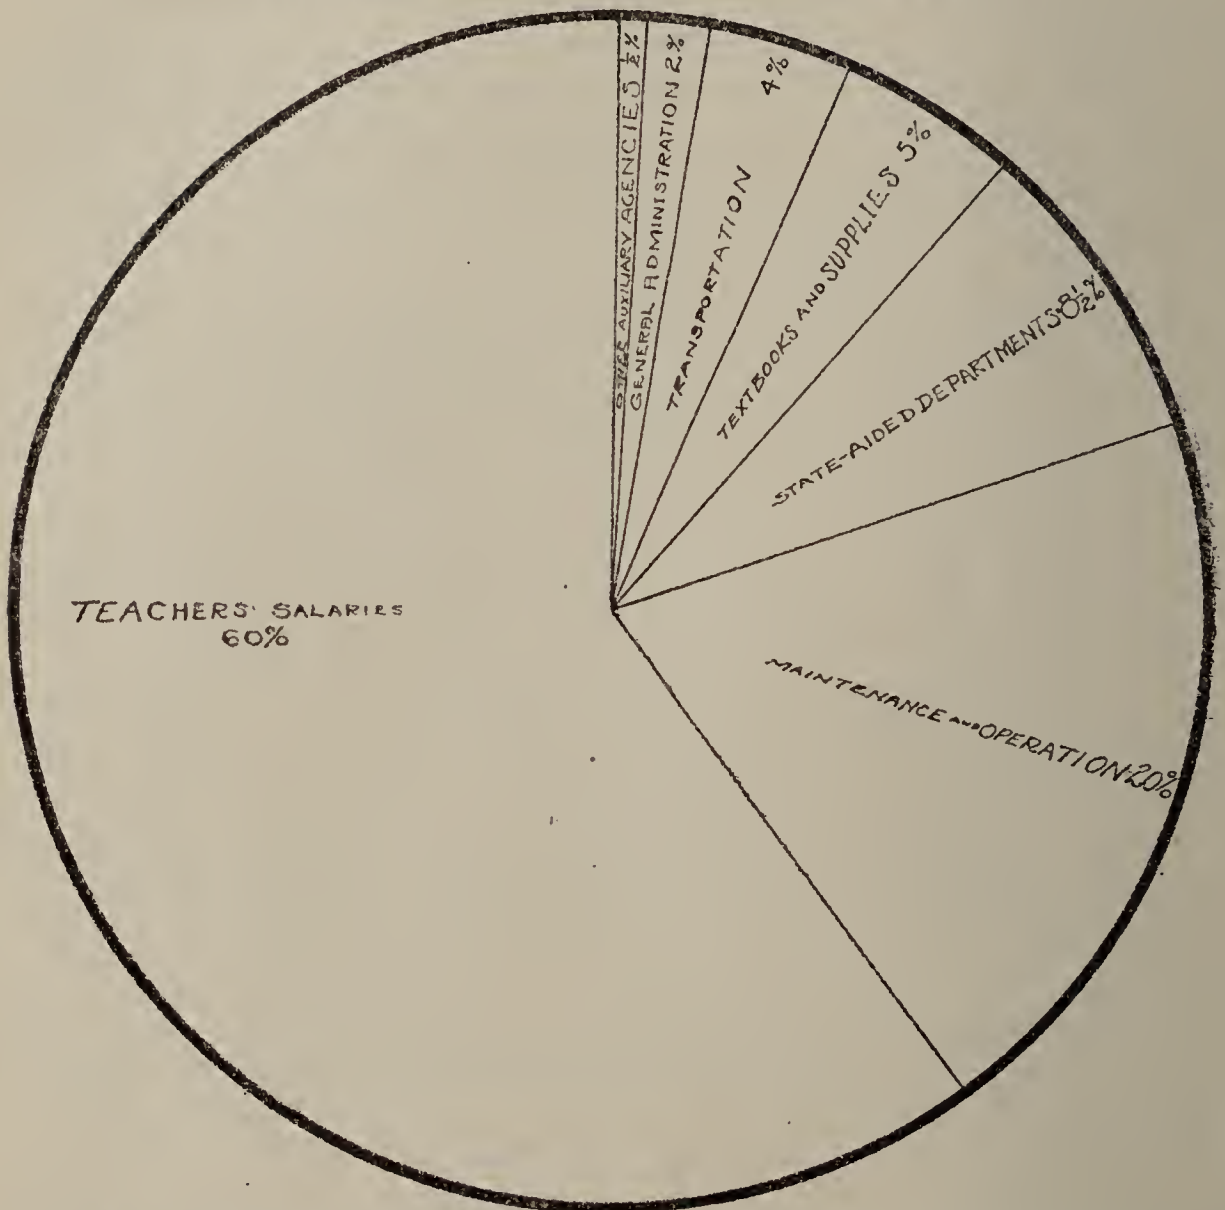

Owing to the many and diversified interests of the school system, it is difficult to speak with exactness concerning the work and needs of many of the departments. For that reason you will find included, under separate headings, the report of the Principal of the High School, the reports of the various supervisors, and of those having charge of special activities. Included also are graphs which show more clearly than figures the steady and spectacular growth in the elementary grades, in the High School, and in the Vocational School. The increasing cost of education from year to year is likewise shown.

In a general way, the same conditions obtain as last year. Much of the energy and time of the department has been devoted to preparing for and taking care of the increasing number of children, in selecting teachers, and in organizing new schools. Since the beginning of the year twenty-two rooms have been opened, eighteen in new buildings, and four in buildings that already existed. In September the one hundred and forty pupils taking vocational work were grouped to form a separate unit, with a director in charge to correlate the studies and be responsible for all activities. Two "Opportunity" classes have been opened in ideal surroundings under teachers well prepared for the work, and furnished with admirable facilities for instructing the children and securing the best results.

The grading of the Legion Memorial Field has been pushed to such an extent that another year will see its completion and mark the opening of one of the finest playgrounds and athletic fields in New England. Its extensive area has been planned so that several games of baseball, football, hockey, soccer, and so forth, may be played at the same time, according to the season. This field may set a standard for the improvement of tracts of land which might otherwise be useless or of little value. In a town growing rapidly like Weymouth the danger lies, not in reserving too much land, but in reserving too little for outdoor activities. Land adapted for play areas should be secured, not only for the benefit of school children, but also for those beyond school age, who likewise need healthful recreation and sport. Great corporations, recognizing this fact, provide clubhouses and other means of recreation for their help, or require them of the communities in which they establish their plants.

The open-air auditorium at the High School has been completed in conjunction with the War Memorial Committee, and the grounds have been improved with macadam drives and cement walks and curbs.

How the School Dollar is Spent

TEACHERS' SALARIES and TEXT BOOKS AND SUPPLIES, heavy items of cost, need no comment.

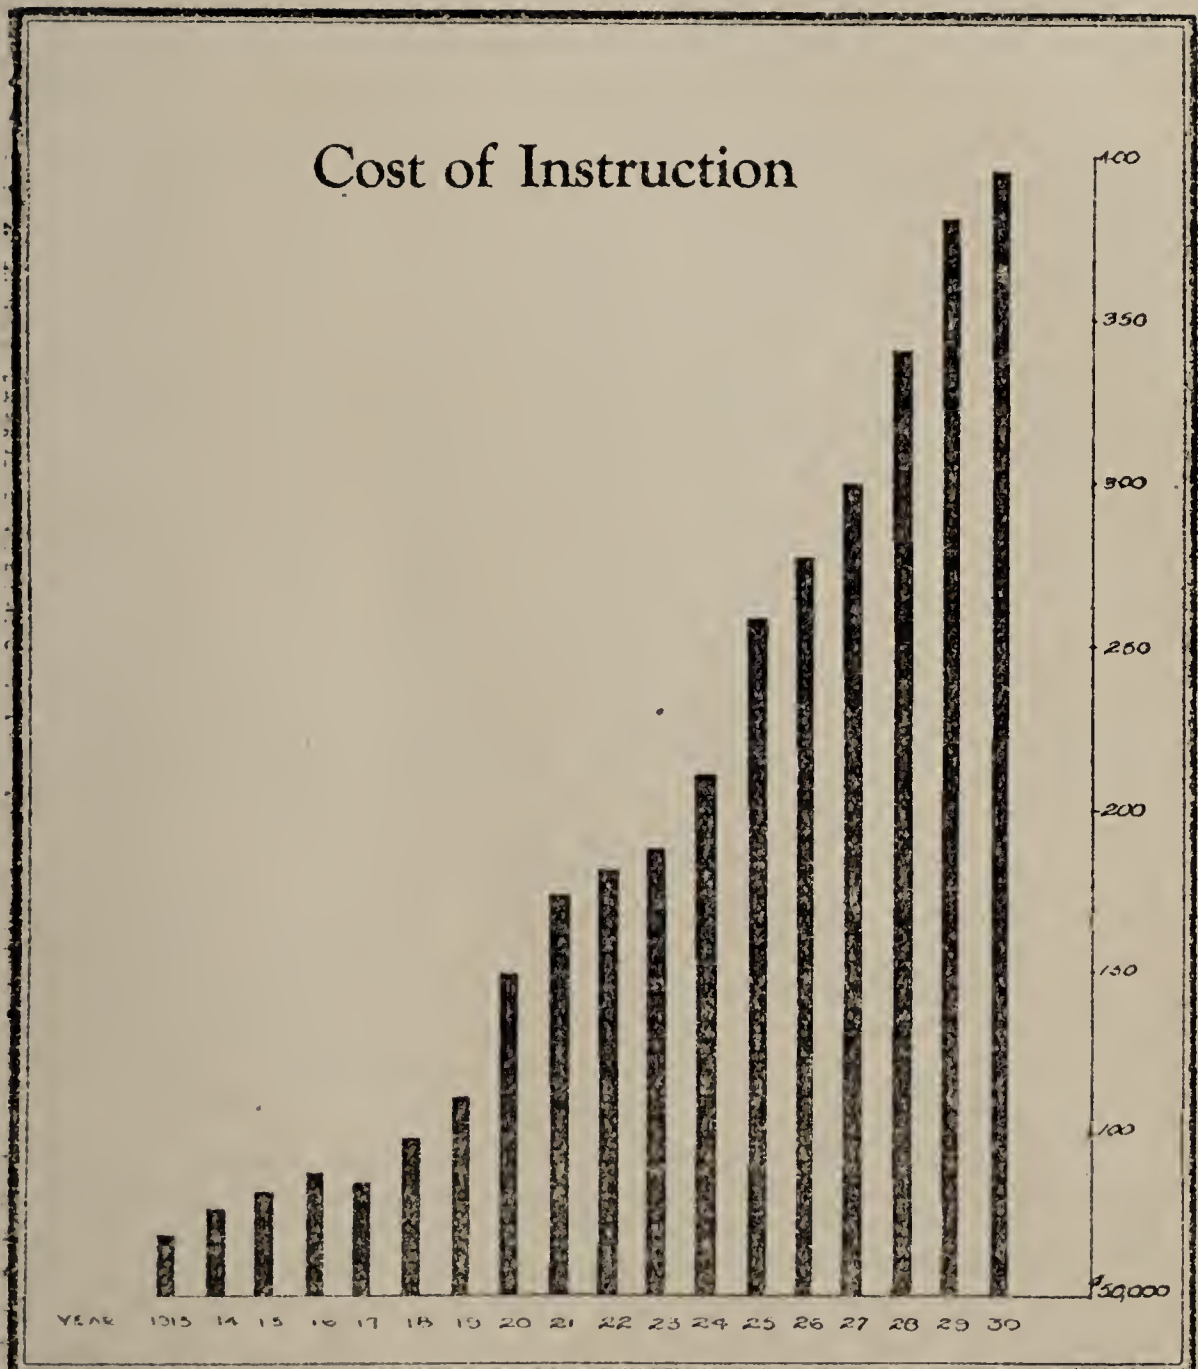

MAINTENANCE AND OPERATION covers repairs to buildings, work on grounds, all equipment, janitors' salaries and supplies, fuel, light and water. For the last few years expenditures have appeared under this head that were formerly covered by specific appropriations.

The STATE-AIDED DEPARTMENTS are Carpentry, Printing, Shoemaking, Automobile Repairs, Day Household Arts, and Evening Practical Arts Schools. One-half the cost is reimbursed by the State.

TRANSPORTATION cost for this town is one of the largest in the state. Only five other places pay more.

GENERAL ADMINISTRATION includes salary, conveyance, and clerical help of the Superintendent, all telephones, census and truancy work.

Under OTHER AUXILIARY AGENCIES come physicians, health supplies, and all items of a miscellaneous nature.

The large item of cost in any school system is Teachers' Salaries. Any marked change in the rate paid to teachers is reflected immediately in a chart of this kind. In 1913 the maximum salary paid to teachers in the elementary grades was \$550.00. In 1920 salaries were increased and again in 1924. A comparison of the increase in cost for the last six years with the enrollment shows that costs will and must increase in proportion as school membership increases.

To show that the cost of education in this town still compares favorably with that in other towns belonging to the same group as Weymouth, a table is submitted giving the average cost per pupil in other places. There are 79 towns in the state of a population in excess of 5,000. In this group Weymouth stands 6 in size and 11 in valuation, but 57 in expenditure per pupil and 72 in tax rate.

Figures taken from the State Report for the School Year
ending June 30, 1929

	Expenditures all pupils		Valuation per pupil		Tax Rate per \$1000	
	Amount	Rank	Amount	Rank	Amount	Rank
Brookline	\$134.33	2	\$28,408.	1	\$20.00	78

TEACHING FORCE

Teachers, Grades 1 to 8	102
Teachers, High School (including Shop)	50
Supervisors	12
Total	164

There have been very few resignations during the year. Miss Myra G. Keep, the Elementary Supervisor, resigned on October 25, after three years of service. Two teachers left the High School, one in the Vocational Department and the other in the French Department, and one vacancy occurred in the seventh grade of the Junior Annex. The list of appointments, however, is long, because of the opening of new rooms and the hiring of extra teachers. Miss Helen E. Mayer was granted leave of absence to teach in the Normal School at Angers, France, through an arrangement made by Harvard University, from which she received her A. M. degree in June.

Opportunity Classes

Asst. Drawing Supervisors

In last year's report a complete description of the provisions for professional improvement was given. During this year forty teachers presented credits and were granted salary increases. Twenty of these were among the younger teachers, who were obliged to do the work in order to secure their annual increment. A number of the teachers have been working for degrees. Two received them in June and several others will have completed the necessary work for degrees next year. The quality of the professional improvement courses which the teachers have been taking has been satisfactory. I would urge the younger teachers, especially, to select cultural courses to broaden their education and general outlook.

In no previous report has the subject of teachers' retirement been mentioned. It may be well to explain briefly at this time its benefits and the provisions of the law under which a teacher at the age of sixty may, or at the age of seventy must, retire from active service. Those teachers who were in the employ of the town previous to July 1, 1914 might or might not, as they saw fit, subscribe to the Teachers' Retirement Act. All teachers who have entered the service since July 1, 1914, how

ever, have been compelled by provision of the law to set aside a portion of their earnings each year to be used for an annuity, this annuity to be increased by a pension contributed by the State. At the present time five per cent. of the salary is required, but no assessment runs over one hundred dollars. Any person teaching in 1914 who did not accept the provisions of the Act at that time may enter the Teachers' Retirement Association by paying back assessments with interest. Of the one hundred and sixty-four teachers on the pay roll, one hundred and thirty-five are contributing towards an annuity and pension. Since 1914 four teachers over the age of sixty have retired:

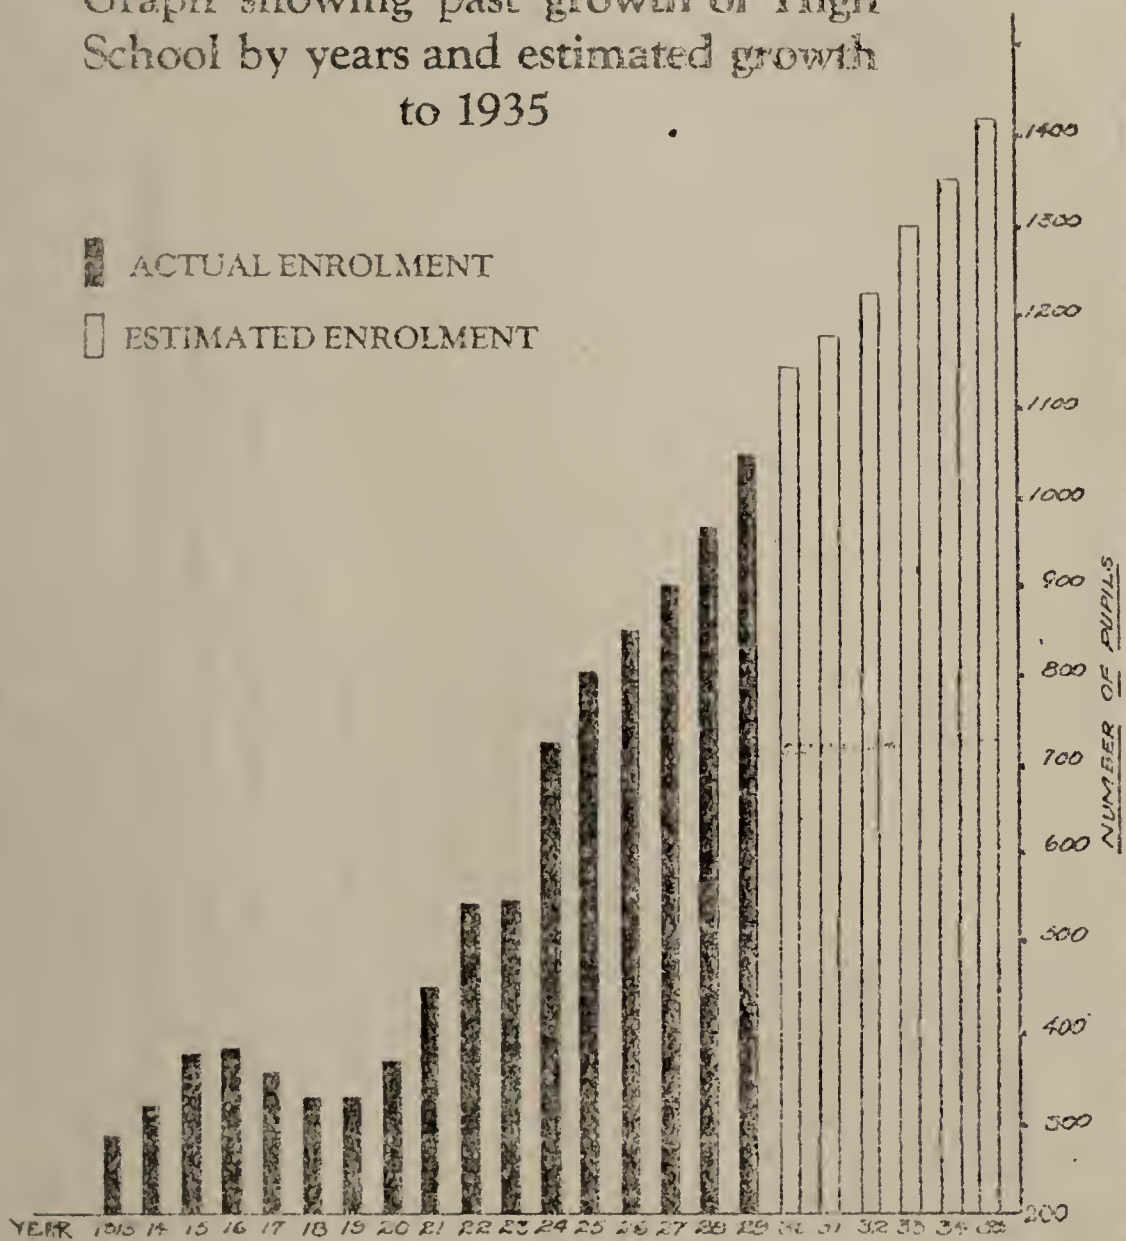

Name	Date of Retirement	Age	Years of Service
Emma J. Smith	September 1, 1918	69	50
Martha J. Hawes	July 1, 1924	67	48
Cora L. Beard	September 18, 1929	60	39
Stella L. Tirrell	December 7, 1929	69	41

During the current year both Miss Beard and Miss Tirrell retired because of ill health. Miss Beard was graduated from the old North High School in 1888, and taught in Adams, Athens, and Bicknell Schools. A reception given to her at the Bicknell School on November 4 demonstrated in a remarkable manner the esteem in which she is held by her associates in school work, her pupils, and her personal friends. As her Superintendent for more than twenty years, I was glad to be present and enjoy with her the tributes of those gathered there. Miss Tirrell has not been in school since September, owing to serious illness. She has served the town long and faithfully, first as a teacher in the Adams, Thomas, and Hollis Schools, then as Principal of the Howe School for twenty-five years, and finally as a teacher in the Edward B. Nevin School, which replaced the Bates and Howe buildings. As her Superintendent during a large part of this period of service, I wish to speak in the highest terms of her loyalty, her faithfulness, and the conscientious manner in which she performed the most exacting of her duties.

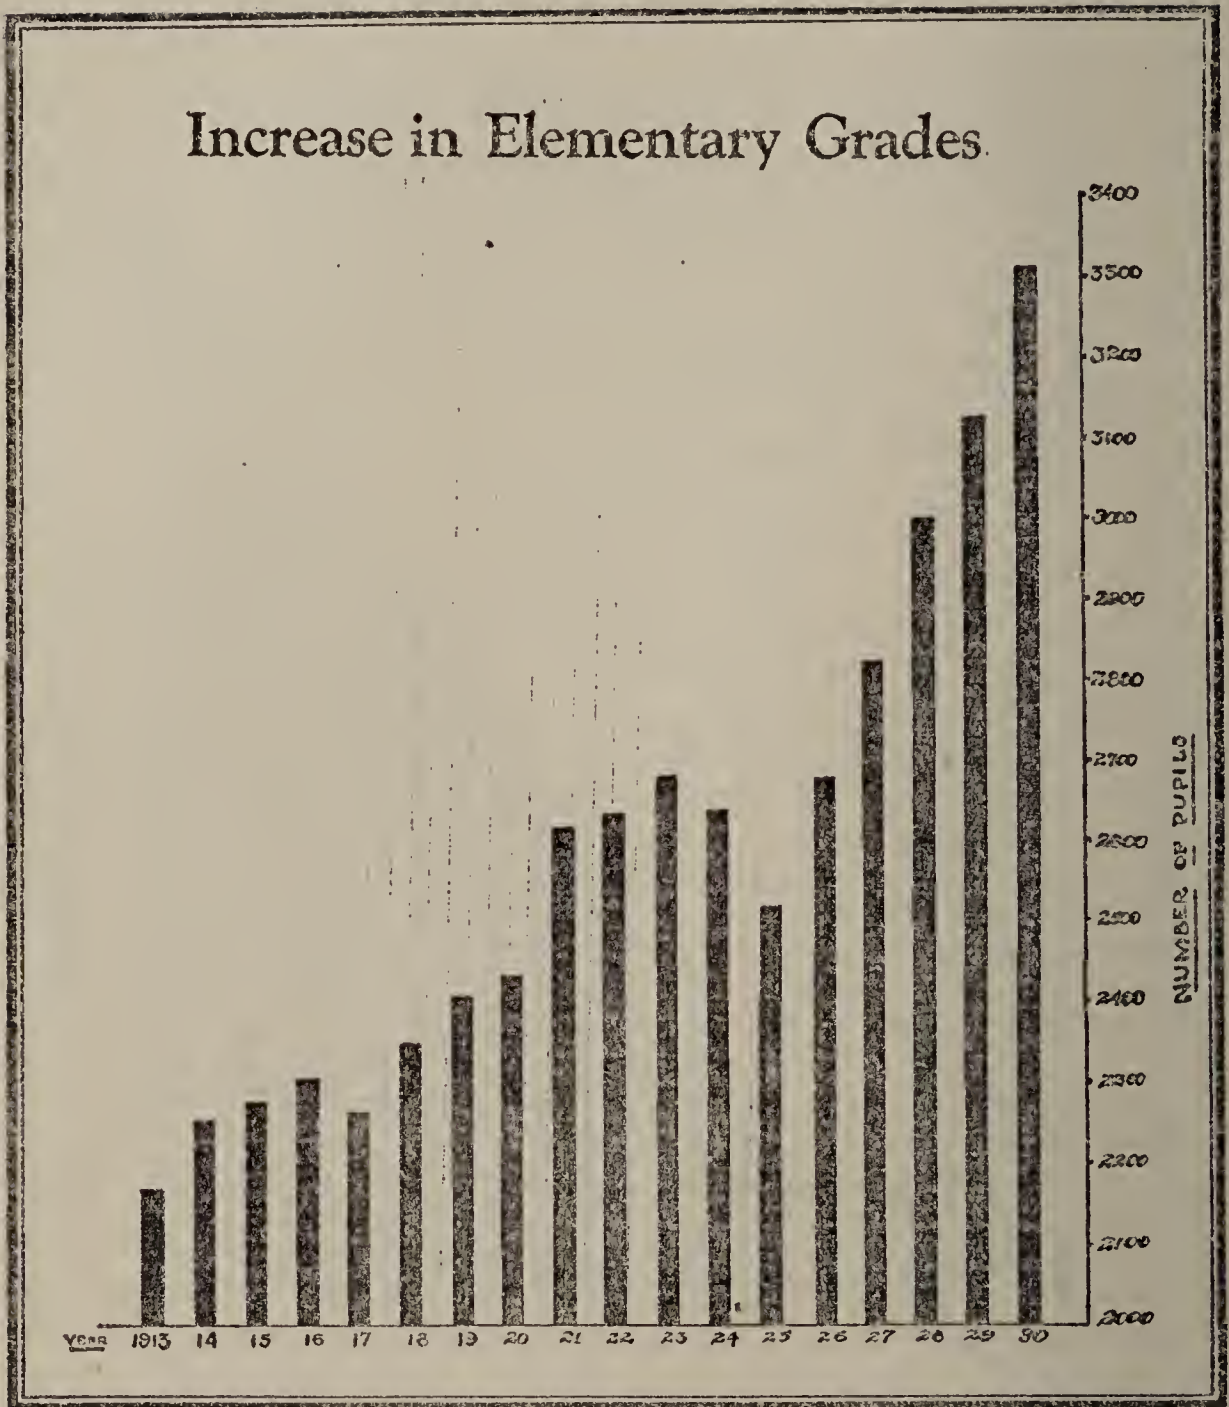

Note:—Miss Louise Utpardel was retired for disability in 1917. She received a minor pension from the State, but her retirement did not come under the broader scope of the Teachers' Retirement Act.

Graph showing past growth of High School by years and estimated growth to 1935

■ ACTUAL ENROLMENT
□ ESTIMATED ENROLMENT

This graph shows in a very interesting manner the steady growth in High School enrolment, which started in 1913, continuing for three years, was modified by war conditions and the demand for labor from 1916 to 1921, was checked in the year of 1923 because of the necessity of having the pupils attend in two platoons, morning and afternoon, then resumed in 1924 the steady growth started in 1913, and has continued to date in practically the same line as was shown previously. A forecast for the future, using the same rate of growth, shows that by 1935 there will be more than fourteen hundred pupils in the Senior High School.

This graph is of interest, when compared with the one for the High School. It shows that the ratio of increase in the number of pupils in the elementary grades corresponds almost exactly to that in the High School during the past six years. The drop in 1924 and 1925 was due to the change of the entrance age from five years to five years and five months, and to the elimination of the ninth grade, which shortened the school course by one year. It is safe to forecast that in five years there will be a thousand more pupils in the elementary grades. A building program should be planned accordingly. Six or eight rooms should be provided each year through new construction.

Not enrolled in any school	175	6	2	183
Working			8	8
GRAND TOTAL	643	2858	713	4214

Eight children between the ages of 7 and 16, not enrolled in any school, are either crippled or under the doctor's care. It is a custom in many places to provide a home teacher for the instruction of these pupils who are crippled or otherwise unable to attend school.

Although the census of 1920 gives Weymouth 17,253 people, an estimate of the present population based on school census figures would indicate a population of over 24,000.

ATTENDANCE

Total Number Enrolled	4,070

EVENING PRACTICAL ARTS CLASSES

During the past two years the evening groups have included only practical arts subjects. These seem to meet the public demand and have been well patronized since the opening in October. At present two classes in dressmaking are being conducted in the Bicknell School at North Weymouth. Each class meets once a week for three hours. Two other classes, one in cookery and one in dressmaking, meet twice a week in the High School at East Weymouth, for two hours.

The work is divided into two units totaling seventy hours for the group taking single weekly sessions, and eighty hours for those taking two sessions a week. The unit subjects proposed for cookery are: Cakes and Pastry, Party Refreshments and Candy, Lunches, and Dinners. For the dressmaking classes in East Weymouth the units are: Cotton Dresses, Silk Dresses, Woolen Dresses, and Sport or Summer Dresses. In North Weymouth the units are: Silk Dresses, Renovating Blouses, Sport Suits, and Spring Dresses. There may be considerable variation in the unit subjects in order to suit the work to the demands of those in the classes.

A few statistics relative to the results of the first unit of work now completed will give some idea of the quality and quantity of the work.

Dressmaking:

Total Cost of Material	\$227.27
Total Valuation of Product	758.00
Average Cost per pupil for Material	3.78
Average Valuation per pupil of Product	12.63

Cookery:

Estimated Valuation of Product	106.35
--------------------------------	--------

There has been a total of sixty taking dressmaking, while twenty-three have taken Cookery. Even with such large groups the per cent. of attendance has been approximately 88, an excellent record for evening classes.

EMPLOYMENT CERTIFICATES

According to a law passed in 1919, any town having more than two hundred employed minors between the ages of fourteen and sixteen is obliged to maintain a Continuation School. This town was compelled to open a Continuation School in November, 1919, but almost immediately the number fell below that required by law. The school was discontinued in January, 1928. There is no present prospect that such a school will have to be reopened, as the records for 1929 show:

Weymouth Minors between ages of 14 and 16:

Total Number in Town (October 1)	713
Total Number employed in Town	23
Total Number employed Elsewhere	10

Outside Minors between ages of 14 and 16:

Total Number employed in Town	4
-------------------------------	---

On December 31, the actual number of minors employed in town was seven. Six others living in this town were employed elsewhere, making a total employed of thirteen Weymouth minors between the ages of fourteen and sixteen.

MAINTENANCE AND REPAIRS

The buildings are in much better condition than they ever have been. The basements are clean, janitor service has been greatly improved, and the requisite amount of painting is being provided. Heating plants have been brought to so high a degree of efficiency that all buildings are heated comfortably, even in the coldest weather. The one glaring defect at the present time is the grading and the appearance of some of the school grounds. Such improvements, however, as are necessary can be made from the regular maintenance account in the near future.

REPAIRS—1929

ADAMS SCHOOL

Painting outside of building and minor repairs.

ATHENS SCHOOL

New shades and modern drinking fountains.

JAMES HUMPHREY SCHOOL

Modern drinking fountains and minor repairs.

JEFFERSON SCHOOL

Complete installation of electric lights and outside painting.

WASHINGTON SCHOOL

New floors in half of building, modern drinking fountains, new shades and painting inside and outside.

PRATT SCHOOL (Old Building)

New ventilating shafts, modern drinking fountains, new shades and grading.

SHAW SCHOOL

New shades, new chimney flue and outside painting.

EDWARD B. NEVIN SCHOOL

New furniture in one room, repairs to heating plant and grading.

POND SCHOOL

Grading.

HIGH SCHOOL

Renovation and rearrangement of lunch room, new gas service, new boiler room fans, new shades, chairs for girls' gymnasium, inside painting, grading and sidewalks, and regular repairs.

REPAIRS RECOMMENDED FOR 1930

ATHENS SCHOOL

Painting outside and new clock sytem.

JAMES HUMPHREY SCHOOL

Painting outside.

WASHINGTON SCHOOL

New floors in three rooms and corridor.

HUNT SCHOOL

Grading of entire yard, cement sidewalks, tearing down old Hunt School, and changing location of Lincoln School.

PRATT SCHOOL (old building)

Stuccoing (previously recommended), removal of boiler, new sanitarries.

SHAW SCHOOL

Grading of grounds close to building, cement walks.

EDWARD B. NEVIN SHOOOL

New furniture or repairs to old.

POND SCHOOL

Cement sidewalks.

HIGH SCHOOL

Grading of grounds in rear of building, painting inside of original building and first wing, new fence on property line at rear of building.

WEYMOUTH HIGH SCHOOL

Report of F. W. Hilton, Principal

In submitting my annual report I wish to give a list of the various courses offered by our school, together with a brief outline of the purpose of each. Students often choose courses that are not intended to prepare them for their future life work. There is need of greater care and thoughtfulness on the part of the parent and student in the choice of subjects on entering the High School.

Courses

Objectives

Classical	College, A. B. degree, normal schools (professions)
Technical	College, B. S. degree, technical schools
Business	Business schools, office work
General	General education, may tend toward normal preparation or general office work
Practical Arts	Home-making, dietitians
Agricultural	Mass. Agricultural College, practical agriculture
Trade	Auto Repair, Carpentry, Printing, Shoemaking

In order that you may know how well the school meets the objectives of the various courses I will give an outline of what happens to the graduates after leaving High School, using as an illustration the Class of 1929.

Classification by courses			Present employment				
			Bus. Other		Not		
	College	Normal	School	Schools	Work	Reported	
College Prep.	35	13	3	8	6	4	1
Business	51	1	0	9	5	28	8
General	34	1	4	3	8	12	6
Prac. Arts	6	0	0	0	1	5	0
Agricultural	1	0	0	0	0	1	0
Trade	9	0	0	0	0	9	0
	<hr/> 136	<hr/> 15	<hr/> 7	<hr/> 20	<hr/> 20	<hr/> 59	<hr/> 15

The size of our school is increasing at a normal rate and the building is being used almost up to its capacity. The entire student body numbers 1321, distributed as follows:

Departments	Number of pupils	Number of teachers including administrators
Senior High School	929	41
Junior High School	253	9
Opportunity Class	23	2
Trade School	116	9
	<hr/> 1321	<hr/> 61

Classification of students according to courses in the Senior High School.

	Freshmen	Sophomores	Juniors	Seniors	Total
Classical	84	58	42	29	213
Technical	46	26	21	20	113
Business	172	130	88	65	455
General	24	13	11	18	66
Agricultural	8	8	3	5	24
Practical Arts	17	17	10	10	54
Post Graduates				4	4
	<hr/> 351	<hr/> 252	<hr/> 175	<hr/> 151	<hr/> 929

Sources of Students in the Freshman Class

	Boys	Girls	Total
Athens	5	20	25
Bicknell	13	21	34
Junior Annex	46	54	100
Hunt	13	21	34
Nevin	22	21	43
Pratt	8	15	23
Shaw	8	11	19
Other schools	30	43	73
	<hr/> 145	<hr/> 206	<hr/> 351

In considering the quality of the work done by our students we take considerable pride in the records made by our graduates in the various colleges and other schools which they have attended. Like all public schools we have a great variety of material, from the very poorest to the most excellent. How to handle a large mass of students having varied abilities, personalities, and objectives, so that all may secure the greatest benefit possible is a puzzling and difficult problem. We often wonder why there is such a marked difference in the members of a group who have gone through exactly the same course of training. How great is the influence of mentality, how great is the influence of surroundings, associations, and application? What can we do to secure more uniform success? Were failures due wholly to lack of brain capacity we might have little hope for improvement, but we recognize that this is not the whole cause nor even the principal one. We have reason to seek newer and better methods for securing the interest of the student, stimulating his ambition, directing him into suitable lines of endeavor, and in every way possible leading him to self-improvement. Much could be done by the teacher and parent if a regular program for home study could be arranged and carried out. While we recognize that certain types of work are not interesting to certain personalities there are often practical applications which may be associated with disagreeable routine that will stimulate a student to a more active interest. More definite direction for methods of study might be an aid. The different groups are so large that we need heads of departments to unify the work of the various subject teachers.

The following awards were given for excellence in scholarship:

Monday Club

Irene Nancy Adams

Weymouth Teachers' Association

Ethelbert Chase Nickerson

Weymouth Catholic Club

Alma Marie Roche

Medal for Meritorious Progress
Gift of the Class of 1921

Jane Stub

Washington and Franklin Medal for
Excellence in American History

James McAleer

We have long felt the need of approaching subjects from a series of different angles through the use of a library and reference reading. We are glad to say that a considerable improvement has already been secured in this direction. About nine hundred volumes have been added to our shelves and at least two lessons in the use of the library have been given to every student in school during the present year.

We are sponsoring the usual number of clubs, both musical and literary, outside of our regular school time, and have this year attempted to do some class work in music and public speaking during the regular school day. It seems rather difficult to find a place in the building where an hour's practice on the bass viol or other loud instrument does not seriously interrupt the nearby recitations. It might be well to mention our endeavor to have a larger number of students participate in baseball during the last season when a series of interclass games was played before running a short interschool schedule. We secured the desired result and had at least five teams in the school in addition to the varsity squad. While the small interschool schedule was not wholly agreeable to some we were pleased with the large number of candidates who came out all through the season.

While we feel very proud of our school building we still find some requirements that are lacking. Among the chief of these are the showers for the girls' gymnasium and the lunch room facilities. Our gym classes number as high as sixty girls and the number of showers provided is eight. Inasmuch as this would necessitate approximately eight groups it is easy to see that the shower facilities are entirely inadequate. In our lunch room we have found it necessary to divide the students into three groups which vary in size from 300 to 600. Our lunch room proper seats 91. We have two adjacent rooms which were originally used as locker rooms where there are chairs for 41 and 90, respectively. This means that by no stretch of the imagination could there possibly be adequate room for seating the entire number. I have hoped that it might be possible to build a single story structure which would provide a cafeteria. In order to utilize this room to fullest capacity the kitchen might be shut off from the dining room in such a way that the space might be utilized for study, band rehearsals, and club meetings.

I wish to thank the teachers and the students for their loyal spirit and cooperation during the past year.

AGRICULTURE

(Report of Hilmer S. Nelson, Director of the Norfolk County
Agricultural School, Weymouth Branch)

Public opinion and policy have formulated the aim of instruction in vocational agriculture to be one that will fit the student for useful employment in agricultural enterprises. There are fundamentally two aims or functions in a course as followed in our high school: first, it must be prepared to meet the growing efficiency and demands of a progressive period of agriculture, and secondly, it must meet the present and immediate needs of the pupils who, although not living on a farm, desire to engage in one of the many phases of agriculture, for we find that it is both a pursuit and a calling. The rural status of our students is rather limited because we find on practically every homestead a small amount of land with a moderate supply of working capital; but to offset these factors a great amount of interest is evident

by the parents. During the last five years only two graduates have separated from agricultural callings, which shows that once a student becomes deeply interested in this vocation and has completed satisfactorily four years of our prescribed course, he rarely changes to another vocation.

The basis of our agricultural instruction centers around the home project, which is personally owned by the student. In the fourteen home project activities for the year of 1929, we find some very interesting figures. Although these figures are not large, they represent some honest accomplishments because most of the work is done before and after school hours. The 2763 hours spent on home projects represent total receipts of \$3,913.15 with a total expenditure of \$2,081.48 leaving a profit of \$1,831.67, or an average student project profit of \$130.83. Not only do these students maintain ownership projects but they also work at many outside agricultural enterprises including dairy farm, turkey farm, greenhouses, and other neighborhood work such as fruit, vegetables, home landscaping, and flowers. This work, which we call "Other Supervised Agricultural Work", represented a total of 8769 hours with a cash value of \$1,788.61. The projects of these students were divided as follows: 12 poultry, 1 poultry and garden, and 1 garden.

At the close of school, June 20, 1929, the greatest number attending during the year was 19 divided as follows:

Senior	1
Juniors	5
Sophomores	3
Freshmen	9
Special	1
	<hr/>
	19

The attendance at the opening of school in the fall, September 4, 1929, was most encouraging. Although four were dropped on account of unsatisfactory work, we find an increase of five bringing our total to 24 as follows:

Seniors	5
Juniors	3
Sophomores	8
Freshmen	8
	<hr/>
	24

The total enrollment to date for the last five years has been

1925	17
1926	18
1927	20
1928	19
1929	24

The following figures may be of interest:

Aggregate attendance	3424
Average daily attendance	17.25
Total membership	189
Average membership	18.79
Per cent of attendance	91.85

Items of interest:

1. The frequent visits of the instructor to the project and home of the student have brought many pleasant relations and closer cooperation which is so vitally necessary in conducting successful vocational work.

2. The important fairs and shows visited were—Topsfield Fair at Topsfield, Eastern States Exposition at Springfield, New England Fair at Worcester, Brockton Fair at Brockton, Boston Poultry Show at Boston, Union Agricultural Meeting in Worcester, Norfolk County Junior Poultry Show at Walpole, and the 1929 High School Day at the Massachusetts Agricultural College. At practically each of these places we were able to secure our share in prize money and ribbons.

3. The forestry project conducted as a Freshman-Sophomore class enterprise was most successful. About one acre of light woodland was cleared and planted with about 1100 pine. We wish to extend to Mr. Stevens and the Water Department our thanks for their generous cooperation on this project.

VOCATIONAL SCHOOL

(Report of Francis E. Whipple, Jr., Director)

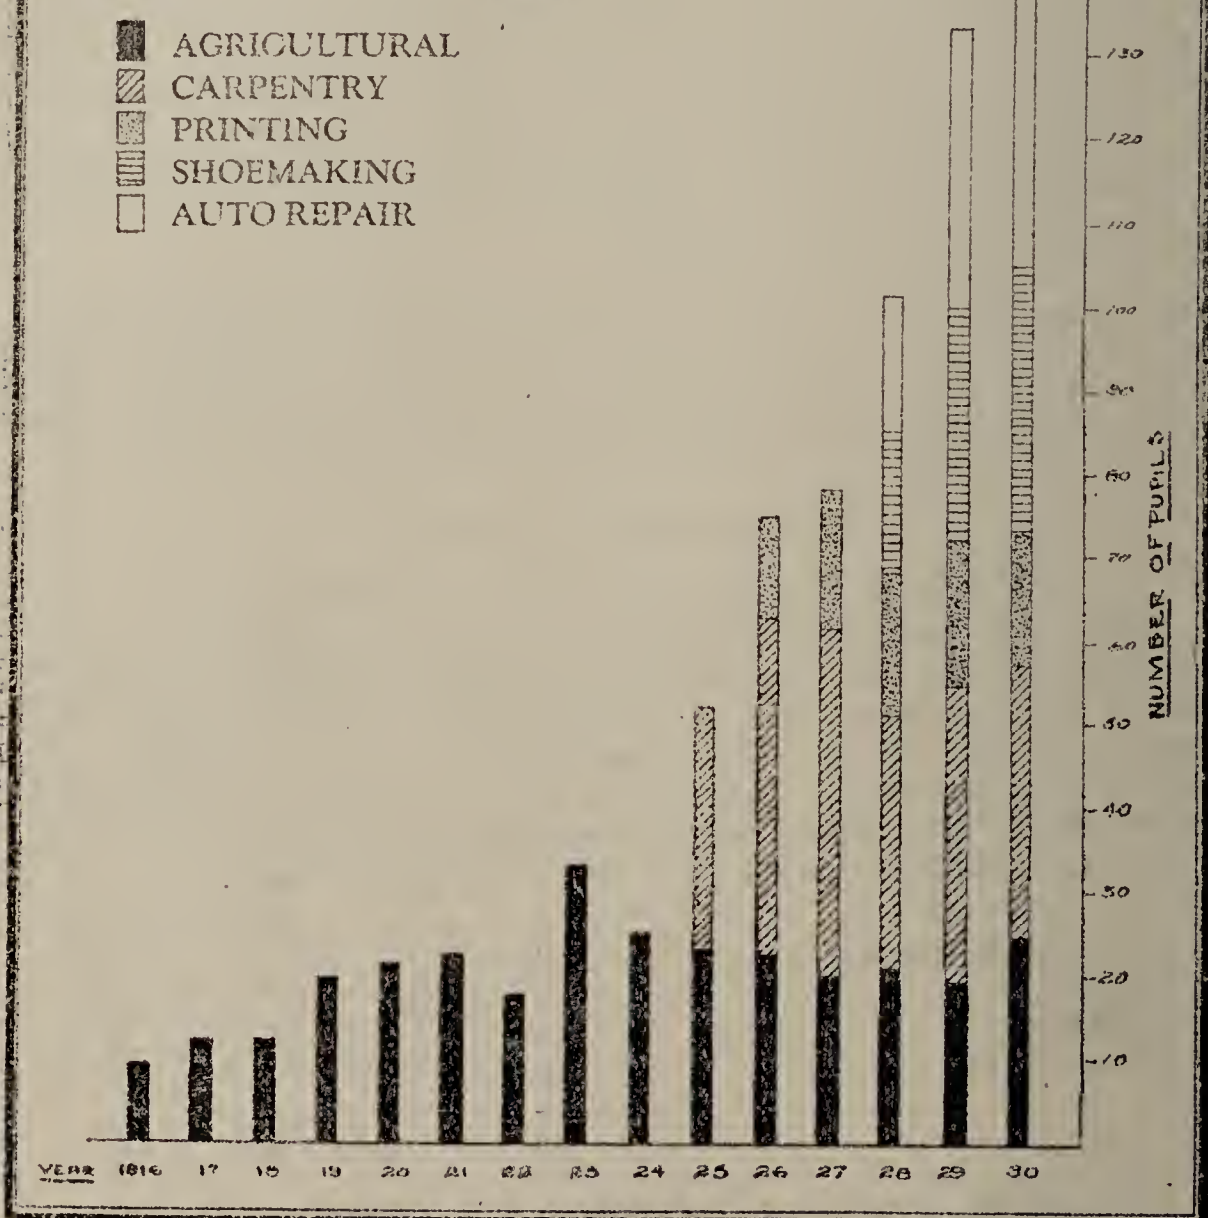

This year finds the enrolment in the Vocational School at its maximum in the Carpentry, Automobile Repair and Shoemaking Departments. So many more boys have applied for admission than it is possible to accommodate with available classrooms and equipment, that it has been necessary to establish a waiting list and admit other boys only when vacancies occur. Classes are divided according to the following table:

	I	II	III	Total
Automobile Repair	10	14	7	31
Carpentry	11	12	9	32
Printing	4	8	4	16
Shoemaking	12	9	9	30
	<hr/> 37	<hr/> 43	<hr/> 29	<hr/> 109

The largest number of applicants has been for the Automobile course. Limitations of space and teaching staff make it impossible to accept more students. Space in the automobile shop is so restricted that it presents a perplexing problem to house the cars on which the boys work. During pleasant weather the custom has been to work out of doors in the yard adjacent to the shop, but during the winter months this is not feasible. If we are to accommodate the increasing numbers of students desiring vocational training it is necessary to provide room for them. To continue the present building in a westerly direction would solve the problem. The addition could be constructed by the Carpentry class in the same manner as the original building and at minimum expense.

This year the work in the different departments has been of a very commendable character. The success of the training

Development of Vocational type of Education in Weymouth since 1916

in Automobile Repair is attested by its increasing popularity and the demand of employers for students taking this work. In the Carpentry Department there have been no major construction projects during the year, but among the outstanding jobs undertaken have been the manufacture of grills for the High School gymnasium, balustrades at the Pratt School and construction of an office and toilet at the Vocational School. Perhaps the foremost job of the year was the building of the wardrobes for the new Hunt School addition. Forty-eight of these wardrobes were built during the first three months of this school year. Four wardrobes were installed in each classroom to accommodate all the wraps of the pupils. This job is an excellent example of what can be done with boys under expert supervision. The work measures up to commercial standards in every respect.

The printing graduates are in continual demand by employers. Most of the boys have found positions with local printers or in Quincy and Boston. Wages of these boys, none of whom have been out more than two years, range up to \$27.00 per week. Many gratifying comments have come from the employers upon the quality of this training. The Reflector, the publication of the pupils of the High School, is printed in this department. The graduation issue of last June was the envy of many another High School in this part of the state and copies are at a premium.

In Shoemaking we have a different type of education—co-operative. One week the boy spends in school and the second week he spends in profitable employment at the Stetson Shoe factory. This arrangement continues all the year 'round. In the factory the boys are treated in the same manner as the regular employees except that a special effort is made to discover the type of work for which the student is fitted and to develop his abilities in that direction to such an extent that when he is graduated he may be able to take a position paying a very attractive wage. It places him three years ahead of the average high school boy who enters the shoemaking field after graduation. Information relative to the earnings of the boys will be of interest. During eleven months of 1929 ending November 30 sixteen members of the sophomore and senior classes received in wages, for services rendered to the Stetson Shoe Company, a total of \$4,365.98, an average of \$272.87. It is needless to point out that this sum will keep the average boy in clothes and is often of much assistance to his parents in augmenting the family income. In addition, the Company gives each boy at the end of six months' employment a paid-up insurance policy for \$500.00 which increases by \$100.00 each year until it reaches the maximum of \$1000.00, and remains in force as long as he continues in its employ. The officials and foremen at the factory are entitled to a good measure of praise for the excellent work which they have done with the boys.

In June the Vocational School will graduate its largest class. Twenty-nine boys will complete three years' training for a profitable occupation. In the past most of the boys have found employment in their chosen trades and often with local employers. For the first time the Automobile and Shoemaking Departments will send out graduates. Garages and shoe factories in need of trained workers will find exceptionally good material among these boys.

I wish at this time to thank the members of the Vocational School faculty for the very fine spirit of cooperation which they have shown in this, the first year of my directorship:

DENTAL CLINIC

(Report of Miss Alice A. Conroy, Dental Hygienist)

A dental program in the schools should be thought of in terms of prevention and education, not of correction. For this

reason all dental clinic activities during the year 1929 have been confined to the first six grades.

In March a dental campaign for healthier mouths was introduced. The purpose of such a campaign was chiefly to interest the children in going to their family dentists to have existing dental defects corrected. First a careful examination of each child was made and results recorded. Special attention was given to all fissures and small cavities in the six-year molars. In this group of 2066 children examined, 1814 were found suffering from dental decay. At this time the parents were sent notices of conditions. But 57 of the entire group had clean mouths free from dental defects. These children were given Dental Certificates which they took to their family dentists for signatures. They were then returned to the teachers and the names placed on the Dental Honor Roll. 260 received certificates before the close of school in June.

In October another campaign was started. 2377 children were examined. 2029 were found suffering from dental decay with 96 eligible for Dental Certificates. There are now 293 children holding Dental Certificates. This campaign will close May Day when all children holding these certificates will receive reward tags.

The prophylactic clinic has been maintained as before and 737 children received treatment. The great need of more time for cleaning still continues. The day has come when many children are not satisfied with the work they do themselves. They demand extra help. Facts prove that results have been achieved. This could not have been done, however, without the co-operation of the principals, teachers and dentists of the town.

DRAWING

(Report of Miss Evelyn Silvester, Supervisor of Drawing)

September 1929 brought the expected and needed addition to the force of the Art department of Weymouth. It also brought the unexpected addition of the High School Art work to my responsibilities, which with the help of two assistants makes a more even distribution of schedules than could otherwise be possible. Miss Hazel Nietzold of Northampton, Mass., and Miss Marion Ray of Leominster, Mass., are handling the grade work and are showing a fine and much appreciated spirit of cooperation. We are very fortunate to have on our force people of their ability.

Miss Nietzold covers the Pond, Nevin, Shaw, Pratt, Center Portable, Jefferson, Humphrey, Washington, and Junior Annex.

Miss Ray's schedule includes the Adams, Athens, Bicknell, Hunt and part time in the High School, with me.

My own program is largely High School classes and on the days Miss Ray is there, my time is for general supervision.

This has been a year of much extra work for us all, the chief reason being the new course of study throughout the entire system. That really means eighteen different grades of work, for in addition to the eight grades in grammar school there are ten courses or grades of work in High School. It makes a great mass

of outside planning as well as the daily teaching. Once we have the plans organized, things should go along more smoothly.

There are two rooms being used for upper grade drawing now, one at the Junior Annex, the other at the Hunt. This greatly facilitates the teaching as there is less shifting of material needed. Most of these materials can be kept in the drawing room and one set of scissors, paints, etc., may be used by several classes. This is a distinct economy.

The idea of departmental teaching of drawing has gradually increased. In many buildings, now, one teacher who especially enjoys drawing, is taking several classes. This plan works out very well from our point of view. The fewer subjects a teacher has to prepare, the more time she has for preparation for those she teaches. Naturally this is an advantage to both teacher and pupil.

From January to June 1929 in the Athens and Bicknell Schools we had a small class in modeling for pupils of marked ability. These classes were taught by student teachers from the Massachusetts School of Art, during the supervisor's lesson time, once in three weeks. The children enjoyed it very much and developed a taste for another line of art work. The student teachers were Geraldine Gillis, Althea Foss, Harriet Hamblen, and Constance Shea.

In the months before the Summer recess we did considerable work with lantern slides to correlate with our regular course, but this fall it has been impossible to continue owing to the large quantity of temporary work on hand. We are planning to continue the slides at the first opportunity, however.

At the request of several teachers, we have this year been holding a series of meetings for those who feel the need of assistance in their drawing teaching. These meetings have been held after school and each one has had either a problem or a method of art teaching as its theme. It has been a source of much pleasure to aid the teachers in this way and we are willing to continue as long as they desire.

New equipment has been added to the High School Art Room. A commodious paper cabinet to keep clean and unwrinkled the large sheets of the more expensive paper, individual lockers in which the pupils may store their daily work, and also an easel which has been used for the display of illustrative material. A much needed sink has been installed.

Pencils are the only supply ordered since school opened in September for the High School art work. We have been fortunate in having a sufficient supply of other things on hand. As always it is a continued pleasure to work in Weymouth and again I wish to thank the superintendent and teachers for their help and cooperation.

MANUAL TRAINING

(Report of Miss Alice L. Tucker, Supervisor of Manual Training)

The main purpose of manual training in the grades is to teach the boy the need for thought, accuracy, and care in everything he does, and to correlate hand, eye and brain.

Before making an article, the child is required to draw the plan from which he afterwards works. The models are arranged in progressive sequence with regard to exercise and tools.

During the last year two hundred boys were given instruction in the seventh grades, having a lesson of from sixty to seventy-five minutes weekly. They made bill holders, bread boards, pen and pencil stands, and various kinds of boxes and bird houses.

In the eighth grades one hundred fifty-five boys had a weekly lesson of seventy-five to ninety minutes and made articles containing half lap, miter, dowel, and groove joints. They were also taught the use of the oil stone and each boy was required to sharpen at least five tools.

We wish the work might begin in the sixth grade and that the lessons might be two hours each, as in the short time allowed it is impossible to accomplish what is desired.

MUSIC

(Report of Mr. James W. Calderwood, Supervisor of Music)

A glance through the school calendar for the year 1929 makes it apparent that there has been marked activity in the department of music. The High School orchestra, in addition to a weekly rehearsal, out of school time, has played for the Monday Club on two occasions, for the Daughters of Isabella, at the Bicknell School, and several times for affairs at the Assembly Hall.

A notable event in connection with the orchestra has been the addition of a double bass to its ranks, the player (a girl) having been taught by the music supervisor. This organization numbers 21 members.

The Band, also, has a weekly rehearsal out of school time. Due to the graduating of several of the best players last June, others have had to be developed to take the places thus made vacant. A Junior boy has been teaching trombone to a couple of lower grade boys. Also, a graduate of the class of '29 has been working with two other High School boys on the tuba. In both cases the teaching has been very successful. Again, the music supervisor has developed four altos and a baritone. All these pupils are now enrolled in the band. Necessarily progress has been retarded; but we now have a full, well-balanced organization of 28 members, attending rehearsals regularly, and working faithfully, so that by next spring the High School will have a band worthy of our schools.

Last April, the operetta, "Captain Crossbones", was given in the Assembly Hall by the High School pupils, and already rehearsals have begun on another work of similar character, to be given later in the winter. These affairs appeal strongly to the boys and girls and are among the notable events of the school year, as is evidenced by the large audiences of town people and others that attend the performances.

At the beginning of the year the Drysdale System of rhythmic instruments was introduced in the three lowest grades of our

schools. The children and the teachers, alike, find great pleasure in this activity, and derive a definite musical development from it.

Mr. Monroe, who shares the work in the grades with the regular music supervisor, now has the three singing periods in the High School. And there, also, he has formed a voice training department of which a large number of pupils avail themselves.

Mr. Monroe has organized and trained a boy's quartet, which has made public appearance in town as well as elsewhere and has brought credit to all concerned.

The boys and girls in the grades continue to enjoy the new set of music books introduced in the schools last year.

Music in the grades is taught on a two-week schedule.

PENMANSHIP

(Report of Miss Katherine C. Fogarty, Supervisor of Penmanship)

We started our work in the Palmer Method of Business Writing a year ago by teaching correct posture, muscular relaxation, penholding, and easy movement exercises. This was followed by the application of muscular movement to all written work.

The Palmer Method System of writing was introduced in the Weymouth Schools some years ago by Mr. Pearson, because the instructions are based upon principles which produce legibility, rapidity, ease, and endurance. After a time supervision was dropped to be renewed a year ago.

Our aim has been to teach the pupils to write easily and well, and to establish habits of good penmanship. Since, first of all, writing should be legible, this means that the letters must have such form, uniformity of slant and spacing as will make them readable. In addition to this we have tried to obtain correct hygienic position. Progress sheets are kept by the teachers to test each child's improvement every month. Much practice was necessary, with the result that a decided improvement showed itself in the writing.

Beginning in February papers were sent to the A. N. Palmer Company for examination and judgment. Many buttons and pins were sent to the pupils meriting awards, and ninety-six diplomas were earned.

It is our ambition in the near future to have each pupil progress so far that he may receive a diploma previous to entering the High School. Present indications point to the realization of this hope.

SCHOOL GARDENS

(Report of Miss Sarah E. Brassill, Supervisor of School Gardens and Clubs)

A department that has been under one supervisor from the beginning is not likely to show radical changes in any one year. There will be, instead, a broadening and deepening of the work as that supervisor sees it.

Lessons in gardening given in the seventh and eighth grades are the starting point. This is required work. Having a home garden is optional. About one in five chooses to have one. There were one hundred eighty-seven gardens this year. Others elect some other form of self-expression,—food—handicraft—poultry—clothing—small fruits—canning—all of which have come to be included in the work of the department, and which, with the larger home gardens, constitute the Club Work. These clubs, with the amount of work involved, are made possible only through the willing assistance of teacher leaders and pupil leaders. Nine teachers and six pupils (three of these from the Agricultural Department of the High School) are giving their services. We are also helped, directly and indirectly, by the departments with which the club work correlates. We do not teach all of these subjects, but build on the teaching already given, and always the supervisor in charge is recognized as the final authority in method and technique.

During the year emphasis has been placed on the privileges and opportunities of country life. We have tried, through observation and literature, to find more in a garden than digging and planting and harvesting. There is evidence that we are having some success in this effort.

The outings taken through the year have been a help. In early spring, eighty-one pupils attended the Achievement Day exercises at the Norfolk County Agricultural School and took part in the program. That we took such an acceptable part in the club singing is due to the help of the supervisors and teachers who trained our chorus and our quartette. This is another instance of our indebtedness to other departments. Cooking, handicraft and sewing were shown at this time, as part of a county exhibit. At the annual meeting of the Norfolk County Economics Department, a little later, we shared in the clothing and in the poster exhibit. That our posters on health were prominently placed is due to our training in art. These exhibits give us an opportunity to measure ourselves and our work.

In July we were fortunate enough to be given a field day on home grounds with the help of the County Club Agent and an expert from the Massachusetts Agricultural Experiment Station. Plenty of valuable instruction interspersed with fun marked the day. Later, with the help of several parents, we were able to take a party of twenty pupils to the Experiment Station to attend the Market Gardener's Field Day. We spent one profitable day visiting the club gardens in a nearby town.

Such outings are valuable in that they show us what others are doing. Our young people see how the problems of farm life are being met. They see that digging and delving are not the whole story. There are openings for the most ambitious students if they fit themselves to take part in the progressive work that is being done. There is the problem of creating and selecting new varieties of plants; of adapting the variety of soil and climate; of control of insect and fungus pests; of farm machinery and engineering; of farm chemistry; of farm business in storing and

distribution; of farm education in supervisory and extension work; all calling for interesting workers with trained minds. Seeing these things develops that broad outlook which helps us to understand that the tiny garden plot is a starting place and foundation for an intelligent selection of a life work. In that the club work, and the duties and privileges connected with it, are optional, it is apt to call out the activities of those who are best able to profit by it. Members learn the lesson of cause and effect. No verbal excuse will cover a weedy garden or bridge the chasm between success and failure. No plausible plea will hide the lack of "a guiding thought and a skillful hand."

In September we held our first annual exhibit in cooperation with the Agricultural Department to which we have been indebted for many favors. Later, we organized, in cooperation with the department, a union of all High School clubs in whatever course the members may be majoring.

Throughout the year we have been at work on the grounds of the Pratt School. The work has been financed through the kindness of the trustee of the Pratt Fund. The idea is to develop the grounds as a natural wild flower reservation and, as far as may be, a bird sanctuary. Already we have forty three varieties of the rarer native shrubs and small plants. We have also three hundred bulbs in nine varieties, to welcome the spring, when the work will be continued. The conditions here are ideal and the grounds should become a center of beauty, suggestion, and inspiration.

On the whole, it has been an enjoyable year. Not every seventh grade pupil may be able to take in the trend and the scope of the work he is doing, but he may be directed toward a view of his position as a contributor and sharer in the life of his world.

SCHOOL NURSE

(Report of Miss Anna A. MacDavitt, R. N., School Nurse)

This report brings to a close one of the busiest and most interesting years in the history of school nursing in Weymouth.

In addition to the routine work, it has been necessary to investigate a number of needy cases, the majority of these being among new families.

Every year we are called upon to aid some of our children who are in need of clothes, food or medical attention. The school nurse is usually the one to investigate these cases and find someone to relieve the condition, in order that the children may return to school. This year more than twenty-five such cases have been cared for.

The opening of the Opportunity Class in May 1929 was the fulfillment of several years of preparation. One room in the Junior Annex was occupied for the remainder of the school year. Fourteen children, ages ranging from eight to fifteen years, made up the class, with one teacher in charge. Although only a few

weeks remained before the summer vacation, enough was accomplished to prove the value of such a class.

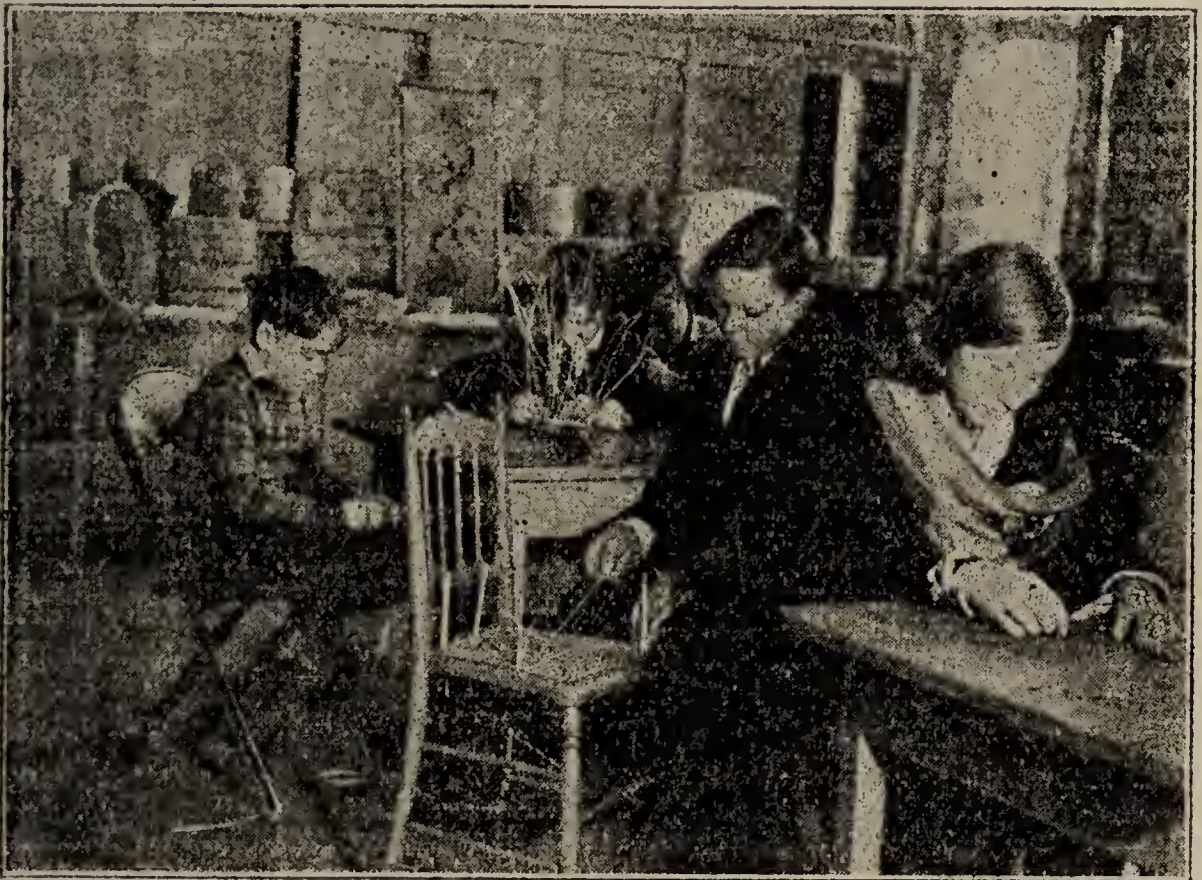

At the beginning of school, in September the class opened with twenty pupils and two teachers. Two pupils entered later, making a class of twenty-two. A second room was opened, Miss Miriam Stearns taking charge of the academic work and Miss Louise Barker of the vocational department. We are most fortunate in securing these experienced teachers who came so highly recommended.

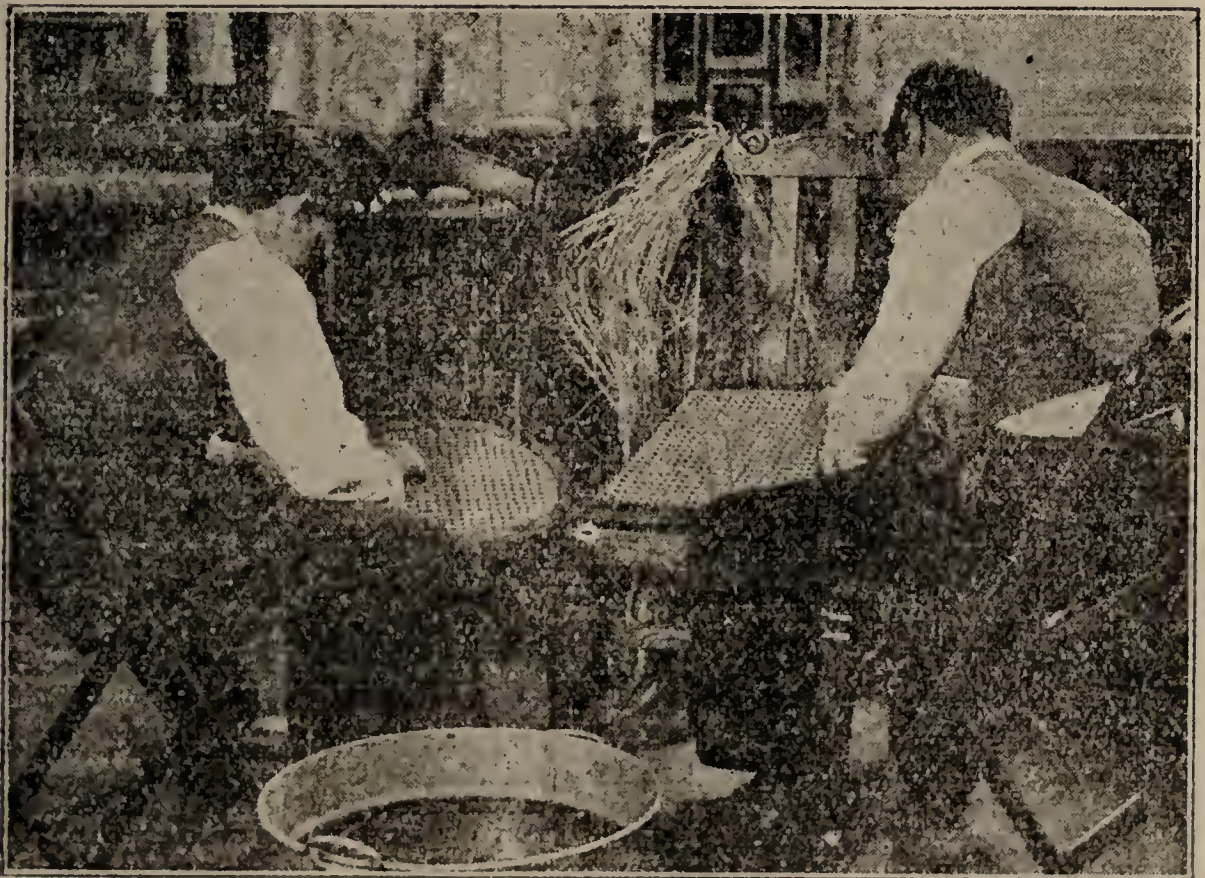

WEAVING IN THE "OPPORTUNITY" CLASS

In the academic room the pupils are taught individually and may progress according to their ability. The spirit of the class is excellent and the gain in scholarship noticeable. Only those who were fortunate enough to see the hand work exhibit at Clapp Memorial or in the class room can appreciate what has been accomplished along the vocational lines. Beautiful rugs and table runners have been woven and chairs re-caned by the older boys. Attractive bags, purses, mats and table runners have been made by the older girls, while the younger children have made puzzles and toys.

To Miss Evelyn Silvester, our Drawing Supervisor, we are indebted for the selection of our splendid equipment and artistic decorations. Miss Silvester has given freely of her time and knowledge to make this vocational class room a most pleasant and worthwhile work-room.

Each year finds added duties in this work, and without the splendid support of the entire school personnel, it would be impossible for one person to accomplish what has to be done.

SEWING

(Report of Miss Marjorie E. Skinner, Supervisor of Sewing)

The Sewing Course in the seventh and eighth grades during the past year has followed much the same general plan as was used during the preceding year.

To arouse interest in economic conditions and to teach thrift by mending and darning, since "A stitch in times saves nine", is the aim of this course.

The use and care of sewing equipment is first taught the seventh grade girls. The fundamental stitches are taught and are used in making the sewing bag. Each girl takes pride in decorating her bag with either a design or her monogram done

in cross-stitching. Skill is acquired in the use of the fundamental stitches. This is another aim of the course.

The making of useful Christmas gifts helps to encourage hand work and is enjoyed by the girls. Many girls have made stuffed animals for the smaller members of their families.

The girls are taught the use and care of the sewing machine. Skill in using the machine is acquired by most careful supervision.

The making of practical underwear furnishes an excellent opportunity for applying the straight stitching and teaches the use of the French seam.

The eighth grade girls are very enthusiastic in making their own dresses. They are instructed in the selection of suitable material for a practical dress and are taught how to apply a commercial pattern. This helps to stimulate thought and train in judgment and initiative.

The sleeveless dress or apron is the first problem for the eighth grade and is excellent since it brings in the review of the hand and machine sewing. This is followed by some underwear work either for themselves or other members of their families. The girls then make at least two dresses, one very simple with kimona sleeves, and the second more elaborate with set-in-sleeves.

The sewing course aims:—

1. To acquire skill in fundamental stitches.
2. To acquire skill in using sewing machine.
3. To use commercial patterns intelligently.
4. To acquire a knowledge of selection of material.
5. To arouse interest in economic conditions and thereby teach thrift.

HONOR LIST

Dorothea Elizabeth Abbott	Andrea Louise Belcher
Irene Nancy Adams	George Frank Emerson
Katherine Blackford Andrews	Barbara Lee Winchenbach
Eleanor Bates	

ODE TO THE CLASS OF 1929

Katherine B. Andrews

Look up and say, "Good morning, Life,"
Bring on your laughter, joy, and strife;

We'll dare to face them all.

A conquest waits beyond the gate

Flung open to the voice of fate,

And we must heed its call.

Ours is the making of our souls,

Ours are the shining, longed-for goals,

The vision of the years.

The challenge tests the strength of youth;

It calls for courage, honor, truth

To carry on through fears.

The greatest truth, the highest aim,

The lofty seat of deathless Fame,—

Ambitious hopes are rife.

Beware, ye foes, whate'er ye be;

We've said, "Good morning, Destiny,"

And now, "Good morning, Life."

NEW HUNT SCHOOL, WEYMOUTH

REPORT OF THE SCHOOL BUILDING COMMITTEES

High School—North Wing

To the Citizens of Weymouth:

A large part of the balance of the appropriation for the north wing of the High School, \$13,779.11, was needed to complete work on the grounds. The construction of the town hall and the erection of the memorials required that all the immediate surroundings should harmonize and be consistent therewith. We believe such result has been attained.

A summary of the year's expenditures is as follows:

CONSTRUCTION:

James Miles & Son Co., balance		\$1,185.92
--------------------------------	--	------------

ARCHITECT:

Howard B. S. Prescott, balance		500.00
--------------------------------	--	--------

ELECTRIC WIRING, FIXTURES, MATERIAL, etc.:

E. N. Fisher, material and labor	\$58.99	
Granite City Electric Supply, material and fixtures	158.06	
Weymouth Light & Power Co., lamps	36.00	253.05

FURNITURE & EQUIPMENT:

Edward E. Babb & Co., folding chairs	663.33	
Heywood-Wakefield Co., furniture	14.73	
Lyon Metal Products, Inc., lockers balance	162.80	840.86

SANITATION:

A. C. Trojano, septic tank balance		454.37
------------------------------------	--	--------

SURVEY & GRADING:

Lewis K. Colton, grading	10,074.11	
Robert Morton, labor	19.26	
Russell H. Whiting, survey	398.79	10,492.16

MISCELLANEOUS CONSTRUCTION EXPENSE:

Cavanaugh & Earley, Inc., roofing	51.94	
Rhines Lumber Co., material	.81	52.75

Total Expenditures		13,779.11
--------------------	--	-----------

Expenditures as noted in 1928 report		286,220.89
--------------------------------------	--	------------

APPROPRIATION FOR EXTENSION TO
HIGH SCHOOL

\$300,000.00

Respectfully submitted,
PRINCE H. TIRRELL, Chairman
PARKER T. PEARSON, Secretary
LOUISE R. CRAWFORD
WILLIAM J. FITZSIMMONS
THERON L. TIRRELL
JOHN H. TOWER

HUNT SCHOOL

The Committee appointed at the last annual town meeting for the erection of an addition to the Hunt School organized on March 13, 1929, with John P. Hunt as Chairman and Prince H. Tirrell as Secretary.

Mr. Howard B. S. Prescott was engaged to prepare plans for the construction, and Mr. Leslie Clough to prepare plans for heating and ventilating. Bids were opened on May 9, and on May 16, the general contract was awarded to Clark & Smith, Inc., the lowest bidder, at the basic price of \$134,298.00 The heating contract was awarded to Stubbs Brothers, the lowest bidder, at the basic price of \$28,194.00.

Work on the general contract was promptly started, and the wing containing twelve new school rooms was ready for occupancy and was occupied during December.

By the end of the year the work on the gymnasium was substantially finished. A formal acceptance and opening of the new wing may be expected in January. All work contemplated will be completed within the estimated figures.

The Committee expects to present to the next annual town meeting plans and accepted bids thereon for the proposed addition to the Bicknell School, according to the vote at the last annual town meeting. Such plans are now in preparation and include eight new class rooms and a gymnasium auditorium similar to the one at the Hunt School.

WILLIAM L. FOSTER, Treasurer.

Trustees of Weymouth Fore River Bridge,
Gentlemen:

I have examined the accounts of William L. Foster, Treasurer of the Trustees of Weymouth Fore River Bridge, for the year 1929, reconciled the bank account, and I hereby certify that the same are correct with proper vouchers.

(Signed) J. IRVING BOTTING,

Hingham, January 7, 1930

Town Accountant.

Annual Report
OF THE
Water Department

WEYMOUTH, MASS.

1929

REPORT OF WATER COMMISSIONERS

East Weymouth, Mass., Jan. 2, 1930.

Board of Water Commissioners organized with election of Frank H. Torrey, chairman; George E. Bicknell, clerk and John H. Stetson, treasurer.

The appointments for the year were as follows: Superintendent, Fred O. Stevens; Registrar and Collector, Marshall T. Tirrell; Town Accountant, Emerson R. Dizer.

Reports of Superintendent and Registrar & Collector are appended.

We request the following appropriations from our income of the coming year:

Maintenance and Operation	\$29,000.00
Minor Construction	17,000.00
Replacements	5,000.00
Equipment	6,000.00
Commercial Expense	7,500.00
General Salaries	2,075.00
Interest	5,636.25
Bond Retirement	15,637.50

\$87,848.75

We have continued during the past year, the acquiring of land on the watershed of Great Pond, and have acquired up to Dec. 31, 1929, about 140 acres.

REPORT OF SUPERINTENDENT

To the Board of Water Commissioners:

The following tables and summaries, covering in detail the work of the department for the year ending December 31, 1929, are respectfully submitted:

FRED O. STEVENS,
Superintendent.

SUMMARY OF STATISTICS

Year Ending December 31, 1929

In form recommended by New England Waterworks Association.

Weymouth Waterworks, Weymouth, Mass.

Population, 1925: Winter, 17,200; Summer, 20,800*

Date of construction: 1885.

By whom owned: Town of Weymouth.

Source of Supply: Weymouth Great Pond.

Mode of Supply: Pumping to reservoir and gravity.

Capacity of reservoir: 700,000 gallons.

PUMPING STATISTICS

1. Pumping Machinery:

No. 1. Allis-Chalmers Single Stage Centrifugal Pump, driven by 70 H. P. G. E. Motor.

No. 2. Worthington 2 Stage Centrifugal Pump, driven by 70 H. P. G. E. Motor.

No. 3. DeLaval Single Stage Centrifugal Pump driven by 150 H. P. Sterling Gasoline Engine.

Capacity of Pumps:

No. 1. 1,700,000 gallons per 24 hours.

No. 2. 1,400,000 gallons per 24 hours.

No. 3. 2,600,000 gallons per 24 hours.

2. Total pumpage per years with Gasoline Pump, 120,000 gallons.

3. Electric current used, K. W. H. 145,703.

4. Total pumpage for year with electric pumps 278,222,718 gallons.

5. Average static lift of pumps, 108 feet.

6. Average total lift of pumps, 156 feet.
7. Cost of current per million gallons, \$21.01.
8. Cost per million gallons raised one foot, \$0.135.
9. Cost of pumping per million gallons based on total expense, \$31.03.

STATISTICS RELATING TO DISTRIBUTION

Mains

1. Kind of Pipe: Cast iron, wrought iron, lead and lead lined.
2. Sizes: From one inch to fourteen inches.
3. Extended: 12,698 feet.
4. Replaced small wrought iron with cast iron, 738.0 feet.
5. Total now in use, 101.9 miles.
6. Length of pipes less than 4 inches in diameter, 22.1 miles (Mostly summer lines.)
7. Number of hydrants added during year, 5.
8. Number of hydrants now in use, 515.
9. Number of stop-gates added during year, 23.
10. Number of stop-gates now in use 831.
11. Number of stop-gates smaller than 4 inches, 154.
12. Number of blowoffs, 19.
13. Range of static pressure on mains, 18 to 105 pounds.

Services

14. Kind of pipe: Cast iron, cement lined, wrought iron, lead and lead lined.
15. Sizes, $\frac{3}{4}$ inch to 8 inches.
16. Extended, 4,683 feet.
17. Discontinued, none.
18. Total in use, 25.87 miles.
19. Number of services added, 252.
20. Total services Dec. 31, 1929, 6,648.
21. Average length of services added during year, 18.6 feet.
22. Number of meters added, 271; discontinued, none.
23. Number of meters now in use, 4,298.
42. Percentage of service metered, 64.7.

STATISTICS OF CONSUMPTION

1. Population: Winter, 20,000; Summer, 23,000; Average, 21,000.
2. Total consumption for 1929, 526,522,018 gallons.
3. Average daily consumption: 1,442,526 gallons.
4. Gallons per day per capita: 68.7.
5. Total through commercial meters, 86,028,082 gallons.
6. Domestic consumption, (2)-(5): 440,493,836.
7. Gallons per day per capita, based on (6): 57.5.
8. Total through meters: 227,816,410 gallons.
9. Per cent. accounted for by meters: 43.3.

REPORT OF THE ACCOUNTANT

East Weymouth, Mass., Jan. 27, 1930.

To the Board of Water Commissioners:

Gentlemen:

Herewith is submitted the twenty-eighth annual report of the Accounting Department showing the receipts and expenditures on account of the Water Department for the year ending December 31, 1929.

The several ledger accounts of the department were examined as of Dec. 31, 1929 and found to agree with the records of the Collector. Notices were mailed to many of those who appeared on the books as indebted to the Water Department, and as none have denied these obligations I am satisfied that the records are correct.

A proposed improvement in the method of handling the billing in the department should be carried out as soon as possible. It is essential that the system include a more definite form of commitment to the Collector.

The cash of the department was verified at least once a month and always found correct.

Several small outstanding accounts three or more years old should be taken care of at once. Most of these accounts have been handed down from previous collectors. It is doubtful if they can be collected; if not, they should be charged off the book by order of the Commissioners.

Respectfully,

EMERSON R. DIZER
Town Accountant

Respectfully submitted,

January 20, 1930

JOHN H. STETSON, Treasurer.

Weymouth, January 27, 1930.

I have examined the accounts of John H. Stetson, Treasurer of the Weymouth Water Department and find them correct. The records of the Collector's Department have been checked with the Treasurer at least once a month during the year and I am satisfied that the report of the Collector is correct.

EMERSON R. DIZER,
Town Accountant

REPORT OF THE TOWN ACCOUNTANT

East Weymouth, Mass., Jan. 27, 1930.

To the Board of Selectmen and Board of Public Welfare:
Gentlemen:

I submit herewith the 28th annual report of the accounting department showing the financial transactions of the several branches of town activities.

The accounts of the several town officials have been examined periodically and found correct. Cash balances have been verified at least once a month as required by law.

The accounts of the Tax Collectors have been thoroughly audited as of Dec. 31, 1929 and notices forwarded to those appearing as indebted to the town. I am satisfied that the books are correct as no question has been raised as to the validity of any statement.

The several Trust accounts in possession of the Treasurer were examined and found as stated in his report. The Sealer of Weights and Measures collected during the year the sum of \$364.86 but \$201.24 of this amount was not paid over to the Treasurer until January 1930; it will appear, therefore, in the receipts of 1930.

The final payment was made in 1929 on the loan floated for the town's proportionate part of the cost of construction of the Norfolk County T. B. Hospital, while in 1930 the final payment will be made for the construction of the Monatiquot River Bridge.

The several statements appended to this report summarize the financial condition of the town. Detailed information relative to the several statements contained in this report are on file in my office and are available for anyone desiring to inspect them.

The recent publicity given to the methods employed in certain municipalities leads me to add that the various boards and departments of our local government are complying with the statutes in practically all instances mentioned in the public press.

The department appreciates the co-operative spirit shown by the board and department heads and is willing at all times to render assistance on matters of municipal finance.

Respectfully,

EMERSON R. DIZER,

Town Accountant

Jan. 20, 1930

Respectfully submitted,
JOHN H. STETSON, Treasurer.

Weymouth, January 27, 1930

I have examined the accounts of the Town Treasurer and find them correct. The securities of the Town were examined and found to be as stated in the report of the Town Treasurer.

EMERSON R. DIZER, Town Accountant.

REPORT OF MILK INSPECTOR

South Weymouth, Mass.

January 1, 1930

To the Honorable Board of Health of the Town of Weymouth:

I herewith submit the following report as Milk and Dairy Inspector, also for the issuing of permits for the sale of Oleomargarine for the year ending Dec. 31, 1929.

Total Number Permits Issued	209
Milk Licenses	182
Oleomargarine Registrations	27

Two dealers have applied for license to pasteurize during the past year.

Respectfully submitted,

MERTON L. LOUD,
Inspector.

REPORT OF INSPECTORS OF PLUMBING

East Weymouth, Mass, December 31, 1929

To the Honorable Board of Health of the Town of Weymouth,
Gentlemen:

We herewith submit our report for year ending December 31, 1929.

There has been issued from this office 348 permits for installing plumbing together with 2 left over from 1928, of this number 348 have passed inspection and 2 remain left over for 1930.

There has been installed in old and new buildings the following fixtures: 287 sinks, 223 trays, 295 bathtubs, 364 lavatories, 435 closets, 31 urinals, 5 drinking fountains, 1 slop sink, 1 shower, 1 floor drain, 2 soda fountains, 2 ice chest wastes, 1 dish washing machine, making a total of 1648 fixtures the value of which was \$123,000.00.

The number of old and new buildings in which plumbing was installed are as follows: 194 new one family houses, 83 old one family, 270 old two family houses, 6 new two family houses, 1 old three family house, 2 old four family houses, 1 old beauty parlor, 1 club house, 1 new bath house, 1 old garage, 2 old restaurants, 1 new restaurant, 1 new garage, 1 new radio control station, 7 new stores, 12 old stores, 1 new barber shop, 1 dance hall, 1 pumping station, 1 old fire station, 1 new fire station, 1 old comfort station, 1 old battery station, 1 new gas station, 1 new addition to school, 3 old schools.

Respectfully submitted,

J. E. LUDDEN,

Inspector of Plumbing

GEORGE MARSHALL,

Deputy Inspector.

ANNUAL REPORT OF BOARD OF HEALTH

To the Citizens of the Town of Weymouth,

Gentlemen:

The Board of Health submit the following report:

The Board met March 11, 1929 the same members having been elected, the organization remained the same.

J. E. Ludden was appointed inspector of plumbing and George Marshall, deputy inspector.

M. L. Loud was appointed inspector of Milk and Dairies.

Katherine Pratt was appointed public health nurse and Jeremiah Donovan, care of public dumps.

The collection of garbage has relieved practically all the wayside dumping but we still have the unsightly dumping of tin cans, old mattresses, empty cartons, etc., along the roadside. This past year, over one hundred such complaints have been investigated and fifty small and large dumps posted.

There were one hundred and forty-three complaints of sewerage flowing over the ground. Most of these complaints were in March, April and May, when the frost is coming out of the ground, and what appears to be sewerage is mostly surface water mixed with a small amount of sewerage.

In the more thickly settled parts of the town it is impossible to take care of the sewerage by the old fashion cesspool. The town is growing so rapidly that some system of sewerage disposal must be installed within the next few years.

The health of the community for the past year has been very good, only 241 cases of reportable diseases having been reported as against 337 in 1928.

The diseases reported are as follows:

Chicken pox	13
Diphtheria	24
Dog bite	9
Ophthalmia	1
Influenza	51
Pneumonia (lobar)	6
Measles	12
Mumps	14
Scarlet fever	79
Tuberculosis	21
Typhoid fever	1
Whooping cough	10

Respectfully submitted,

GEORGE E. EMERSON

JOSEPH CREHAN

F. L. DOUCETT

Board of Health.
